The Authority contracted with two licensed appraisal firms which provided independent updated appraisals of \$530,000 and \$620,000. Consistent with FAA guidelines, those appraisals were submitted for review and determination of value by the NYS Department of Transportation; that review resulted in a certified fair market value of \$530,000.

### PROJECT STATUS REPORT

**December 5, 2022** 

### I. <u>AIRSIDE IMPROVEMENTS</u>

### A) Rehabilitation of Concourse A (Contract S-22-1127)

An RFQ was advertised in August and out of the five submittals, Fennick McCredie Architecture was selected. FM submitted a scope and fee which was reviewed and negotiated to be presented for the Board's approval. The Contract is an action item on today's Board agenda.

### B) Air Cargo Pavement Rehabilitation (Contract S-22-1114)

Passero Associates were approved by the Board in May 2022. Passero is in the process of investigating the concrete pavement failure on the south end of the Air Cargo apron (leased by UPS) and then they will supply a design for the repair and replacement of the pavement. Passero has been working with ACAA to determine the extent of the investigation and compile a proposal to complete the work. Passero is analyzing lab results from the samples of concrete and the subsurface soils.

### C) Runway 10-28 Rehabilitation (Contract #21-1100-GC)

Callanan Industries was the low bidder and their contract was approved at the May Board meeting. Collier Engineering is the inspection firm. Callanan Ind. mobilized in early August to get the existing centerline lights removed. Runway 10-28 was shutdown for 7 days in September that Callanan used to mill, pave and stripe the Runway. The runway grooving was completed and Callanan has shutdown for the Winter and return in the Spring of 2023 to complete the Taxiway work in accordance with the FAA funding.

### II. <u>LANDSIDE IMPROVEMENTS</u>

### A) Air Traffic Control Tower (Contract 1013-R & M)

The FAA as part of the lease renewal, requested some upgrades to their facility. The roof replacement project (1013-R) the roof project will be bid in 2023 when materials are more readily available. The elevator replacement project (1013-EV) was awarded to KONE under NYS Contract pricing. Sage Engineering is in the process of completing the design for the HVAC system upgrade, which will be let as a project next year.

### B) Main Terminal Fire Alarm Replacement (Contract 20-1075-FP)

Hewitt & Young Electric was awarded the contract and is continuing the installation of the new Terminal Fire alarm system. The contractor is currently installing sensors and panels throughout the Terminal. Installation of the alarm system continues with the contractor working two shifts. All installation work and testing of the new system continues as the contractor works to tie in existing Terminal systems as required by NYS Code. Work is currently scheduled to be completed by January 9, 2023.

### C) Terminal Pre-TSA Expansion (Contract S-21-1082)

The Board approved negotiations with CHA Companies last fall pending the receipt of Grant funding for the Project. ACAA received grant funding from New York State and the FAA to advance this project. ACAA has been coordinating with CHA's design team to advance the design of the project to meet the time constraints of the NYS Grant.

### D) Main Terminal Elevator #8 Replacement

Elevator #8 in the Terminal, which is the backup elevator for the Main Terminal elevator #6 will be converted to an MRL system. KONE has provided the Airport a proposal to eliminate the piston system and convert the elevator to an MRL cable system under State Contract pricing. The equipment was delivered on November 1, 2022. Work will begin after January 1, 2023 to maintain two working elevators for the holidays.

### E) HVCC Aircraft Technician School Sprinkler System (Contract#S-22-1109FP)

HVCC and ACAA are working together to get the Aircraft Mechanic classrooms and lab set up in 6 Jetway Drive and Hangar #1. HVCC has begun classroom instruction and is currently getting the mechanics lab area ready. The HVCC sprinkler system has been connected to the lab and the hangar. Absolute Fire Protection completed installing the dry sprinkler system in the hangar and the alarm system in the 6 Jetway Drive

classrooms. The system has been tested for code compliance, but there is one long lead item that needs to be installed before activating the system.

### F) Runway 10-28 Obstruction Tree Removal (22-1131-GC)

As part of the Airport's efforts to maintain FAA mandated minimum approaches to the runways, there are a number of trees that have been determined to be obstructions to the Runway 28 approach. The ACAA has put together a bid package to have the trees removed. Bids for this project were received and A & J Lawncare was the low bidder. The contractor started work on Tuesday 11-29-22 and plans to have the work completed by 12-09-22. Once the work is completed, verification will be sent to the FAA.

Recommendation of Award for Contract #22-1136

Waste Management Services

On November 1, 2022, three bids were received for Waste Management Services at Albany International Airport; Waste Management of NY LLC, County Waste and Recycling Service, Inc. and Twin Bridges Waste and Recycling.

Attached is a spreadsheet showing each companies bid price for monthly container rental, haul rate and disposal rate for five locations throughout the Airport. After estimating the cost for a five year period for each vendor, it was broken down to an average yearly cost for each. County Waste and Recycling is the lowest overall bidder. This is a one year contract which the Authority reserves the right to extend for four additional one year periods as is deemed to be in the best interest of the Airport. This contract will begin on January 1, 2023.

Upon approval, an award letter and a twelve month purchase order will be sent to County Waste and Recycling.

#### **JUSTIFICATION:**

Authorization is requested to purchase a 3.1 +/- acre parcel of land from the Estate of James Little for a NYS DOT certified price of \$530,000. For over twenty years, the ACAA has pursued acquisition of this parcel due to its location immediately adjacent to the East-West Runway 10-28 and to our T-Hangar area. Over the years, Mr. Little had declined to sell the property but in 2021, after his deteriorating health and subsequent placement in a nursing home, his family contacted the Authority offering the property for sale. (Note that Mr. Little passed away in September of this year and his estate has continued to support the sale to the Authority.)

The Authority contracted with two licensed appraisal firms which provided independent updated appraisals of \$530,000 and \$620,000. Consistent with FAA guidelines, those appraisals were submitted for review and determination of value by the NYS Department of Transportation; that review resulted in a certified fair market value of \$530,000.

RE: Appraisal Report

362 Old Niskayuna Road Town of Colonie, Albany County, New York Purchase Order #148167

Dear Mr. Iachetta,

In accordance with your request, I have prepared the attached appraisal report of the above referenced property for the purpose of providing an opinion of market value for a possible purchase.

The subject is  $\pm 3.10$  acre site improved with a single family residence and outbuildings, considered an underutilization of the site and an interim use for future industrial development consistent with the highest and best use of the property. As such, the subject is analyzed as a 3.10 acre effectively vacant site with any contributory value of the improvements considered offset by the cost of demolition.

Based on the analysis contained in the following report, my opinion of market value of the subject property was as follows:

| OPINION OF MARKET VALUE                                       |                   |                 |           |

**Extraordinary Assumption:** While the environmental assessment is pending, this appraisal report assumes that no environmental remediation is needed. *This assumption is directly related to this specific assignment, as of the effective date of the assignment results which, if found to be false, could alter the appraiser's opinions or conclusions.* 

<u>Hypothetical Condition:</u> The site is clear of any items of personal property, including vehicles and or scrap metal, etc. *This condition is directly related to this specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but are used for the purpose of analysis and may have affected the assignment results.* 

#### **COVID-19 MARKET CONDITIONS**

On March 11, 2020, the World Health Organization declared the outbreak of the Novel Coronavirus ("COVID-19") a "Global Pandemic." The potential economic impacts may materially impact commercial real estate markets across all sectors. We will continue to analyze alternative sources of information and the most recent market evidence to spot changing market conditions. The current and expected economic impacts of COVID-19 are unprecedented and will require constant contact with reliable data sources including market participants, brokers, property managers, developers and investment underwriters to support credible valuations.

Our valuations are supported by the best information available as of the effective date of value. However, given the high level of uncertainty regarding future returns and investment performance across real estate markets, we recommend that the client constantly review valuation assumptions and monitor the valuation of each asset appraised. We reserve the right to revise and update our opinions of value as more market evidence becomes available.

The analyses, opinions, and conclusions were developed in conformance with our interpretation of the guidelines and recommendations set forth in the 2020-2021 Uniform Standards of Professional Appraisal Practice (USPAP) effective January 1, 2020 extended through December 31, 2022. The report has been prepared in accordance with the standards and reporting requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute, the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) and Title XI Regulations. Supporting documentation concerning the data, reasoning, and analyses is retained in the appraisal file.

The following appraisal report in part, forms the basis of our opinion and is subject to the Assumptions and Limiting Conditions which are an integral part of the stated value.

I appreciate this opportunity to be of service to you in the preparation of the following report.

RE:

Approval of Insurance Premiums for the Year 2023

To safeguard and protect the assets of the Albany International Airport, the risk management program transfers the probability of financial loss due to an unfortunate event(s) to a third party via the procurement of the insurance policies provided in Exhibit A. This year the ACAA insurance broker, Alliant, shopped underwriters for all insurance lines (with an expiry of December 31, 2021) as shown on Exhibit B, with their respective premiums.

Staff has reviewed the options and recommends approval of the insurance package in the amount of \$1,056,788. This package has no notable differences from the insurance package currently in place.

Further, this insurance package \$1,056,788) includes \$60,000 for the cost of insurance brokerage services by Alliant. In 2022 Alliant was requested to quote brokerage services based on a fixed cost fee and not a commission basis (percentage of premium) as done previously by a different broker. Previous years cost for insurance brokerage services are as follows:

| Year | Commission     | Fixed Fee   | Total        |
|------|----------------|-------------|--------------|
|      | (% of premium) |             |              |
| 2017 | \$51,070.49    | \$30,000.00 | \$ 81,070.49 |
| 2018 | 70,056.54      | 30,000.00   | 100,056.54   |
| 2019 | 56,724.54      | 30,000.00   | 86,724.54    |
| 2020 | 73,761.19      | 30,000.00   | 103,761.19   |
| 2021 | 1,615.95       | 65,000.00   | 66,615.95    |
| 2022 | 0.00           | 45,000.00   | 45,000.00    |
| 2023 | 0.00           | 60,000.00   | 60,000.00    |
|      |                |             |              |

Without qualification, Staff recommends approval of the \$1,056,788 insurance package.

This is a contingent approval not to exceed \$1,056,788 as Staff is awaiting the receipt of a second premium quote for aviation liability insurance from AvPorts LLC which is expected no later than Friday, December  $9^{th}$ .

- (b) the amount so stated in Schedule A-1 as it is made available pursuant to certificate of the Division of the Budget; and

All costs submitted by Sponsor shall be in conformity with accounting procedures acceptable to NYSDOT and shall be subject to approval by NYSDOT Commissioner, and to audit by the NYSDOT Commissioner and the State Comptroller. All requests for reimbursement shall be accompanied by appropriate supporting documentation including, but not limited, to the following: Inspector's Reports with associated invoices and receipts, Engineer's Diary, and the Engineer's recommendation(s) for payment to the Contractor.

#### ALBANY COUNTY AIRPORT AUTHORITY

## PROCUREMENT CONTRACT GUIDELINES, OPERATIVE POLICY, PETTY CASH ACCOUNTS AND INSTRUCTIONS

#### **December 14, 2015**

#### **Article I. Purpose and Applicability**

- 1.0 These Procurement Contract Guidelines ("Guidelines"), adopted pursuant to Public Authorities Law Sections 2824 and 2872, set forth the operative policies of the Authority and instructions to its officers and employees regarding the use, awarding, monitoring, and reporting of Procurement Contracts.
- 1.1 These Guidelines apply to any Procurement Contract entered into after they become effective pursuant to the provisions of Section 2824 of the Public Authorities Law.
- 1.2 The ACAA reserves the right to contract with other public corporations, state agencies, and the federal government without being bound to these procurement guidelines.

#### **Article II. Definitions**

- As used in these Guidelines, "Purchase Order" or "Purchase Contract" means a written order or contract for the acquisition of goods or services of any kind, in actual or estimated amount without limit. Purchase orders may be authorized by receiving telephone or written quotations and shall include the procurement of memberships, incidental equipment and repairs, travel and tuition reimbursement, direct purchases of emergency services, equipment or supplies. A wide variety of goods and services may be acquired using purchase orders.
- 2.2 As used in these Guidelines, "Procurement Contract" means a Purchase Order or Purchase Contract for the acquisition of goods or services of any kind, in the actual or estimated amount of \$12,500 or more. A Procurement Contract shall not include: an agreement for the purchase of the Authority bonds, purchase of investments, a derivative contract, insurance or indemnification contract, memberships in various industry groups, professional societies, and similar cooperative associations, nor any cooperative projects and procurement activities, conducted or sponsored by such organizations, in which the Authority participates; direct purchase advertising with radio, television or print media; tuition, conferences, seminars and other comparable activities; or transportation or other travel-related expenses.

Such personal service shall be in relation to the Authority's operation, management, and administration of its offices or personnel; acquisition, construction, management, operation, maintenance, or disposition of facilities under its ownership or control; or dissemination of publications or other information. - 2.12 As used in these guidelines, "Authority" means the Albany County Airport Authority.

## Article III. Use of Professional Services Contracts, Other Administrative Services Contracts and Emergencies (Refer to Appendix 'A')

- 3.0 It is the general policy of the Authority to use its own officers, employees and Airport management contractors, in the performance of required professional services and other services insofar as practical. At the same time, the Authority recognizes that it can be preferable to contract for certain personal services for a number of good reasons. In addition, the Authority's development programs usually depend on performance of the work by outside Contractors, and economic development programs may sometimes do so, requiring the use of Contracts.
- 3.1 Professional Services Contracts or other Administrative Contracts may be entered into for one or more of the following reasons: special expertise or unusual qualifications not available within the Authority; nature, magnitude, or complexity of services provided; lack of resources, support staff, or specialized facilities or equipment within the Authority within the time period during which the services are required; lower cost; short term or infrequent need for the services, insufficient to warrant permanent Authority staffing; performance of a function requiring independence from Authority management (e.g., independent auditors); or distance of the location or locations where the services must be performed from Authority offices or facilities.

- 3.2 Before entering into a Professional Services Contract or other Administrative Contracts, the Authority should consider whether the contemplated services can be performed adequately, cost-effectively, and on a timely basis by staff within the Authority.
- 3.3 The role of an airport dictates that the operation be maintained on a continuous basis without interruption. From time to time, the Chief Executive Officer may determine that Emergency Purchases or contracts be issued to keep the Airport safe, secure and when it is in the best interest to preserve order or public health and Airport facilities. Also, when the immediate restoration of a condition of usefulness of a building, equipment or roadway or utilities is necessary. Such emergency services exceeding \$50,000 shall be presented to the Authority Board at its next regularly scheduled meeting. Emergency Purchases are a category of "Sole Source".
- 3.4 From time to time the Airport Chief Executive Officer may determine that Exigent Circumstance have made the acquisition of particular Products, Goods and or Services urgent to ensure the continued efficient operation of the Airport. Prospect of interruption to or obstruction of the Airport Authority's efficient operation or adequate provision of service, arising from an unforeseen circumstance are examples of Exigent Circumstances. Exigency is a subcategory of "Sole Source" and the Chief Executive Officer may authorize purchases up to \$50,000 in order to relieve Exigent Circumstances.
- 3.5 The <u>Maximum</u> Hourly Contractor Rate for Professional Services will be equivalent to four times the highest paid ACAA employee rate. This article may be waived at the discretion of the CEO.

#### Article IV. Requirements Regarding Selection of Contractors

- 4.0 The Authority shall use its best efforts to secure offers from Contractors by using a <u>Competitive Procurement Method</u> and to select from such offerers the Contractor offering the most favorable terms, weighing expected ability to perform against projected costs. To this end, the Authority shall:
  - (a) solicit offers in writing from several persons or organizations known, believed, or reputed to be qualified in the area of supplying the goods, personal services, or other administrative services to be provided or performed, except that for administrative purchases authorized by Section 4.2, such quotations may be secured by telephone solicitations where time constraints do not permit securing a written bid and for procurement of catalog and other items generally purchased in the ordinary course of business or which do not require a detailed bid or description of materials or specifications.
  - (b) evaluate those offers received on the basis of such information as the Authority has received on, as may be relevant, each offerer's technical or professional qualifications, financial stability, past performance for the Authority, staff, equipment, and facilities availability, experience, reputation, and other factors bearing on expected capability and quality of performance, possible conflicts of interest, and contract price or fee structure; and
  - (c) document the processes by which a Contractor is selected, by making a record summarizing the nature and scope of the goods, personal services, or other administrative services sought, the name of each person or organization submitting, or requested to submit, a bid or proposal, the price or fee bid, and the basis for selection of the Contractor.

- 4.1 In any instance, the members of the Authority Board may, by Resolution, waive the use of the procedure for selecting Contractors outlined in Section 4.0 if they determine such waiver to be in the best interest of the Authority.
- 4.2 The Authority, upon adoption of these Guidelines, hereby waives use of the procedures for selecting Contractors outlined in section 4.0 in those instances when:
  - (a) the goods, personal services, Authority program work, or other administrative services involved are expected to cost \$5,000 or less;
  - (b) for any Authority work, the contract is based upon an unsolicited proposal, submitted at the sole initiative of the offerer, not duplicating work then being performed and involving unique, innovative, or unusual meritorious methods or ideas. Proposals in this category exceeding \$50,000 shall require approval of the Authority Board;
  - (c) the Chief Executive Officer determines that:
    - (i) the interest of the Authority for timely procurement of the goods, personal services, Authority work, or other vendor involved requires the selection of a Contractor pursuant to emergency procedures, as defined in Article 3.3;
    - (ii) even though two or more Contractors could supply the required goods, personal services, Authority work, or other administrative service, one particular Contractor has unique or exceptionally scarce qualifications or experience, specialized equipment, or facilities not readily available from other sources, or patents, copyrights, or proprietary data; or
    - (iii) there is only one source for a required good, personal service, Authority work, or other administrative service;

<u>provided</u>, that in those instances the Authority shall nonetheless make a record summarizing the nature and scope of the goods, personal services, Authority program work, or other administrative service involved, the name of the Contractor, the contract price or fee, and the basis for waiver and selection of the Contractor.

- 4.3 A contract may be extended with the same terms and conditions contained in the original contract approved and awarded by the Airport Authority. An extension clause must be part of the original contract with the awarded vendor. The Authority, upon adoption of these Guidelines, hereby authorizes the Chief Executive Officer authority to approve contract extensions.
- 4.4 The Chief Executive Officer may approve an amendment to a contract where the amount of the proposed amendment(s) are within the limits established in Appendix 'B'.
- 4.5 Independent auditors for the Authority shall be retained only with the prior approval of the members of the Authority.

4.6 The Authority may use its Competitive Procurement Methods to select multiple Contractors to provide goods, personal services, Authority work, and other administrative services. Individual task work orders may be awarded to these Contractors on an as-needed basis.

## Article V. Compliance with State Finance Law Sections 139-i and 139-k in the Selection of Contractors: Contractor Responsibilities and Types of Contract Provisions

5.0 The Authority shall comply with the requirements of State Finance Law Sections 139-j and 139-k in its selection of Contractors. Solicitations shall identify Authority Contacts, require bidders to disclose any prior determination of non-responsibility, and to provide the other information required by State Finance Law Sections 139-j and 139-k.

The responsibilities of a Contractor, including continuing responsibilities under State Finance Law Sections 139-j and 139-k, shall be detailed in the contract. Contract provisions shall address the nature and scope of the goods, personal services; the standard for performance, if practical; the duration of the work; any relevant time requirements or deadlines; and the amount of compensation to be paid or the price, rates, or fees which will be used to determine such compensation. Personal Services Contracts and other Contracts shall also include provisions on monitoring of the work to be performed; provisions governing the Contractor's use of Authority supplies, facilities, or personnel, if permitted; any provisions required by applicable law; and any other provisions the Authority deems necessary or desirable.

#### Article VI. Minority and Women-Owned Business Enterprises

- It is the policy of the Authority to foster and promote participation of Minority Business Enterprises and Women-Owned Business Enterprises in its procurements and the development of such enterprises and to facilitate a fair share of the awarding of Procurement Contracts to such enterprises. In contracting, the Authority shall use its best efforts to give Minority Business Enterprises and Women-Owned Business Enterprises an opportunity to compete for Authority business, by soliciting or requesting offers from minority and women-owned businesses known to have experience in the type of goods, personal services and other administrative services involved. Written solicitations or requests for bids or proposals for Procurement Contracts should include a statement of the Authority's affirmative action policy. The Authority will consult with the Division of Minority and Women's Business Development and the Authority's DBE Liaison for assistance in identifying such enterprises, and refer to any known list maintained by any other State department or agency that identifies Minority Business Enterprises or Women-Owned Business Enterprises by area of expertise.
- 6.1 In the case of federally funded projects, the Authority shall comply with its Disadvantaged Business Enterprise Program, or any successor program, which may be required as a condition of such federal funding.

#### Article VII. Discretionary Spending

- 7.0 All discretionary spending must comply with Federal rules and guidance on permitted and prohibited use of airport revenue. The U.S. Congress has established the general requirements for the use of airport revenue and has identified the permitted and prohibited uses of airport revenues. These statutory requirements are incorporated in the standard grant assurances and have been interpreted by the FAA including the FAA's General Counsel's Office, and the FAA's Office of the Secretary, in policy statements and compliance decisions. It is the responsibility of the Albany County Airport Authority to ensure all purchases comply with the FAA rules and guidance established for use of Airport Revenue. Specific guidance from the FAA on the statutes, grant assurances, and policies that outline the permitted and prohibited uses of airport revenue to ensure that sponsors are not in violation of their federal obligations in the use of their airport revenue are found in FAA Airport Compliance Manual Order 5190.6B, as may be amended from time to time.
- 7.1 Purchases of goods and services below \$50,000 that are not deemed an emergency or an exigency shall be made in accordance with the chart shown in APPENDIX A, unless an award is made to a firm that is a currently Certified Minority or Woman owned Business Enterprise (MWBE) and which in the judgment of the CEO will be providing goods and services at a fair market value to the Authority and such purchase will assist the Authority in meeting its annual MWBE purchase goal adopted pursuant to Article 15A of the Executive Law.

#### **Article IX. Procurement Cards**

- 8.0 The Authority makes limited use of Procurement Cards to situations where it is most practical to make a purchase using a procurement card. Examples of such situations include but are not limited to purchase of travel, lodging, meals and small purchases from vendors where it is not efficient to establish customer credit with the vendor.
- 8.1 Issuance of Procurement Cards will be authorized by the Chief Financial Officer. Procurement Cards may not be used for personal expenses.
- 8.2 The Chief Financial Officer will distribute a monthly report of purchases made by each procurement card holder who must complete and return a completed Credit Card Purchase Report with all receipts attached and a signed affirmation that all charges incurred on the Airport Authority Credit Card assigned to the user as itemized therein are for the approved purposes of the Albany County Airport Authority and are correct as stated. The Chief Executive Officer shall review and approve each procurement card users purchase report.

#### Article IX. Petty Cash

- 9.0 Petty Cash shall be used for small purchases, such as postage and incidental supplies, freight and express, and similar items for which it is not practical to issue a purchase order or cannot be obtained from Blanket Purchase Contract suppliers. A single transaction shall not exceed \$50.00.
- 9.1 Petty Cash shall not be used for cashing checks for employees or tenants, making loans to employees, or for salary advances.
- 9.2 The Chief Financial Officer shall establish a Petty Cash Fund in the amount of \$250.00.
- 9.3 The Chief Accountant or their designee shall be the custodian of the Petty Cash Fund. The Petty Cash Fund shall be in the sole custody of a single employee and no other official or employee shall have access to the fund except for periodic audits and cash count in the presence of the Custodian except under the conditions set by section 7.4.
- 9.4 The Chief Accountant may act as Custodian in the absence of the appointed Custodian. However, when it is necessary to transfer the custodianship of the Petty Cash Fund, either temporarily or permanently, the Petty Cash Fund shall be audited and reconciled by an employee other than the Custodian and the Petty Cash Fund shall be reimbursed prior to the transfer. The transfer shall be documented by letter from the Chief Financial Officer or the Chief Accountant relieving the old Custodian of responsibility of the Petty Cash Fund and appointing a new Custodian for the Fund.
- 9.5 The Petty Cash Fund shall be maintained on a current basis.
- 9.6 Employees shall secure approval from the Custodian of the Petty Cash Fund or the Purchasing Agent prior to committing or making a purchase. The failure of any employee to obtain prior approval shall result in non-reimbursement of funds to the employee. The approval of a petty cash request shall be based upon the discretionary evaluation of the Custodian. However, the Custodian may make any inquiries, as necessary, to determine if the request should be approved, including a requirement of authorization from the relevant Department Head. Upon an eligible request, the Custodian of the Petty Cash Fund shall be required to issue, in numerical sequence, a pre-numbered voucher documenting the commitment or use of Petty Cash funds. Employees shall not take advanced petty cash from the premises after work hours and, if not used on the day of issue, shall return the funds back to the Custodian of the Petty Cash fund. No item will be reimbursed from petty cash beyond 30 days after the date of purchase. Voided vouchers shall be retained for accountability purposes.
- 9.7 All petty eash forms and authorizations must be completed in ink, and only the original receipt will be accepted for proof of purchase.
- 9.8 Upon presentation of an invoice or sales slip signed by the authorized employee, the Custodian of the Petty Cash Fund shall make reimbursement.
- 9.9 The Petty Cash Fund shall be balanced and replenished at least quarterly or more often, if needed, but shall always be done on the last day of the fiscal year.

- 9.10 The Custodian of the Petty Cash Fund shall be required to submit a Petty Cash Report to the Chief Accountant prior to replenishing the Petty Cash fund. At a minimum, the Petty Cash Report shall contain the following information for each transaction:
  - 1. the voucher:
  - 2. a brief description of the item(s) and/or purpose;
  - 3. the date of transaction;
  - 4. the name of the purchaser;
  - 5. the amount of the purchase;
  - 6. any replenishments of cash to the fund since the last reporting period; and
  - 7. the beginning and ending balance of funds for the reporting period.
