

### Minutes of the Regular Meeting of the Albany County Airport Authority

### April 16, 2025

Pursuant to notice duly given and posted, the regular meeting of the Albany County Airport Authority was called to order on Wednesday April 16, 2025 @ 9:05 a.m. in the third floor conference room at the Albany International Airport by Chairman Samuel A. Fresina with the following present:

### **MEMBERS PRESENT**

### MEMBERS ABSENT

Samuel A. Fresina Steven H. Heider Kevin R. Hicks, Sr. Sari M. O'Connor Thomas A. Nardacci John-Raphael Pichardo Janet M. Thayer

### **STAFF**

Peter F. Stuto, Chief Executive Officer
John A. O'Donnell, Chief Operating Officer (via telephone)
Christine C. Quinn, Airport Counsel
Margaret Herrmann, Acting Chief Financial Officer
Liz Charland, Administrative Services
John LaClair, Chief Engineer
Matt Mokey, Airport Engineer
David Monteverdi, Airport Planner
Helen Chadderdon, Marketing Manager
Jenn Munger, Paralegal
Bobbi Matthews, Purchasing Agent
Debbie Pasquini, Confidential Secretary

### **ATTENDEES**

Dennis Feeney, Majority Leader
Susan Quine-Laurilliard, Chair Multi-Modal Transit Committee f/k/a Mass Transit Committee
Arturo Garcia, Chief Operating Officer Avports
Carmiena Brooks, Assistant Airport Manager, Avports
Chief Dorsey, ARFF Fire Chief
Perry Blanchard, Avports
Chris Pasquini, Avports
Kevin Hehir, Avports
Ray Camilli, Avports
Jim O'Brien, Avports Operations
Jeff Lovell, Managing Director, Park Strategies, LLC
Kevin Butterfield, Albany County Communications
Brian King, Million Air
James E. Amell, CPA, MMB+Co.
Jennifer Menard, CPA, MMB+Co.

Chair Fresina noted that there was a quorum.

### General:

### 1. Chairman's Remarks

### 2. Approval of Minutes

Mr. Hicks moved to approve the minutes of:

March 6, 2025; and March 24, 2025

The motion was adopted unanimously.

### **Management Reports:**

### 3. Communications and Report of Chief Executive Officer

Mr. Stuto presented a Communications and Chief Executive Officer's Report for the month of April 2025 – (Power Point attached.)

Mr. Garcia, Chief Operating Officer from AvPorts, reported on the 2024 year end airport performance under the ACI ASQ survey.

### 4. Chief Operating Officer

Mr. O'Donnell presented the Chief Operating Officer's report for the month of April 2025 – (Power Point attached.)

### 5. Chief Financial Officer Report

Ms. Herrmann presented the Financial Report for the month of April 2025. (PowerPoint attached.)

### 6. Project Development

Mr. LaClair and Mr. Mokey presented the Project Development report for the month of April 2025. (Power Point attached.)

### 7. Counsel

### 8. Concessions/Ambassador Program

Ms. Chadderdon presented the Concessions/Ambassador Report for the month of April 2025.

### 9. Public Affairs - None

### 9a. Art & Culture - None

### 10. Authorization of Contracts/Leases/Contract Negotiations/Contract Amendments

# 10.1 Issue Purchase Order for Purchase and Installation of Oil Coolers and Soft Starts for elevators #2 & 3 in the North garage to Kone.

Mr. LaClair recommended authorization to Issue a Purchase Order for Purchase and Installation of Oil Coolers and Soft Starts for elevators #2 & 3 in the North garage to Kone in the amount of \$55,990.40.

He advised the request is made to approve a Purchase Order for \$55,990.40 to Kone of Albany, New York for the purchase and installation of two new oil coolers and soft starts for elevators #2 & 3 in the North Garage. The existing elevators #2 & 3 are original equipment installed with the garage. With those two elevators being the main access for patrons parking in the garage, means the elevators are seeing a lot more use than when elevators #4 & 5 were also working. The additional use of these is causing the oil that operates them to overheat at peak times and puts the elevators in jeopardy of failure. Kone has proposed adding supplemental oil coolers to each elevator and replacing the soft starts to reduce the wear and prolong the life of these elevators until elevators 4 & 5 can be put back into service as part of the Pre TSA Terminal Expansion. Kone will do the work during non peak times to minimize the inconvenience to Airport patrons.

Ms. O'Connor moved to authorize the issuance of a Purchase Order for Purchase and Installation of Oil Coolers and Soft Starts for elevators #2 & 3 in the North garage to Kone in the amount of \$55,990.40. The motion was adopted unanimously.

# 10.2 Issue Purchase Order for Installation of Two 25KV Transformers for Building 79 to National Grid.

Mr. Mokey recommended authorization to issue a Purchase Order for Installation of Two 25KV Transformers for Building 79 to National Grid in the amount of \$1,127,567.26.

He advised the request is for the installation of two new 25KV transformers and associated switchgears. During the Terminal A design, it was determined that the addition of two new Passenger Boarding Bridges would max out the existing dual feed 15KV system that powers the A-Concourse, with no margin of error. ACAA contacted National Grid about upgrading the 15KV transformers to 25 KV transformers. National Grid agreed to design their portion of the new system but noted that the transformers needed to be relocated to meet the most current codes. National Grid will supply the two new transformers with all associated hardware and switchgear and remove the

existing transformers and switchgears and make all power connections to Airport equipment as part of the scope for this work

Ms. O'Connor moved to authorize the issuance of a Purchase Order for Installation of Two 25KV Transformers for Building 79 to National Grid in the amount of \$1,127,567.26. The motion was adopted unanimously.

### 11. Authorization of Change Orders

11.1 Change Order 4: Authorization to Award Contract Change Order No. 4 to Construction Contract 21-1082-INT STR for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC.

Mr. LaClair recommended authorization to award Authorization to Award Contract Change Order No. 4 to Construction Contract 21-1082-INT STR for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC. in the amount of \$110,137.

He advised this work includes a variety of necessary changes were made to the project involving additional cost items. These included changes directed by the Authority, clarifications to the contract documents, code compliance modifications and unforeseen alterations to the Terminal improvement project. The significant changes are highlighted below:

- 1. Reference PCO-142 (rev.): This change addresses the additional work that needed to be done by the electrical subcontractor (Add \$109,637.00). The additional work includes relocation of the ATS and associated panel board, along with new higher capacity panels and switches in preparation for the Transformer upgrade (not part of this project), to ensure that the entire Terminal the electrical power to operate all systems concurrently.
- 2. Reference PCO-065b: The existing FDC on the north garage needed to be relocated to maintain ARFF access during construction. (Add \$500.00).

Mr. Hicks moved to authorize the award of Change Order No. 4 to Construction Contract 21-1082-INT STR for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC. in the amount of \$110,137. The motion was adopted unanimously.

# 11.2 Change Order Corrections to Contract No. 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC.

Mr. O'Donnell recommended the following Change Order Corrections for Contract No. 21-1082-GC:

EXPLANATION – The 4 items below were included in this change order correction are to renumber and add clarity previously approved actions.

1. Delete former ACAA Board approved Change Order #8a in the amount of \$144,083.41. This Change Order was to replace fiber optic lines and conduits in conflict with the construction of the Terminal Expansion Project. The work was intended to be advanced by MLB Construction Services, LLC through the execution of the subject change order. The work was deemed a necessary upgrade to the Airport infrastructure and was not intended to be included in the scope of the Terminal Expansion Project. Subsequently, the subject Change Order #8a was paid for through a Claim Form as part of the 2024 Airport's Capital Plan for \$144.083.41.

This is a NO COST Change to MLB's Contract.

2. Delete former ACAA Board approved Change Order #9 in the amount of \$96,800.00. This Change Order was to provide the excavation for the fiber optic lines and conduits impacted by the construction of the Terminal Expansion Project. The work was intended to be advanced by MLB Construction, LLC through the execution of the subject change order. The work was deemed a necessary upgrade to the Airport Infrastructure and was not intended to be included in the scope of the Terminal Expansion Project. Subsequently, the subject Change Order #9 was paid for a Claim Form as part of the 2024 Airport's Capital Plan for \$96,396.90.

This is a NO COST Change to MLB's Contract.

3. Delete former Change Order #10 in the amount of \$35,927.00. This Change Order consisted of work ADDED to the contract which included such items as steel fire-proofing, utility relocations, and shoring for \$273,508.00. The Change Order also included a DEDUCT in the amount of \$237,581.00 to reimburse ACAA for expenses related to the sanitary line, resulting in a net ADD of \$35,927.00. The justification to delete this change order is that the costs related to the sanitary line strike will be handled through an insurance claim that will result in direct reimbursement to ACAA.

This is a NO COST Change to MLB's Contract.

 Request ACAA Board approval for a new Change Order #9. The work included in this request was previously discussed and reviewed under former change order #10 as stated in item 3 above and represents just the ADD portion of work for \$273,508.00.

Ms. O'Connor moved to accept the Change Order Corrections to Contract No. 21-1082-GC listed above. The motion was adopted unanimously.

# 11.3 Change Order 10: Authorization to Award Contract Change Order #10 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC.

Mr. LaClair recommended authorization to award Contract Change Order No. 10 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC. in the amount of \$260,909.

He advised this work is requested due to changes to the contract work due to the existing conditions not conforming to the as-built documents. There was additional work required at column line B, the connectors to the garage and the elevator shafts roof. Also there are two items in this C.O. for approved overtime work for the steel erector to help maintain the project schedule and the demolition subcontractor. There is the addition of a steel sleeve to protect the terminal sanitary line during the demolition and construction of new footings. Included in a change to elevators #4 & 5 cab openings that required the removal of additional material discovered after the main demolition was completed. Lastly, there are also some smaller items that are included in this C.O.

Mr. Hicks moved to authorize the award of Change Order No. 10 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC. in the amount of \$260,909. The motion was adopted unanimously.

# 11.4 Change Order 11: Authorization to Award Contract Change Order #11 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC.

Mr. LaClair recommended authorization to award Change Order 11 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC in the amount of \$531,855.

He advised this Change Order is requested due to changes to the contract work due to the existing conditions being different than as-built plans showed. There were utilities that were not where the plans located them and had to be worked around. There were some structural steel modifications including additional welding, connection reinforcing, bracing for the third floor west mechanical room and replacement of a connection beam to the existing garage to maintain clearances. Also included are repairs and rerouting of existing hydronic (heating) lines across the front of the Terminal to insure that there was heat for the winter. A backup generator is included to keep the north garage powered up. The extension of the temporary generator rental time is included in this Change Order. The sprinklers were relocated on the west side service area to accommodate access for the Uncommon Grounds concession area.

Ms. O'Connor moved to authorize the award of Change Order 11 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion

to MLB Construction Services, LLC in the amount of \$531,855. The motion was adopted unanimously.

### 12. Authorization of Federal and State Grants - NONE

### 13. Regional Advisory Board

Mr. Stuto requested authorization to schedule a meeting of the Regional Advisory Board of the Authority.

He advised the enabling legislation of the Albany County Airport Authority provides that the Authority shall have a Regional Advisory Board ("Board") consisting of at least six nonvoting members. The membership shall include the Chair of the Airline Affairs committee at the Airport, one member each appointed by the legislatures of the counties of Schenectady, Saratoga and Rensselaer and two appointed by the Town of Colonie.

The Authority Resolves that the Board shall meet periodically to discuss Airport issues. The Board may advise the Authority about the optimal ways of achieving the Authority's objectives of expanding the Airport, providing a safe environment for the transportation of travelers and boosting the economic development of the Capital Region. The Authority staff shall strive to keep the Advisory Board members informed of the Airport's activities. The Board, in turn, in addition to advising the Authority, can inform their sponsoring bodies and the communities they represent of the Airport activities.

In order to foster the purpose of the Board, the Authority authorizes its Chief Executive Officer, after consultation with the Authority Chair, to appoint additional members to the Board from the region, to schedule time and place of meetings, to set agendas and to chair the meetings or designate a person to chair meetings of the Board. He advised a meeting of the Advisory Board shall be scheduled within sixty (60) days.

Ms. O'Connor moved to authorize the Chief Executive Officer, after consultation with the Authority Chair, to appoint additional members to the Board from the region, to schedule time and place of meetings, to set agendas and to chair the meetings or designate a person to chair meetings of the Board and to schedule a meeting of the Advisory Board shall be scheduled within sixty (60) days of this meeting. The motion was adopted unanimously.

### 14. Financial - Audit

Ms. Herrmann, Acting Chief Financial Officer advised the Audit Committee met on March 19, 2025 and recommended the acceptance and approval of the following:

- Comprehensive Annual Financial Report for the year-ended 2024 with draft auditor reports.
- Airlines Rates and Charges Settlement and Revenue Sharing Calculation Report for the year ended December 31, 2024 with draft consultant report.

- The Annual review and approval of the Cash Management and Investment Policy in accordance with Section 2925 of the Public Authorities Law.
- Annual Investment Report which includes a copy of the Cash Management and Investment Policy (the Policy) and explanation of the Policy and draft auditor report.
- Performance Measurement Report for 2024.
- Financial Statements Other Post Employment Benefit Trust.

Ms. O'Connor moved to approve as recommended by Ms. Herrmann and the Audit Committee the following:

- Comprehensive Annual Financial Report for the year-ended 2024 with draft auditor reports.
- Airlines Rates and Charges Settlement and Revenue Sharing Calculation Report for the year ended December 31, 2024 with draft consultant report.
- The Annual review and approval of the Cash Management and Investment Policy in accordance with Section 2925 of the Public Authorities Law.
- Annual Investment Report which includes a copy of the Cash Management and Investment Policy (the Policy) and explanation of the Policy and draft auditor report.
- Performance Measurement Report for 2024.
- Financial Statements Other Post Employment Benefit Trust.

The motion was adopted unanimously.

Mr. Fresina thanked the auditors for clarifying the scope of their work with respect to the regular annual financial audit as opposed to the other audit requested by the Board which had a narrow scope into particular compliance issues.

15. To authorize the Breeze Airlines Air Service Incentive Program (ASIP) Application under the 2025 ASIP.

Ms. Quinn requested authorization to authorize the Breeze Airlines Air Service Incentive Program (ASIP) Application under the 2025 ASIP.

She advised under the 2025 ASIP, Breeze has applied for the following incentives:

- Service effective June 5, 2025 to Raleigh/Durham. This route qualifies for a one year incentive period due to this being an pre-existing route. The marketing incentive for this route will be \$100,000 for one year.
- Service effective June 13, 2025 to Charleston, SC. This route qualifies for a two year incentive period due to this being a new route. The marketing incentive for this route will be \$100,000 for two years for a total of \$200,000.
- The incentives will waive the landing fees and fuel fees for the Raleigh/Durham route for one year and two years for the Charleston, SC route. Also, depending on what gate they use, the full terminal, apron and loading bridges fees will be waived. If they occupy the same gate as Avelo at gate C-1, the incentives for Avelo and Breeze will be split in half for each of the incentivized carriers.

Mr. Heider moved to authorize the authorize the Breeze Airlines Air Service Incentive Program (ASIP) Application under the 2025 ASIP. The motion was adopted unanimously.

- Jul 25, ALB Use & Lease Third Meeting
- Aug 26, ALB Use & Lease Fourth Meeting, w 2025 Rates & Charges
- Sep 23, ALB Use & Lease Fifth Meeting, w 2025 Rates & Charges
- · Oct 16, ALB Use & Lease Sixth Meeting
- · Nov 20, ALB Use & Lease Seventh Meeting
- Dec 18, ALB Use & Lease Eighth Meeting
- February 27, 2025 Meeting to discuss redline version of agreement
- March 11, 2025 Internal meeting to discuss airline requested changes

### CHANGE IN UNRESTRICED WORKING CAPITAL

|                                   | 1  | 12/31/2024   | (6) | 12/31/2023   | Change            |
|-----------------------------------|----|--------------|-----|--------------|-------------------|
| Cash                              | \$ | 36,254,409   | \$  | 42,799,679   | \$<br>(6,545,270) |
| Accounts Receivable               |    | 6,198,375    |     | 4,832,302    | 1,366,073         |
| Prepaid Expenses                  |    | 709,984      |     | 936,293      | (226,309)         |
| Unrestricted Assets               |    | 43,162,768   |     | 48,568,274   | (5,405,506)       |
| Payables from Unrestricted Assets |    | (10,863,721) |     | (16,971,995) | 6,108,274         |
| Unrestricted Working Capital      | \$ | 32,299,047   | \$  | 31,596,279   | \$<br>702,768     |

Net working capital improved by \$702,768 in 2024.

### **OPERATING REVENEUS**

|                        | 2024             | 2023 |            | Variance        |
|------------------------|------------------|------|------------|-----------------|
| Airfield Revenues      | \$<br>8,084,030  | \$   | 5,512,260  | \$<br>2,571,770 |
| Fixed Based Operations | 12,580,220       |      | 12,361,731 | 218,489         |
| Terminal               | 7,986,439        |      | 3,510,123  | 4,476,316       |
| Concessions            | 9,899,079        |      | 9,462,456  | 436,623         |
| Ground Transportation  | 18,733,652       |      | 17,907,220 | 826,432         |
| Other Revenue          | <br>5,155,121    |      | 4,476,417  | 678,704         |
| Total                  | \$<br>62,438,541 | \$   | 53,230,207 | \$<br>9,208,334 |

**Airfield Revenues** increased from 2023 due to higher costs for airfield direct and indirect costs and the loss of Cares Act funding from 2023 that resulted in a higher landing fee leading to in higher revenues (this is a residual revenue/cost center).

**Terminal Revenues** increased due to a higher terminal rental rate due to the higher terminal direct and indirect expenses.

### **OPERATING EXPENSES**

|                       |           | 2024       | 2023             | Variance        |
|-----------------------|-----------|------------|------------------|-----------------|
| Personal Services     | \$        | 14,879,522 | \$<br>12,624,930 | \$<br>2,254,592 |
| Employee Benefits     |           | 6,151,625  | 5,950,078        | 201,547         |
| Utilities             |           | 2,408,312  | 2,562,914        | (154,602)       |
| Purchased Services    |           | 10,834,742 | 7,177,642        | 3,657,100       |
| Materials & Supplies  |           | 11,923,816 | 12,413,637       | (489,821)       |
| Administration/Office |           | 3,561,083  | 2,871,427        | 689,656         |
| Non-capital Equipment | ( <u></u> | 549,030    | 558,233          | (9,203)         |
| Total                 | _\$       | 50,308,130 | \$<br>44,158,861 | \$<br>6,149,269 |

Personal Services increased due to higher costs for salaries & overtime

Purchased Services increased mainly due to the costs of the curbside security services contract

NON-OPERATING REVENUES, EXPENSES, DEPRECIATION AND CAPITAL CONTRIBUTIONS

|                             | G  | 2024         | 2023            | Variance        |

| Insurance Recoveries        |    | 32,201       | 335,000         | (302,799)       |
| Interest Expense            |    | (2,083,566)  | (2,108,164)     | 24,598          |
| Total                       |    | (575,004)    | 1,919,073       | (2,494,077)     |
| Capital Contributions       | 10 | 35,641,166   | 16,929,595      | 18,711,571      |
| Increase in Net Position    |    | 35,066,162   | 18,848,668      | 16,217,494      |
|                             | -  |              |                 |                 |

- Net Position increased \$16.2 million due primarily to an increase in capital contributions (FAA & State grants) of \$18.7 million.
- Par amount of Bonds Outstanding declined by \$7.3 million. Par amount of bonds outstanding is \$48 million.
- Debt Service coverage ratio calculated under the master bond resolution was 2.2 (net revenues to net debt service).
- Net assets, after depreciation, increased by \$22.8 million.

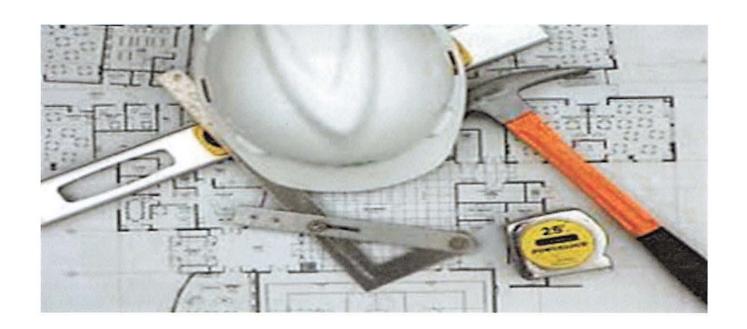

# ACAA 2024 Final Audited Airline Year-End Settlement

- Net Revenues to share between the Airport and the Signatory Airlines equaled \$7,128,471 - \$3,564,235 credited to the Airlines and \$3,564,235 to the Authority Development fund less the airline incentives of \$755,941.
- Settlement of the rates resulted in \$2,395,708 in credits back to the airlines. The majority of this is due to a lower landing fee requirement due to lower than budgeted expenses and higher landed weights.
- Total credit to the Airlines the revenue share and rates & charges adjustments is \$5,959,943.

Chair Fresina noted that there was a quorum.

#### General:

#### 1. Chairman's Remarks

#### 2. Approval of Minutes

Ms. O'Connor moved to approve the minutes of - February 10, 2025; and February 20, 2025.

The motion was adopted unanimously.

#### Management Reports:

#### 3. Communications and Report of Chief Executive Officer

Mr. Stuto advised he will be presenting a project updated at the April or May Multi-Modal Transit Committee f/k/a Mass Transit Committee.

#### 4. Chief Operating Officer

#### 5. Chief Financial Officer Report

Ms. Herrmann presented the Financial Report for the month of March 2025. (PowerPoint attached.)

#### 6. Project Development

Mr. LaClair and Mr. Mokey presented the Project Development report for the month of February 2025. (Power Point attached.)

#### 7. Counsel

Ms. Quinn advised we have sent a Request for Legislative Action to the Mass Transit Committee regarding a NIMO Easement for a permanent utility easement to support the current power needs and ongoing terminal expansion and upgrades to the Albany International Airport. The proposed easement supports the relocation and upgrade of the existing transformers for 2 Terminal Rd. (WR# 30922776) and 3 Terminal Rd. Transformer Upgrade (WR# 31016374).

#### 8. Concessions/Ambassador Program

Ms. Chadderdon presented the Concessions/Ambassador Report for the month of March 2025. She also advised a soft opening is being planned for Uncommon Groups in early March.

#### 9. Public Affairs

#### 9a. Art & Culture

Ms. Greenwood presented an Art & Culture report for the month of March 2025. (Power Point attached.)

#### 10. Authorization of Contracts/Leases/Contract Negotiations/Contract Amendments

### 10.1 Annual lease of software and handheld units for the QT Electronic Fuel Ticket System.

Ms. Herrmann recommended authorization to enter into an annual lease of software and handheld units for the QT Electronic Fuel Ticket System in the annual lease amount of \$65,340.00.

She advised Million Air currently utilizes an inefficient paper ticketing for aircraft fueling and fuel inventory. A considerable amount of time is spent to fuel an aircraft due to having to deliver the paper tickets to the airline operations office in the terminal and this new system will eliminate the need to do this. Also, some airlines require the fueler to fill out their version of their own fuel ticket — causing even more time to be spend whereas the QT platform is an electronic ticketing system currently in use by American, Delta, Southwest, United and FedEx at other locations. These airlines have asked Million Air to utilize this system to streamline their operation. The airlines will be able to get "real-time" access to their fueling data thus eliminating the airline waiting for their fuel inventory reports which are sent out once a week. Another benefit is that the fueler will know right away on their handheld device which aircraft is next to be fuel as the system works off the airline schedule provided by OAG. The annual cost of this platform will be 100% reimbursable from the airlines in an increased into-plane fee.

Mr. Pichardo moved to authorize the annual lease of software and handheld units for the QT Electronic Fuel Ticket System in the annual lease amount of \$65,340.00. The motion was adopted unanimously.

### 10.2 Purchase of solar credits from NexAmp resulting in a 10% saving in electricity cost.

Ms. Herrmann recommended authorization to purchase of solar credits from NexAmp resulting in a 10% saving in electricity cost for an approximate annual savings of \$188,000 and for the Authority to enter an agreement with NexAmp for community solar credits, offered through remote net metering and a community solar program. This allows the Authority to benefit from offsite solar energy production without the need for on-site solar panel installation. Under this system, electricity generated at a solar host site is fed into the grid, and the corresponding dollar value energy credits are distributed to utility accounts, reducing electricity costs. The credits appear on the utility

bills and reduce utility charges 1:1. The Authority then pays Nexamp 89% of the credit value for the credits, leading to significant utility bill savings.

The Authority will leverage these credits to offset its energy expenses significantly. With a structured agreement, the airport can secure substantial savings over a long-term contract—projected at \$3.04 million over 15 years making solar credits a cost-effective and environmentally responsible energy solution.

For the Authority, the benefits of utilizing solar credits extend beyond financial savings. By participating in a community solar program, the airport actively supports the growth of renewable energy in the region, aligning with broader sustainability goals. Additionally, this initiative contributes to reducing carbon emissions, enhancing the airport's environmental stewardship while maintaining operational efficiency.

The Authority's energy broker, M & R Energy Resources, obtained pricing from community solar farms that are able to offer the required kWh of the airport's needs. NexAmp is a developer that has committed to providing credits from 3 solar farms that will be operational in the next few months at a savings of 10% for a term of 15 years.

Mr. Heider moved to approve only the Review of the Contract, Policy & Program for the purchase of solar credits from NexAmp The motion was adopted by majority with Mr. Pichardo abstaining.

### 10.3 Authorization to Issue Purchase Order to Empire Exhibits & Displays for design, fabrication and placement of exhibits in the Children's Play Area.

Ms. Greenwood recommended authorization to Issue Purchase Order to Empire Exhibits & Displays for design, fabrication and placement of exhibits in the Children's Play Area in the amount of \$153,906. She advised these fixtures and exhibits are a part of and will be incorporated into the new children's space as a part of the ongoing Terminal Expansion Project.

Mrs. O'Connor moved to authorize the issuance of a Purchase Order to Empire Exhibits & Displays for design, fabrication and placement of exhibits in the Children's Play Area in the amount of \$153,906. The motion was adopted unanimously.

# 10.4 Issue Purchase Order for Purchase and Installation of a Dry Chemical Fire Suppression System from United Fire Protection Corp. for the Fuel Farm.

Mr. LaClair recommended authorization to issue a Purchase Order for the Purchase and Installation of a Dry Chemical Fire Suppression System from United Fire Protection Corp. for the Fuel Farm in the amount of \$869,717. He advised the existing fire suppression system is undersized and outdated for the volumes of fuel that is handled by the Fuel Farm on a daily basis. The work included in this proposal includes removal of the existing

system, manufacture and install a complete new system sized for current and future needs of the Fuel farm in both the north and south canopies. The system will employ Ansul/Pyrochem equipment in accordance with the latest FAA and NYS codes.

NOTE Items 10.4, 10.5 and 10.6 were approved together after 10.6 recommendation.

# 10.5 Issue Purchase Order for Purchase and Installation of all electrical components needed to connect the new Dry Chemical Fire Suppression System to DLC Electric, LLC for the Fuel Farm.

Mr. LaClair recommended authorization to issue a Purchase Order for the Purchase and Installation of all electrical components needed to connect the new Dry Chemical Fire Suppression System to DLC Electric, LLC for the Fuel Farm in the amount of \$154,000. He advised the existing fire suppression system is undersized and outdated for the volumes of fuel that is handled by the Fuel Farm on a daily basis. The work included in this proposal includes removal of the existing electrical system, the purchase and installation of all electrical components (ie: panels, conduits, wire, switches...) required to complete the connection of the new alarm and suppression system sized for current and future needs of the Fuel farm in both the north and south canopies. The system will connect the local alarm system to the fire alarm panels in both ARFF and Airport Operations.

NOTE Items 10.4, 10.5 and 10.6 were approved together after Item 10.6 recommendation.

# 10.6 Issue Purchase Order for Purchase and Installation of all alarm components needed to connect the new Dry Chemical Fire Suppression System to Fire, Security & Sound Systems, Inc. for the Fuel Farm.

Mr. LaClair recommended authorization to issue a Purchase Order for the Purchase and Installation of all alarm components needed to connect the new Dry Chemical Fire Suppression System to Fire, Security & Sound Systems, Inc. for the Fuel Farm in the amount of \$30,100.

Request is made to approve the purchase and installation of all alarm equipment to connect the new Dry Chemical Fire Suppression System for \$30,100.00 by Fire, Security & Sound Systems, Inc. of Latham, New York. He advised the existing fire suppression system is undersized and outdated for the volumes of fuel that is handled by the Fuel Farm on a daily basis. The work included in this proposal includes removal of the existing electrical system, the purchase and installation of all alarm components (ie: panels, modules, etc.) required to complete the connection of the new alarm and suppression system sized for current and future needs of the Fuel farm in both the north and south canopies. The system will connect the local alarm system to the fire alarm panels in both ARFF and Airport Operations.

Mr. Pichardo moved to authorize:

- 10.4 Purchase Order for the Purchase and Installation of a Dry Chemical Fire Suppression System from United Fire Protection Corp. for the Fuel Farm in the amount of \$869,717.
- 10.5 Purchase Order for the Purchase and Installation of all electrical components needed to connect the new Dry Chemical Fire Suppression System to DLC Electric, LLC for the Fuel Farm in the amount of \$154,000.
- 10.6 Purchase Order for the Purchase and Installation of all alarm components needed to connect the new Dry Chemical Fire Suppression System to Fire, Security & Sound Systems, Inc. for the Fuel Farm in the amount of \$30,100.

The motion was adopted unanimously.

10.7 Construction Inspection – Amendment No. 1: Professional Services Contract:
Authorization to Award: Amendment #1 to Contract No. S-1162 Professional
Engineering Services for the Runway 1-19 Rehabilitation and Lighting Upgrades with C & S Companies.

Mr. LaClair recommended Authorization to award Amendment No. 1 for Construction Inspection to Professional Services Contract Contract No. S-1162 Professional Engineering Services for the Runway 1-19 Rehabilitation and Lighting Upgrades with C & S Companies in the amount of \$705,500.

He advised as design engineer of record, C & S submitted a proposal to provide Construction Inspection (C.I.) services for the construction work being done by Callanan Industries on Runway 1-19 and construction of the south perimeter road. The proposal includes all F.A.A. required testing and reporting.

Mr. Pichardo moved to authorize Amendment No. 1 Construction Inspection to Professional Services Contract No. S-1162 Professional Engineering Services for the Runway 1-19 Rehabilitation and Lighting Upgrades with C & S Companies in the amount of \$705,500. The motion was adopted unanimously.

#### 10.8 Issue Purchase Order for Terminal Watermain Relocation done by BPI Piping, Inc.

Mr. LaClair recommended authorization to issue a Purchase Order for Terminal Watermain Relocation done by BPI Piping, Inc. in the amount of \$188,039.79. He advised during the Terminal construction project being done by MLB Construction, in order to clear the path for the new elevator to be installed the 6 inch Terminal watermain needed to be relocated per the contract, but when the work was being planned it was discovered that there was no way to shutdown the water without shutting down the entire Terminal. BPI Piping a plumbing contractor that has a maintenance contract with the Airport was brought in to run a parallel water main through the Terminal and make the conversion to the new line with minimal disruption to the Terminal, including vendors, airlines and public restrooms. BPI worked days, nights and weekends to get the work done in the most efficient and unobtrusive manner to Airport operations. BPI supplied all the materials, equipment and manpower to complete the parallel at the Airport's request.

Mr. Pichardo moved to authorize the issuance of a Purchase Order in the amount of \$188,039.79. The motion was adopted unanimously.

### 10.9 Issue Purchase Order for the Purchase of 1.18 acres of Wetland Credits from The Wetland Trust, Inc.

Mr. LaClair recommended authorization to issue a Purchase Order for the purchase of 1.18 acres of Wetland Credits from The Wetland Trust, Inc. in the amount of \$115,665.96. He advised as part of the Runway 1-19 Rehabilitation, the south perimeter access road is being constructed with millings from the runway. There is an area of the perimeter road that needs to cross through a designated wetland area. In order to obtain permission from the NYS DEC, the design engineers and ACAA propose to purchase wetland credits in lieu of having to create a wetland of equal size, per NYS Environmental law.

Ms. O'Connor moved to authorize the issuance of a Purchase Order for the purchase of 1.18 acres of Wetland Credits from The Wetland Trust, Inc. in the amount of \$115,665.96. The motion was adopted unanimously.

### 10.10 Issue Purchase Order for the Design of the Departure Lounge, Toilet Rooms and TSA 7th Lane to C & S Companies.

Mr. Mokey recommended authorization to issue a Purchase Order for the Design of the Departure Hall Lounge, Toilet Rooms and TSA 7th Lane

to C & S Companies in the amount of \$75,000. He advised that during the Terminal construction project being done by MLB Construction, the question was raised during a logistics meeting regarding the phasing required to reconfigure the men's and women's room on the first floor lobby. Instead of doing staged construction on the existing rooms to add 3 additional stalls to each, the idea was raised to have new men's and women's rooms on the second floor of the new Terminal build out for passenger convenience while standing in queue. Additionally during review of the relocation of the TSA checkpoint it was requested by TSA and ACAA to add a 7th checkpoint lane. ACAA engaged C & S Companies to design both areas since C & S had familiarity with those areas from design of a previous project and could get the designs completed quickly. This project is 60% state and 40% Airport funded.

Mr. Pichardo moved to approve the issuance of a Purchase Order for the Design of the Departure Hall Lounge, Toilet Rooms and TSA 7th Lane to amount of \$75,000. The motion was adopted unanimously.

#### 11. Authorization of Change Orders

11.1 Change Order 3: Authorization to Award Contract Change Order No. 3 to Construction Contract 21-1082-INT STR for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC.

Mr. LaClair recommended authorization to award Authorization to Award Contract Change Order No. 3 to Construction Contract 21-1082-INT STR for

the Pre-TSA Terminal Expansion to MLB Construction Services, LLC. in the amount of \$251,152.

He advised a variety of necessary changes were made to the project involving both additional cost items and credit items. These included changes directed by the Authority, clarifications to the contract documents, code compliance modifications and unforeseen alterations to the Terminal improvement project. Some of the more significant changes are highlighted below:

- 1. Reference PCO-019: This change addresses the addition of many miscellaneous fire alarm and life safety components to provide protection to not only the new facility but also to meet the needs of providing proper protection throughout the many phases of construction (Add \$121,311).
- 2. Reference PCO-077a: The sprinkler main supply line needed to be relocated to accommodate the construction of the new elevator in the main lobby area. The work involved running a parallel service line and connection to existing sprinkler main to minimize disruption to airport operations and removal of existing pipe located in the back- of- house area on the second level of the Terminal (Add \$45,222).
- 3. PCO 151: This work included an extensive upgrade to the Terminal's public address system which incorporated new control panels, speakers and new wiring throughout the project area (Add \$51,477).
- 4. PCO 155a: The interactive electronic wall panels from the Sensory Room were deleted by the Authority (Deduct \$256,178).
- 5. PCO 174: The Authority directed that the original fluorescent style lighting fixtures be replaced with modern LED linear lighting fixtures in the high ceilings in the Baggage Claim and Ticketing areas (\$85,392).

Several smaller potential changes orders are listed below and included in the attached AIA document. The smaller changes along with those listed above are essential to insure the successful completion of the Terminal project.

| 01 | PCO-019  | ASI-012 | Updated FA, Electrical and Architectural | Add<br>\$121,311.00 |
|----|----------|---------|--|---------------------|
| 02 | PCO-039b | ASI-025 | Chiller Support Code Issues              | Add<br>\$2,608.00   |
| 03 | PCO-060  | ASI-028 | Cornice Detail & Electrical Updates      | Add<br>\$46,162.00  |
| 04 | PCO-065  | ASI-030 | Plumbing & FP Revisions                  | Add<br>\$23,931.00  |
| 05 | PCO-074  | ASI-039 | Lighting & Security Update               | Add<br>\$25,424.00  |

| 06 | PCO-077a | ASI-043 | Back of House West Sprinkler  | Add                    |
|----|----------|---------|---|------------------------|
|    |          |         |   | \$45,222.00            |
| 07 | PCO-111  | ASI-063 | Fire Service Equipment Relocation   | Add<br>\$769.00        |
| 08 | PCO-112  | ASI-064 | Sensory Elec & FA, Fixtures and ATS Routing Revisions   | Add<br>\$3,929.00      |
| 09 | PCO-113  | ASI-065 | Sensory Room Mechanical & Security<br>Revisions   | Add<br>\$1,127.00      |
| 10 | PCO-140a |         | Temporary Pedestrian Tunnel FA  | Add<br>\$16,598.00     |
| 11 | PCO-143  |         | Electrical Demo for Structural Steel<br>Framing   | Add<br>\$11,878.00     |
| 12 | PCO-151  | ASI-082 | AV & Misc. Revisions  | Add<br>\$51,477.00     |
| 13 | PCO-155a | ASI-083 | Children's Play Area & Airline Ticketing  | Deduct<br>\$256,178.00 |
| 14 | PCO-158  | ASI-068 | Mechanical Revisions per BP-04 RFI-098  | Add<br>\$1,275.00      |
| 15 | PCO-169a | ASI-087 | Sensory Arch. & Light Revisions – Framing Only  | Add<br>\$5,749.00      |
| 16 | PCO-173  | ASI-047 | Lighting & Electrical Modifications   | Add<br>\$47,053.00     |
| 17 | PCO-174  | ASI-091 | High Ceiling Existing Baffled Light<br>Replacement  | Add<br>\$85,392.00     |
| 18 | PCO-201  |         | Business Center Existing Wall Demo  | Add<br>\$14,083.00     |
| 19 | PCO-206  |         | Kids Zone Wall Clips  | Add<br>\$1,502.00      |
| 20 | PCO-217  |         | Custom Color for FX2 & FX4  | Add<br>\$1,840.00      |
| 21 |          |         | A schedule adjustment can be made in a future change order to which MLB and ACAA agree in accordance with Article 17 of MLB's executed contract |                        |

Mr. Heider moved to authorize the award of Change Order No. 3 to Construction Contract 21-1082-INT STR for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC. in the amount of \$251,152. The motion was adopted unanimously.

11.2 Construction Contract: Authorization of Change Order #2 for Construction Contract 1127-GC for Concourse A Rehabilitation to AOW Construction LLC.

Mr. Mokey recommended Authorization to award Change Order #2 for Construction Contract 1127-GC for Concourse A Rehabilitation to AOW Construction LLC in the amount of \$122,480. He advised the change order work includes installation of underdrain under the new concrete apron to mitigate wet conditions encountered during site excavation, replacement of existing VAV's due to the existing ones falling apart during the temporary removal and fin tube radiator balancing controls being installed to be able to tie into the existing controls and allow for better zoning for even heating throughout the area.

Ms. O'Connor moved to approve Change Orders No. 2 in the amount of \$122,480.00. The motion was adopted unanimously.

### 12. Authorization of Federal and State Grants

12.1 Acceptance and Approval of Modification No. 1 to Agreement No. 215582 between the Albany County Airport Authority and New York State Energy Research and Development Authority (NYSERDA)

Ms. Quinn recommended authorization to accept and approve Modification No. 1 to Agreement No. 215582 between the Albany County Airport Authority and New York State Energy Research and Development Authority (NYSERDA). She advised the modification amends the Agreement as follows:

This modification amends the Agreement as follows:

1) The Project Period from April 24, 2024 – April 30, 2025 to April 24, 2024 – December 31, 2025; 2) The Expiration Date of the Agreement from December 31, 2025 to June 30, 2026; 3) Deletes Exhibit A, Statement of Work, including Milestone Budget, from original agreement and attaching a revised Statement of Work and Budget included in Modification No. 1.

Mr. Nardacci moved to approve Modification No. 1 to Agreement No. 215582 between the Albany County Airport Authority and New York State Energy Research and Development Authority (NYSERDA). The motion was adopted unanimously.

### 13. Informational Only

13.1. Report purchase of Solid Deicer Product in 40 lb. Bags of Solid Deicer Product from New Deal Deicing in conformance with our Procurement Policy

Ms. Herrmann reported as an Informational Item that the Airport Authority has a current contract for Deicing Product for the Runways, Taxiways and Ramps with New Deal Deicing. (Contract # 1204). She advised this contract was awarded to New Deal Deicing for a solid deicer in supersacks (2,000 lbs) and we would like

to order this product in smaller size packaging to reduce waste; 1,000 lb and 40 lb. packaging. for use on the garages. The pricing provided for this deicer is under the current New Deal Deicing Sourcewell Contract (# 031423-NDD). Due to the extensive icing conditions this winter, we were in need of a shipment to insure we could treat those surfaces for public safety. This size packaging for the solid deicer will be included as part of the next Request for Bid for Deicing Product.

Old Business: None

New Business: None

**Executive Session - Attorney-Client Privilege Matters** 

Ms. O'Connor made motion to go into executive session at 9:55 a.m. to discuss:

ES-1 – Matter Involving a Particular Corporation

ES-2 - Matter Involving a Particular Person

The motion was adopted unanimously.

There being no action taken and no further business, the meeting was adjourned at 11:00 a.m.

### ALBANY COUNTY AIRPORT AUTHORITY

### **REGULAR MEETING**

### AGENDA March 24, 2025

### General:

- 3. Chairman's Remarks
- 4. Approval of Minutes

Regular Meeting - February 10, 2025 Special Meeting - February 20, 2025

5. Communications and Report of Chief Executive Officer

RE: February 2025 Financial Performance

### INTRODUCTION

The attached report includes the Airport's February 2025 statistical highlights, financial information, and operating information. This financial information is presented for the purposes of comparing budget to actual results and for indicating generally how revenues and expenses have compared to budgeted revenues and expenses through February 2025. The financial information presented herewith is prepared on the Albany County Airport Authority's budgetary basis of accounting. The information provided in this report does not include a forecast of the effects of the final settlement based upon the calculation provided for in the Airport Use and Lease Agreement, which expires December 31, 2025, or make any provision for accrual of funds owed to or from the Signatory Airlines. This report includes preliminary operating and performance statistics and financial forecasts based upon the budgetary basis of accounting estimates that involve uncertainties that could result in actual financial results differing materially from preliminary estimates. This report is divided into the following sections: Statistical Information, Financial Information, Airline Rates & Charges, Airport Revenues, Combined Management Expenses, Other Revenues and Expenses, Airline Incentives, Million Air FBO Operations, Line of Credit, Federal (FAA) & State Grants and Employee Counts.

### STATISTICAL INFORMATION

Below are the key performance indicators for ALB through February 28:

|                        |                               | 2025 Budget | 2025 Actual        | Budget<br>Variance | 2024 Actual        | % Actual 2025<br>vs. 2024 |
|------------------------|-------------------------------|-------------|--------------------|--------------------|--------------------|---------------------------|

### FINANCIAL INFORMATION

The summary of Revenues, Expenses and Net Results shows YTD 2025 results compared to the 2025 budgeted amounts and 2024 actual amounts. The summary shows the YTD net operating results for 2025 are more than the amount budgeted by \$2,114,298. These YTD results do not reflect the adjustments for year-end settlement or reflect other year-end adjustments for 2025 which affect the revenue sharing with the airlines.

| Net results                            | \$   | (200,111)   | \$   | 1,914,187   | \$   | 2,025,378   | _  |             |
| Net variances: (2025 Actual to Budget) |      |             | \$   | 2,114,298   |      |             |    |             |
| (2025 Actual to 2024 Actual)           |      |             |      |             |      |             | \$ | (111,191)   |

Under the revenue sharing formula, the net revenues or deficiency at year-end are split fifty (50) percent to the signatory airlines and fifty (50) percent to the Authority, subject to certain limitations which require the airlines to ensure the Authority's net revenues are not less than 125 percent of its annual debt service requirement.

The summary information above does not reflect the effect of allocating all budget variances in accordance with the Airport Use and Lease Agreement or the potential assessment of charges to meet debt service coverage requirements, and accordingly, does not reflect the amount of an accumulated potential year-end settlement with the signatory airlines.

### **AIRLINE RATES AND CHARGES**

Airline Rates and Charges shown for 2025 are based on the adopted budget and are calculated using the formulas incorporated into the Airline Use and Lease Agreement. Final 2024 rates will be calculated in the final settlement and revenue sharing report. The signatory airlines will be billed or credited for their share of any final variance and the Authority will fund its share of any negative variance from its reserves.

### AIRPORT REVENUES

<u>AIRPORT REVENUES</u> for YTD 2025 are \$9,766,752 and are \$1,304,601 more than the \$8,462,152 budget to date. The main contributor to the increase is parking revenues of \$809,621.

<u>FBO NET OPERATING REVENUES</u> (revenues less cost of sales) for YTD 2025 are \$1,577,560 and are \$421,310 greater than the \$1,156,250 YTD budget. This is due to glycol revenues being higher than budget and expenses are lower than budget.

<u>PUBLIC PARKING REVENUES</u> for YTD 2025 total \$3,780,805 compared to \$2,985,967 in YTD 2024, a 21.0% increase and are \$809,621 higher than budgeted. Parking revenue per passenger increased from \$14.33 in YTD 2024 to \$17.11 in YTD 2025. This is due to the parking rate increase

that was effective on January 1, 2025.

RENTAL CAR REVENUES for YTD 2025 total \$666,456 compared to \$668,001 in YTD 2024 and are \$74,974 more than budget. Rental car revenue per passenger decreased to \$3.02 in YTD 2025 from \$3.21 in YTD 2024.

<u>FOOD AND BEVERAGE REVENUES</u> for YTD 2025 total \$229,548 compared to \$194,139 in YTD 2024 and are \$37,028 more than budget. Revenue per passenger was \$1.04 in YTD 2025, which is an increase from \$0.93 in YTD 2024

<u>RETAIL REVENUES</u> for YTD 2025 total \$156,288 compared to \$136,757 in YTD 2024 and are \$35,742 more than budgeted. Revenue per passenger was \$0.71 in YTD 2025 compared to \$0.66 in YTD 2024.

### COMBINED MANAGEMENT OPERATING EXPENSES

The airports three operating centers have combined operating expense results (including FBO cost of sales) is as follows:

|             | 202     | 5        | 2025       |    | Budget   |    | 2024      | - 1 | Prior Year  |
|-------------|---------|----------|------------|----|----------|----|-----------|-----|-------------|
|             | YTD Bu  | udget '  | YTD Actual | V  | /ariance | Υ  | TD Actual |     | Variance    |
| AvPorts     | \$ 4,56 | 8,532 \$ | 4,545,409  | \$ | 23,123   | \$ | 3,470,579 | \$  | (1,074,830) |
| Million Air | 2,17    | 2,904    | 2,143,987  |    | 28,917   |    | 1,700,307 |     | (443,680)   |
| Authority   | 1,23    | 2,976    | 1,224,093  |    | 8,883    |    | 955,464   |     | (268,629)   |
| Total       | \$ 7,97 | 4,412 \$ | 7,913,489  | \$ | 60,923   | \$ | 6,126,350 | \$  | (1,787,139) |
| Variance    |         |          |            |    | 0.8%     |    |           |     | -29.2%      |

### OTHER REVENUES AND EXPENSES

Other revenues and expenses when netted together for YTD 2025 are \$134,697 more than budgeted mainly due to 1) interest earnings that were \$75,661 more than budgeted and 2) the line of credit expense that was \$82,153 less than budgeted.

### **AIRLINE INCENTIVES**

Airline incentives paid to new entrant carriers or for new route services for YTD through February was \$49,213 compared to \$65,545 for YTD 2024.

### **MILLION AIR FBO OPERATIONS**

The commercial and retail YTD revenues and cost of sales results are as follows:

|                                   | 2025         | 2025         | Budget     | 2024         | Prior Year |    |
|-----------------------------------|--------------|--------------|------------|--------------|------------|----|
|                                   | YTD Budget   | YTD Actual   | Variance   | YTD Actual   | Variance   |    |
| Revenues                          | \$ 2,262,999 | \$ 2,848,160 | \$ 585,161 | \$ 2,006,986 | \$ 841,174 | 4  |
| Cost of Sales                     | (1,106,749)  | (1,270,600)  | (163,851)  | (963,843)    | (306,757   | 7) |
| Net results before O & M Expenses | \$ 1,156,250 | \$ 1,577,560 | \$ 421,310 | \$ 1,043,143 | \$ 534,417 | 7  |

2025 YTD Net Results before YTD Operating and Maintenance expenses were \$1,577,560, \$421,310 more than budgeted and \$534,417 more than YTD 2024. Revenue from deicing services and hangar rental were the most significant variance from the budget amounts.

Operating expenses, not including the cost of retail sales, for YTD 2025 were \$192,768 less than budgeted. A statement of FBO Results is included.

|                            |                               | 2025 Budget       | 2025 Actual       | Budget<br>Variance | 2024 Actual       | % Actual 2025<br>vs. 2024 |

### **LINE OF CREDIT**

On February 28, 2024 the Authority closed on a \$30 million line of credit with M&T Bank to provide cash to help fund Authority payments on the terminal connector project until the reimbursements from the NYS DOT and FAA are received. Below is the activity on the line of credit:

|             |             |               | Repayment |
|-------------|-------------|---------------|-----------|
|             | Draw Date   | Amount        | Date      |
| LOC Draw 01 | 8-Mar-24    | \$ 984,381.73 | 12-Aug-24 |
| LOC Draw 02 | 8-Mar-24    | 761,816.97    | 2-Apr-24  |
| LOC Draw 03 | 20-Mar-24   | 959,655.24    | 8-Apr-24  |
| LOC Draw 04 | 9-May-24    | 2,152,308.12  | 1-Jul-24  |
| LOC Draw 05 | 9-May-24    | 1,285,737.86  | 1-Jul-24  |
| LOC Draw 06 | 14-Jun-24   | 2,586,897.15  | 2-Oct-24  |
| LOC Draw 07 | 14-Jun-24   | 2,337,750.23  | 2-Oct-24  |
| LOC Draw 08 | 22-Aug-24   | 4,055,372.75  | 16-Oct-24 |
| LOC Draw 09 | 15-Nov-24   | 3,159,332.20  | 10-Jan-25 |
| LOC Draw 10 | 23-Dec-24   | 1,554,653.15  |           |
| LOC Draw 11 | 16-Jan-25   | 1,045,137.75  |           |
| LOC Draw 11 | 16-Jan-25   | 1,667,596.47  | 27-Mar-25 |
| LOC Draw 12 | 27-Feb-25   | 875,236.80    |           |
| LOC Draw 12 | 27-Feb-25   | 1,342,431.04  |           |
| LOC Draw 13 | 5-Mar-25    | 1,104,266.22  |           |
| LOC Draw 13 | 5-Mar-25    | 1,366,011.17  |           |
|             |             |               |           |
|             | Outstanding | 7,287,736.13  |           |

The line of credit renewed on February 28, 2025 with a two year term expiring on February 28, 2027.

### FEDERAL (FAA) & NYS DOT GRANTS

The Authority accepts various FAA and NYS DOT grants to fund capital improvements at the Airport. Below is the status of the current grants as of February 28, 2025:

| FAA Grants:                            | FAA      | AA Grant Amount |            | Balance |            |  |
|--|----------|-----------------|------------|---------|------------|--|
| Conduct an Airport Master Plan Study   | 141-2020 | \$              | 751,154    | \$      | -          |  |
| Acquire Snow Removal Equipment         | 147-2021 | \$              | 1,537,635  | \$      | 582,999    |  |
| American Rescue Plan Act (ARPA)        | 148-2022 | \$              | 12,113,224 | \$      | 12,113,224 |  |

### **AGENDA ITEM NO. 10.1**

Issue Purchase Order for Purchase and Installation of Oil Coolers and Soft Starts for elevators #2 & 3 in the North garage to Kone.

AGENDA ITEM NO: 10.1 MEETING DATE: April 16, 2025

# ALBANY COUNTY AIRPORT AUTHORITY REQUEST FOR AUTHORIZATION

**DEPARTMENT:** 

ACAA Approved

04/16/2025

**Contact Person:** 

John LaClair, P.E. Chief Engineer

#### **PURPOSE OF REQUEST:**

Issue Purchase Order for Purchase and Installation of Oil Coolers and Soft Starts for elevators #2 & 3 in the North garage to Kone.

#### **CONTRACT AMOUNT:**

**Total Contract Amount:** 

\$55,990.40

#### **BUDGET INFORMATION:**

Federal Airport Improvement Program

Anticipated in Current ALB Capital Plan: Yes\_\_\_ No\_ ✓ NA

Funding Account No.: Capital

#### FISCAL IMPACT – FUNDING

Federal N/A State N/A Airport 100% NA

Term of Funding: 2025-2026

Grant No. : N/A State PIN: N/A

#### **JUSTIFICATION:**

Request is made to approve a Purchase Order for \$55,990.40 to Kone of Albany, New York for the purchase and installation of two new oil coolers and soft starts for elevators #2 & 3 in the North Garage. The existing elevators #2 & 3 are original equipment installed with the garage. With those two elevators being the main access for patrons parking in the garage, means the elevators are seeing a lot more use than when elevators #4 & 5 were also working. The addition use of these is causing the oil that operates them to overheat at peak times and puts the elevators in jeopardy of failure. Kone has proposed adding supplemental oil coolers to each elevator and replacing the soft starts to reduce the wear and prolong the life of these elevators until elevators 4 & 5 can be put back into service as part of the Pre TSA Terminal Expansion. Kone will do the work during non peak times to minimize the inconvenience to Airport patrons.

#### **CHIEF EXECUTIVE OFFICER'S RECOMMENDATION:**

Recommend approval.

Kone is our current contracted maintenance and service provider for all of the Airport's elevators and escalators.

#### PEOPLE FLOW REPAIR AND UPGRADE PROPOSAL

March 17, 2025

Albany County Airport Authority 737 Albany Shaker Rd Albany, NY 12211-1000

ATTN: Kevin Hehir

Re: #2, #3 Elevators - Valve, Oil Cooler, Soft Start

KONE Albany 25 Post Road Albany, NY 12205 Phone: 518-542-4685

Fax: 518-464-0014 andrew.dinovo@kone.com

#### Description of Work

We propose to furnish and install the labor, materials, tools and supervisions to perform the following work on the #2, #3 Passenger located at ALBANY COUNTY AIRPORT AUTHORITY.

KONE will provide a tema of mechanics to replace the valves and install oil coolers, soft starters, and replace oil on the two (2) passenger elevators, #2, #3, in the North Parking Garage.

Material: \$31,600.00

Labor: \$24,390.40 (\$381.10 ST Team Special Billing Rate x 32 hours per elevator, 64 hours

Total: \$55,990.40

#### Price

Our total price to perform the above-mentioned work amounts to: \$55,990.40 plus applicable taxes.

Our price includes applicable labor, material and permit fees. This proposal is not binding on KONE until approved by an authorized KONE representative. Pricing is subject to KONE's attached Terms and Conditions for tendered repairs and, by signing below, Purchaser hereby agrees to these Terms and Conditions. Price is valid for 30 days from the date of this proposal.

THE CUSTOMER UNDERSTANDS THAT THIS IS A FIXED PRICE PROPOSAL. SUPPORTING DOCUMENTATION FOR MATERIALS AND/OR LABOR SHALL NOT BE A CONDITION PRECEDENT IN ORDER FOR PAYMENT IN FULL TO BE MADE TO KONE.

#### Down Payment

The above quoted price is based on a \$27,995.00 down payment, due before the order will be processed. Once the proposal is signed and loaded into our system a down payment invoice will be issued. KONE reserves the right to delay ordering of material or commencing work until down payment is received. In the event the order is cancelled by the Customer, Customer shall reimburse KONE for all work performed and materials ordered as of the date of cancellation and Customer shall pay KONE a cancellation fee of 50% of the order value.

| ACCEPTANCE: The foregoing Agreement is hereby signed and accepted in duplicate on behalf of Albany County Airport Authority | Respectfully submitted by, KONE Inc.    |

KONE Opportunity #: 0016923589

#### **TERMS AND CONDITIONS**

This proposal is subject to the following terms and conditions, all of which are hearby agreed to:

KONE shall submit invoices for the value of material delivered and/or labor performed, less the down payment paid at the time of proposal acceptance. A final invoice shall be issued by KONE upon completion of the work and shall include all balances due. Purchaser agrees to pay the amount of any tax imposed by any existing law, or by any law enacted after the date of this Agreement, based upon the transfer, use, ownership or possession of the equipment involved in the services rendered herein. KONE reserves the right to discontinue our work at anytime\_until we have assurance, satisfactory to us, that payments will be made as agreed. Final payment shall become due and payable upon completion of the work described in this Agreement. KONE imposes a surcharge for payment made via credit card that is not greater than our cost of acceptance. The surcharge that we impose for this type of transaction is a percentage of the amount paid via credit card, which will be notified to the customer at the payment portal. Failure to pay any sum due to KONE within thirty (30) days of the invoice will be a material breach. A delinquent payment charge calculated at the rate of 1½ % per month, or if such rate is usurious then at the maximum rate under applicable law, shall be applied to the delinquent payments. In the event of default on the payment provisions herein, Purchaser agrees to pay, in addition to any defaulted amount, all attorney fees, collection cost or court costs in connection therewith. The machinery, implements and apparatus furnished hereunder remain KONE's personal property and KONE retains title thereto until final payment is made, with right to retake possession of the same at the cost of the Purchaser if default is made in any of the payments, irrespective of the manner of attachment to the realty, the acceptance of notes, or the sale, mortgage or lease of the premises.

The states requiring notice prior to filing a lien, this notice requirement is hereby complied with.

A party is not liable for failure to perform its obligations under the Agreement If such failure results from Acts of God, fire, flood, unusual delay in deliveries, unavoidable casualties, terrorist activities, government sanction, blockage, embargo, labor dispute, strike, or lockout, concealed conditions, shortage or unavailability of materials, supplies, labor, equipment or systems, interruption or failure of electricity or telephone service or any other causes beyond the party's control. The non-performing party must promptly notify the other party in writing of the force majeure event and resume performance immediately upon cessation of the event.

Purchaser agrees to provide safe access to the equipment and machine room areas. Should conditions develop beyond KONE's control, making the building or premises in which KONE's personnel are working unsafe, KONE reserves the right to discontinue work until such unsafe conditions are corrected. Should damage occur to KONE's material or work on the premises, by fire, theft or otherwise, Purchaser shall compensate us therefore. Any asbestos removal necessitated by work described in this Proposal will be the Purchaser's responsibility. Purchaser shall provide documentation that the asbestos has been abated from the KONE work area and air clearance reports shall be made available upon request. Purchaser is responsible for all costs of oil disposal should it be determined that oil from Purchaser's equipment is contaminated. KONE undertakes to perform this work in conformity with the usual applied codes and standards, however, no guarantee can be made that all code violations or defects have been found. This work is not intended as a guarantee against failure or mailfunction of equipment at any future time. It is agreed and understood that KONE is not responsible for damages, either to the vertical transportation equipment or to the building, or for any personal injury or death, arising from or resulting from any code required safety tests performed on this equipment.

Nothing in this agreement shall be construed to mean that KONE assumes any liability of any nature whatsoever arising out of, relating to or in any way connected with the use or operation of the equipment described above. Purchaser shall be solely responsible for the use, repair and maintenance of the equipment and for taking such steps including but not limited to providing attendant personnel, warning signs and other controls necessary to ensure the safety of the user or safe operation of the equipment. Neither KONE nor its affiliates, subsidiaries or divisions shall be responsible or liable for any damages, claims, suits, expenses and payments on account of or resulting from any injury, death or damage to property arising or resulting from the misuse, abuse or neglect of the equipment herein named or any other device covered by this contract. Purchaser shall at all times and at Purchaser's own cost, maintain a commercial general liability policy covering bodily injury and property damage with the limits of liability Purchasers customarily carry (naming KONE as additional insured) arising out of the services provided under this Authorization and/or the ownership, maintenance, use or operation of the equipment described herein.

It is agreed and understood that Purchaser is solely responsible for ongoing maintenance and care of the equipment described above. IT IS EXPRESSLY UNDERSTOOD, IN CONSIDERATION OF OUR PERFORMANCE OF THIS WORK THAT PURCHASER ASSUMES ALL LIABILITY FOR THE USE, MAINTENANCE OR OPERATION OF THE EQUIPMENT DESCRIBED ABOVE AND FOR ANY INJURY, INCLUDING DEATH, TO ANY PERSON OR PERSONS AND FOR DAMAGE TO PROPERTY OR LOSS OF USE THEREOF, ON ACCOUNT OF OR RESULTING FROM THE PERFORMANCE OF THE WORK TO BE DONE HEREIN, AND AGREES TO THE EXTENT PERMITTED BY LAW TO DEFEND, INDEMNIFY AND HOLD HARMLESS KONE, ITS OFFICERS, DIRECTORS AND EMPLOYEES FROM ALL DAMAGES, CLAIMS, SUITS, EXPENSES AND PAYMENTS ON ACCOUNT OF OR RESULTING FROM ANY SUCH INJURY, DEATH OR DAMAGE TO PROPERTY, EXCEPT THAT RESULTING FROM THE SOLE NEGLIGENCE OF KONE INC. Purchaser hereby waives any and all rights of recovery, arising as a matter of law or otherwise, which Purchaser might now or hereafter have against KONE Inc.

In no event will either party be liable to the other party for indirect, incidental, consequential, special, exemplary, or punitive damages of any kind or nature arising from or related to performance of the Agreement, including without limitation loss of profits, loss or inaccuracy of data, or loss of use damages, even if the party has been advised of the possibility of such damages and even if under applicable law such damages would not be considered for indirect, incidental, punitive, special, or consequential damages. Each party hereby waives its rights to such damages to the fullest extent permitted by applicable law.

KONE warrants the materials and workmanship of the equipment for 90 days after completion. Purchaser's remedy is limited to repair or replacement of a defective part, in KONE's sole discretion. The warranty is limited to the replacement or repair of the part itself, and excludes labor. In no event shall KONE be responsible for damage due to normal wear and tear, vandalism, abuse, misuse, neglect, work or repairs or modifications by others, or any other cause beyond the control of KONE. KONE disclaims any other warranty of any kind, either expressed or implied, including without limitation the implied warranties of merchantability or fitness for a particular purpose, or noninfringement.

Unless otherwise agreed, it is understood that the work shall be performed during regular working hours of regular working days of the elevator trade. If overtime work is mutually agreed upon and performed, the additional price, at KONE's usual rates for such work, shall be added to the contract price herein named.

It is expressly understood and agreed all prior agreements written or verbal regarding the subject matter herein are vold and the acceptance of this Agreement shall constitute the contract for the material and work specified in this Agreement. Any changes to this Agreement must be made in writing and signed by both parties.

The terms and conditions set forth herein shall constitute the complete agreement for any work performed, AND shall prevail over and supersede any terms and conditions contained in any documents provided by the Purchaser.

The Purchaser does hereby agree the exclusive venue for any dispute between the parties shall be in the county of Rock Island, IL.

#### PEOPLE FLOW REPAIR AND UPGRADE PROPOSAL

March 17, 2025

Albany County Airport Authority 737 Albany Shaker Rd Albany, NY 12211-1000

ATTN: Kevin Hehir

Re: #2, #3 Elevators - Valve, Oil Cooler, Soft Start

Dear Kevin Hehir,

The safety, performance and reliability of your vertical transportation equipment are important to us. We understand the value of the equipment to your building and know that the following areas are important to you:

- Passenger and employee safety
- Code compliance
- · Performance and reliability
- Accessibility
- · Aesthetics
- · Eco-efficiency

Therefore, based on our detailed equipment evaluation, we thank you for the opportunity to submit the following proposal to you which will help improve your equipment in one or more of the above areas. Our trained service technicians will follow proven performance procedures to perform the recommended work in a safe, professional manner designed specifically for each piece of equipment.

Upon your approval, please sign and return the following proposal to our local Branch Office for processing.

Should you have any questions regarding this agreement, or if we can be of any further assistance, please contact me at 518-542-4685.

Sincerely,

Andrew Dinovo Sales Executive KONE Inc.

# **AGENDA ITEM NO. 10.2**

Issue Purchase Order for Installation of Two 25KV Transformers for Building 79 to National Grid.

AGENDA ITEM NO: 10.2 **MEETING DATE: April 16, 2025** 

#### ALBANY COUNTY AIRPORT AUTHORITY REQUEST FOR AUTHORIZATION

#### JUSTIFICATION:

Request is made to approve a Purchase Order for \$1,127,567.26 to National Grid of Syracuse, New York for the installation of two new 25KV transformers and associated switchgears. During the Terminal A design, it was determined that the addition of two new Passenger Boarding Bridges would max out the existing dual feed 15KV system that powers the A-Concourse, with no margin of error, ACAA contacted National Grid about upgrading the 15KV transformers to 25 KV transformers. National Grid agreed to design their portion of the new system but noted that the transformers needed to be relocated to meet the most current codes. National Grid will supply the two new transformers with all associated hardware and switchgear and remove the existing transformers and switchgears and make all power connections to Airport equipment as part of the scope for this work.

#### CHIEF EXECUTIVE OFFICER'S RECOMMENDATION:

Recommend approval.

#### **COST REIMBURSEMENT AGREEMENT**

This COST REIMBURSEMENT AGREEMENT (the "<u>Agreement</u>"), is made and entered into as of \_\_\_\_\_\_\_, 2024 (the "<u>Effective Date</u>"), by and between ALBANY COUNTY AIRPORT AUTHORITY, a public authority having a place of business 737 Albany Shaker Road, Albany, NY 12211 ("<u>Customer</u>") and NIAGARA MOHAWK POWER CORPORATION d/b/a National Grid, a corporation organized and existing under the laws of the State of New York, having an office and place of business at 300 Erie Boulevard West, Syracuse, New York 13202 (the "<u>Company</u>"). Customer and Company may be referred to hereunder, individually, as a "<u>Party</u>" or, collectively, as the "<u>Parties</u>".

#### WITNESSETH

**WHEREAS,** Customer owns and operates property located at 737 Albany Shaker Rd., Albany, NY 12211 (the "*Project*"); and

WHEREAS, Company owns and operates certain electric facilities in the public right of way and on private property on or near the Site pursuant to applicable franchise agreements and other property rights; and

**WHEREAS**, Customer has requested that the Company relocate facilities and perform required upgrades for Customer's construction on Building 79 at the Site; and

**WHEREAS,** to accommodate Customer's request, Company will relocate two switchgears, two transformers, and upgrade the transformers to serve Customer's new load (the "*Project*"); and

**WHEREAS,** the Project falls under Rules 28.2 and 4.2.1 of the Company's electric tariff, P.S.C. No. 220 – Electricity (the "*Tariff*"), as the same may be modified by the New York State Public Service Commission (the "*NYPSC*") and in effect from time to time; and

WHEREAS, Company is willing to perform the Company Work as contemplated in this Agreement, subject to (i) reimbursement by Customer of all Company costs and expenses incurred in connection therewith, (ii) Customer's acquisition and delivery of certain real property interests as contemplated in this Agreement, (iii) Customer's performance of all other duties, responsibilities, and obligations set forth in this Agreement, including, without limitation, the Customer Required Actions (as defined below); and (iv) receipt of any and all "Required Approvals", as set forth in Section 17.1, in a form acceptable to Company;

**NOW, THEREFORE**, in consideration of the mutual covenants set forth herein, the Parties agree as follows:

#### 1.0 <u>Certain Definitions</u>

Wherever used in this Agreement with initial capitalization, whether in the singular or the plural, these terms shall have the following meanings:

"Additional Prepayment(s)" shall have the meaning set forth in Section 6.3 of this Agreement.

"Affiliate" means any person or entity controlling, controlled by, or under common control with, any other person or entity; "control" of a person or entity shall mean the ownership of, with right to vote, 50% or more of the outstanding voting securities, equity, membership interests, or equivalent, of such person or entity.

"<u>Agreement</u>" means this Cost Reimbursement Agreement, including all annexes, appendices, attachments, schedules, and exhibits and any subsequent written amendments or modifications thereto, as may be mutually agreed to and executed by the Parties.

"Applicable Requirements" shall mean all applicable federal, state and local laws, regulations, rules, ordinances, codes, decrees, judgments, directives, or judicial or administrative orders, permits and other duly authorized actions of any federal, state, local or other governmental regulatory or administrative agency, court, commission, department, board, or other governmental subdivision, legislature, rulemaking board, tribunal, or other governmental authority having jurisdiction, NYISO, and NYPSC requirements, and any applicable reliability standards. For the avoidance of doubt: Applicable Requirements shall also include any Tariff provisions to which this Agreement is subject under applicable law.

"Balance Amount" shall have the meaning set forth in Section 7.1 of this Agreement.

"Breaching Party" shall have the meaning set forth in Section 19.1 of this Agreement.

"CEII" shall have the meaning set forth in Section 23.4 of this Agreement.

"CIP" shall have the meaning set forth in Section 23.4 of this Agreement.

"Company" shall have the meaning set forth in the preamble to this Agreement.

"Company Reimbursable Costs" means the actual costs and expenses incurred by Company and/or its Affiliates in connection with performance of the Company Work or otherwise incurred by Company and/or its Affiliates in connection with the Project or this Agreement, and including, without limitation, any such costs that may have been incurred by Company and/or its Affiliates prior to the Effective Date. These Company Reimbursable Costs shall include, without limitation, the actual expenses for labor (including, without limitation,

internal labor), services, materials, subcontracts, equipment or other expenses incurred in the execution of the Company Work or otherwise in connection with the Project, all applicable overhead, overtime costs, all federal, state and local taxes incurred (including, without limitation, all taxes arising from amounts paid to Company that are deemed to be contributions in aid of construction), all costs of outside experts, consultants, counsel and contractors, all other third-party fees and costs, and all costs of obtaining any required permits, rights, consents, releases, approvals, or authorizations acquired by or on behalf of Company, including, without limitation, the Required Approvals.

"Company Work" means all duties, responsibilities, and obligations to be performed by Company as contemplated by Section 3.1 of this Agreement.

"Customer" shall have the meaning set forth in the preamble to this Agreement.

"Customer Work" means all duties, responsibilities, and obligations to be performed by Customer as contemplated by Section 3.3 of this Agreement.

"<u>Damages</u>" shall have the meaning set forth in Section <u>11.1</u> of this Agreement.

"<u>Day</u>" means a calendar day, provided, that, if an obligation under this Agreement falls due on a Saturday, Sunday or legal holiday, the obligation shall be due the next business day worked.

"Defect Notice" shall have the meaning specified in Section 3.2 of this Agreement.

"Disclosing Party" shall mean the Party disclosing Proprietary Information.

"Dollars" and "\$" mean United States of America dollars.

"Effective Date" shall have the meaning specified in the preamble of this Agreement.

"Environment" shall mean soil, surface waters, groundwaters, land, stream sediments, surface or subsurface strata, and ambient air.

"Environmental Due Diligence Procedure" is set forth in Exhibit F to this Agreement.

"Environmental Law" shall mean any environmental or health-and-safety-related law, regulation, rule, ordinance, or by-law at the federal, state, or local level, whether existing as of the Effective Date, previously enforced or subsequently enacted, or any judicial or administrative interpretation thereof.

"FERC" shall mean the Federal Energy Regulatory Commission.

"FERC Approval Date" shall mean the date as of which FERC grants approval of this Agreement without condition or modification.

"Force Majeure Event" shall have the meaning set forth in Section 21.1 of this Agreement.

"Good Utility Practice" means any of the practices, methods, and acts engaged in or approved by a significant portion of the electric utility industry during the relevant time period, or any of the practices, methods, and acts which, in the exercise of reasonable judgment in light of the facts known at the time the decision was made, could have been expected to accomplish the desired result at a reasonable cost consistent with good business practices, reliability, safety, and expedition. Good Utility Practice is not intended to be limited to the optimum practice, method, or act, to the exclusion of all others, but rather to refer to acceptable practices, methods, or acts generally accepted in the region in which the Project is located during the relevant time period. Good Utility Practice shall include, but not be limited to, NYPSC criteria, rules, guidelines, and standards, where applicable, and as they may be amended from time to time, including the rules, guidelines, and criteria of any successor organization to the foregoing entities.

"Hazardous Substances" means any pollutant, contaminant, toxic substance, hazardous material, hazardous waste, or hazardous substance, or any oil, petroleum, or petroleum product, as defined in or pursuant to the Federal Clean Water Act, as amended, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. Section 9601, et seq., the Resource Conservation and Recovery Act, as amended, 42 U.S.C. Section 6901, et seq., or any other Environmental Law.

"Indemnified Party" and "Indemnified Parties" shall have the meanings set forth in Section 11.1 of this Agreement.

"Initial Prepayment" shall have the meaning set forth in Section 6.2 of this Agreement.

"IRS" shall mean the US Internal Revenue Service.

"Land Use Approvals" shall have the meaning set forth in Exhibit C to this Agreement.

"<u>NERC</u>" shall mean the North American Electric Reliability Corporation or any successor organization.

"Non-Breaching Party" shall have the meaning set forth in Section 19.1 of this Agreement.

"Non-Disclosure Term" shall have the meaning set forth in Section 23.3.4 of this Agreement.

"NYISO" shall mean the New York Independent System Operator, Inc. or any successor organization thereto.

- "NYPSC" shall mean the New York Public Service Commission.
- "Party" and "Parties" shall have the meanings set forth in the preamble to this Agreement.
- "Project" shall have the meaning set forth in the whereas clauses to this Agreement.
- "<u>Project Manager</u>" means the respective representatives of each of the Customer and Company appointed pursuant to <u>Section 9.1</u> of this Agreement.
- "Proprietary Information" means (i) all financial, technical and other non-public or proprietary information which is furnished or disclosed by the Disclosing Party or its Affiliates (or its or its Affiliates' agents, servants, contractors, representatives, or employees) to the Receiving Party or its Representative(s) in connection with this Agreement and that is described or identified (at the time of disclosure) as being non-public, confidential or proprietary, or the non-public or proprietary nature of which is apparent from the context of the disclosure or the contents or nature of the information disclosed, (ii) any market sensitive information (including, without limitation, outages scheduled on generators or transmission lines of Company or any third party), (iii) all CEII and CIP and (iv) all memoranda, notes, reports, files, copies, extracts, inventions, discoveries, improvements or any other thing prepared or derived from any information described in subparts (i) through (iii) preceding.
- "Real Property Rights" are set forth in Exhibit B to this Agreement.
- "Real Property Standards" are set forth in Exhibit E to this Agreement.
- "Receiving Party" shall mean the Party receiving Proprietary Information.
- "Refund Amount" shall have the meaning set forth in Section 7.1 of this Agreement.
- "<u>Release</u>" shall mean any releasing, spilling, leaking, contaminating, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing or dumping of any Hazardous Substances into the Environment.
- "<u>Representatives</u>" shall, for the purposes of <u>Article 25</u> of this Agreement, mean the Affiliates of a Party and such Party's and its Affiliates' officers, directors, employees, contractors, counsel and representatives.
- "Requesting Party" shall have the meaning set forth in the Real Property Standards.
- "Required Approvals" shall have the meaning set forth in Section 17.1 of this Agreement.
- "Required Outages" shall have the meaning set forth in Section 15.1 of this Agreement.
- "Resources" shall have the meaning set forth in Section 21.1 of this Agreement.

"Sales Tax Exemption Certificate" shall have the meaning set forth in Section 6.4 of this Agreement.

"Site" shall have the meaning set forth in the whereas clauses to this Agreement.

"State" means the State of New York.

"<u>Tariff</u>" shall mean the Company's retail electric tariff, P.S.C. No. 220 – Electric, as may be modified from time to time.

"Third Party Warranties" shall have the meaning set forth in Article 10 of this Agreement.

"<u>Threat of Release</u>" shall mean a substantial likelihood of a Release that requires action to prevent or mitigate damage to the Environment that may result from such Release.

"Total Liability" shall have the meaning set forth in Section 11.4 of this Agreement.

"Total Payments Made" shall have the meaning set forth in Section 7.1 of this Agreement.

"Work" shall mean the Customer Work and/or the Company Work, as applicable.

#### **2.0** Term

2.1 This Agreement shall become effective as of the Effective Date and shall remain in full force and effect until performance has been completed hereunder, or until terminated in accordance with the terms of this Agreement, whichever occurs first, provided, however, that this Agreement shall not expire or terminate until all amounts due and owing hereunder have been paid in full as contemplated by this Agreement.

# 3.0 Scope of Work

3.1 The Company's scope of work is set forth in <u>Exhibit A</u> of this Agreement, attached hereto and incorporated herein by reference (the "<u>Company Work</u>").

- 3.2 The Company shall use commercially reasonable efforts to perform the Company Work in accordance with Good Utility Practice, the Tariff, all Applicable Requirements, and the requirements and undertakings set for in Exhibit A. Prior to the expiration of one (1) year following completion of the Company Work, Customer shall have the right to notify the Company in writing of the need for correction of defective Company Work that does not meet the standard of this Section 3.2 (each, a "Defect Notice"). If the Company Work is defective within the meaning of the prior sentence, then, following its receipt of a timely Defect Notice with respect thereto, the Company shall promptly correct, repair or replace such defective Company Work, as appropriate, provided, that, Company shall not have any obligation to correct, repair or replace such defective Company Work unless the defect in the Company Work has (or is reasonably likely to have) a material adverse impact on the Customer's development of the Site. The remedy set forth in this Section is the sole and exclusive remedy granted or available to Customer for any failure of Company to meet the performance standards or requirements set forth in this Agreement.
- 3.3 Subject to the terms of this Agreement, Customer shall use reasonable efforts to perform the actions described in <u>Exhibit B</u> attached to this Agreement (the "<u>Customer Work</u>"). All of the Customer Work shall be performed at Customer's sole cost and expense.
- 3.4 Customer shall use reasonable efforts to perform the work, described in <u>Exhibit B</u> attached to this Agreement, in accordance with Good Utility Practice, applicable standards, all Applicable Requirements, and the requirements and undertakings set forth in such <u>Exhibit B</u>. All Customer Work shall be performed at Customer's sole cost and expense.
- 3.5 Each Party shall reasonably cooperate and coordinate with the other Party, and with such other Party's contractors, subcontractors and representatives, as needed to facilitate the Work.

# 4.0 Changes in the Work

4.1 Subject to Section 4.2, below, (a) any Customer requests for material additions, modifications, or changes to the Work shall be communicated in writing by the Party making the request, and (b) if the Parties mutually agree to such addition, modification, or change to the applicable Work, such agreement shall be set forth in a written document signed by both Parties specifying such addition, modification or change. Any additional costs arising from such addition, modification or change to the Work shall be paid by Customer as part of Company Reimbursable Costs.

4.2 The foregoing notwithstanding, the Company is not required to notify Customer of, or to obtain the consent or agreement of the Customer for, any change to the Company Work if such change (a) will not materially interfere with Customer's ability to develop the Site as of the Effective Date, or (b) is made in order to comply with any Applicable Requirement(s), Good Utility Practice, all Applicable Requirements, the Tariff, the Company's applicable standards, specifications, requirements and practices, or to enable Company's utility facilities to continue, commence or recommence commercial operations in accordance with all applicable legal and regulatory requirements and all applicable codes and standards.

# 5.0 Performance; Conditions to Proceed

- 5.1 The Company shall use reasonable efforts to attempt to have any Company Work performed by its direct employees performed during normal working hours. The foregoing notwithstanding, if Company Work is performed outside of normal working hours, Customer shall be responsible for paying all actual costs incurred in connection therewith, including, without limitation, applicable overtime costs, as part of Company Reimbursable Costs. For the avoidance of doubt: in no event shall the Company be obligated or required to perform Company Work outside of normal working hours if the Company determines, in its sole discretion, that such performance would be unreasonable, unsafe, or otherwise not in compliance with Good Utility Practice.
- 5.2 The Company does not and cannot guarantee or covenant that the Company Work will occur on any particular date or dates, and Company shall have no liability arising from any change in the date or dates of Company Work.

# 6.0 <u>Customer Obligation to Pay Company Reimbursable Costs; Additional Prepayments; Invoicing; Taxes</u>

6.1 Customer shall pay or reimburse Company for all Company Reimbursable Costs actually incurred by Company and/or its Affiliates. Any estimates provided under or in connection with this Agreement or the Company Work (including, without limitation, the Initial Prepayment) shall not limit Customer's obligation to pay Company for all Company Reimbursable Costs actually incurred by Company and/or its Affiliates.

- 6.2 Upon execution of this Agreement, Customer shall provide Company with a payment of \$1,127,567.26 ("Initial Prepayment"), such amount representing the Company's current estimate of the total Company Reimbursable Costs to complete the Company Work. The Company shall invoice Customer for the Payment, and Customer shall pay such amount to Company by the invoice due date in accordance with Section 6.3. Unless it elects to do so in its sole discretion, Company shall not be obligated to commence or continue any Company Work under this Agreement prior to Company's receipt of the Initial Prepayment.
- Company may invoice Customer, from time to time, for unpaid Company Reimbursable Costs incurred and/or may elect, in its sole discretion, to continue performance hereunder after the depletion of any prepayments and invoice Customer at a later date ("Additional Prepayments"). Except as otherwise expressly provided for in this Agreement, all invoices shall be due and payable thirty (30) Days from date of invoice. If any payment due to Company under this Agreement is not made when due, Customer shall pay Company interest on the unpaid amount in accordance with Section 8.1 of this Agreement. In addition to any other rights and remedies available to Company, if any payment due from Customer under this Agreement (including, without limitation, any Additional Prepayment) is not received within five (5) Days after the applicable invoice due date, Company may suspend any or all Work pending receipt of all amounts due from Customer; any such suspension shall be without recourse or liability to Company.
- 6.4 If Customer claims exemption from sales tax, Customer agrees to provide Company with an appropriate, current and valid tax exemption certificate, in form and substance satisfactory to the Company, relieving the Company from any obligation to collect sales taxes from Customer ("Sales Tax Exemption Certificate"). During the term of this Agreement, Customer shall promptly provide the Company with any modifications, revisions or updates to the Sales Tax Exemption Certificate or to Customer's exemption status. If Customer fails to provide an acceptable Sales Tax Exemption Certificate for a particular transaction, the Company shall add the sales tax to the applicable invoice to be paid by Customer.
- 6.5 Company's invoices to Customer for all sums owed under this Agreement shall be sent to the individual and address specified below, or to such other individual and address as Customer may designate, from time to time, by written notice to the Company:

| Name:    |   |   |
|----------|---|---|
| Address: | Г | 7 |

6.6 All payments made under this Agreement shall be made in immediately available funds.

Unless otherwise directed by the Company, payments to the Company shall be made by wire transfer to:

Bank: JP Morgan Chase, New York

1 Chase Manhattan Plaza New York, NY 10015

Acct. Name: Niagara Mohawk

Acct. #: 777149642 Account #: 021000021

Unless otherwise directed by Customer, payments to Customer shall be made by wire transfer to:

| Bank: [      | ] |
|--------------|---|
| ABA#: [      | ] |
| Credit: [    |   |
| Account #: [ | 1 |

# 7.0 **Final Payment**

7.1 Within one hundred and eighty (180) Days following the earlier of (i) the completion of the Company Work, including all close out and as-built activities, or (ii) the effective early termination or cancellation date of this Agreement in accordance with any of the provisions hereof, the Company shall perform an overall reconciliation of the total of all Company Reimbursable Costs to the invoiced costs previously paid to Company by Customer under this Agreement ("Total Payments Made"). If the total of all Company Reimbursable Costs is greater than the Total Payments Made, the Company shall provide a final invoice to Customer for the balance due to the Company under this Agreement (the "Balance Amount"). If the Total Payments Made is greater than the total of all Company Reimbursable Costs, Company shall reimburse the difference to Customer ("Refund Amount"). The Refund Amount or Balance Amount, as applicable, shall be due and payable upon final reconciliation but no later than sixty (60) Days after such reconciliation. Any portion of the Balance Amount or Refund Amount, as applicable, remaining unpaid after that time shall be subject to interest as calculated pursuant to Section 8.1 of this Agreement.

#### 8.0 Interest on Overdue Amounts

8.1 If any payment due under this Agreement is not made when due, the Party obligated to make such payment shall pay to the other Party interest on the unpaid amount calculated in accordance with the then applicable other customer deposit rate established by the NYPSC from and including the due date until payment is made in full.

# 9.0 **Project Managers; Meetings**

- 9.1 Promptly following the Effective Date, each Party shall designate a Project Manager responsible for coordinating the Party's Work and shall provide the other Party with a written notice containing the name and contact information of such Project Manager ("Project Manager"). In no event shall any Project Manager be authorized to amend or modify the provisions of this Agreement. Each Party may change its Project Manager, from time to time, by written notice to the other Party.
- 9.2 Each Party's Project Manager shall attend Project meetings at times and places mutually agreed to by the Parties.

# 10.0 Disclaimer of Warranties, Representations and Guarantees

- 10.1 CUSTOMER ACKNOWLEDGES THAT THE COMPANY IS NOT IN THE **BUSINESS** OF **PERFORMING** DESIGN, **ENGINEERING** CONSTRUCTION SERVICES FOR PROFIT AND IS NOT RECEIVING ANY FEE OR PROFIT (AS CONTRASTED WITH COST REIMBURSEMENT) FOR ITS PERFORMANCE UNDER OR IN CONNECTION WITH THIS AGREEMENT. THE EXCLUSIVE REMEDY GRANTED TO CUSTOMER FOR ANY ALLEGED FAILURE OF COMPANY TO MEET THE PERFORMANCE STANDARDS OR REQUIREMENTS CONTAINED IN THIS AGREEMENT IS AS SET FORTH IN SECTION 3.2. COMPANY MAKES NO WARRANTIES, REPRESENTATIONS, OR GUARANTEES IN CONNECTION WITH THIS AGREEMENT, THE PROJECT, OR ANY COMPANY WORK, WHETHER WRITTEN OR ORAL, STATUTORY, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE HEREBY EXPRESSLY EXCLUDED AND DISCLAIMED. CUSTOMER ACKNOWLEDGES AND THAT ANY WARRANTIES PROVIDED BY **ORIGINAL** MANUFACTURERS, LICENSORS, OR PROVIDERS OF MATERIAL, EQUIPMENT, SERVICES OR OTHER ITEMS PROVIDED OR USED IN CONNECTION WITH THE COMPANY WORK, INCLUDING ITEMS INCORPORATED IN THE COMPANY WORK ("THIRD WARRANTIES"), ARE NOT TO BE CONSIDERED WARRANTIES OF THE COMPANY AND THE COMPANY MAKES NO REPRESENTATIONS, GUARANTEES. OR WARRANTIES AS TO THE APPLICABILITY OR ENFORCEABILITY OF ANY SUCH THIRD PARTY WARRANTIES.
- 10.2 Notwithstanding any other provision of this Agreement, this Article shall survive the termination, cancellation, completion or expiration of this Agreement.

#### 11.0 Liability and Indemnification

- To the fullest extent permitted by applicable law (including, without limitation, 11.1 the applicable provisions of any governing federal or state tariff), Customer shall indemnify and hold harmless, and at Company's option, defend Company, its parents and Affiliates and their respective officers, directors, members, managers, partners, employees, servants, agents, contractors and representatives (each, individually, an "Indemnified Party" and, collectively, the "Indemnified Parties"), from and against any and all liabilities, damages, losses, costs, expenses (including, without limitation, any and all reasonable attorneys' fees and disbursements), causes of action, suits, liens, claims, damages, penalties, obligations, demands or judgments of any nature, including, without limitation, for death, personal injury and property damage, for economic damage, and for claims brought by third parties for personal injury, property damage or other damages, incurred by any Indemnified Party to the extent arising out of or in connection with this Agreement, the Project, or any Work (collectively, "Damages"), except to the extent such Damages are directly caused by the gross negligence, intentional misconduct or unlawful act of the Indemnified Party as determined by a court of competent final jurisdiction.
- 11.2 Without limiting the foregoing, Customer shall defend, indemnify and save harmless Company, its parents and Affiliates and their respective officers, directors, members, managers, partners, employees servants, agents, contractors, and representatives, from and against any and all liabilities, losses, costs, counsel fees, expenses, damages, judgments, decrees and appeals resulting from [(i)] any charge or encumbrance in the nature of a laborer's, mechanic's or materialman's lien asserted by any of Customer's contractors, subcontractors or suppliers in connection with any Work or the Project[, or (ii) any claim of trespass, or other third party cause of action arising from or are related to reliance upon or use of the Real Property Rights by the Company or any other Indemnified Parties for the purposes contemplated herein.
- 11.3 Without limiting the foregoing, Customer shall protect, indemnify and hold harmless the Company and its Affiliates from and against the cost consequences of any tax liability imposed against or on Company and/or its Affiliates (including, without limitation, the costs consequences of any tax liabilities resulting from a change in applicable law or from an audit determination by the IRS) as the result of or attributable to payments, and/or real or personal property transfers, made in connection with this Agreement, as well as any related interest and penalties, other than interest and penalties attributable to any delay directly caused by Company or the applicable Company Affiliate.

- 11.4 To the fullest extent permitted by applicable law, the Company's total cumulative liability for all claims of any kind, whether based upon contract, tort (including negligence and strict liability), or otherwise, for any loss, injury, or damage connected with, or resulting from, this Agreement, the Project or the Work (the "Total Liability"), shall not exceed the aggregate amount of all payments made to Company by Customer as Company Reimbursable Costs under this Agreement.
- 11.5 Subject to the obligations set forth in Sections 11.1 through 11.3, neither Party shall be liable to the other Party for consequential, indirect, special, incidental, multiple, or punitive damages (including, without limitation, attorneys' fees or litigation costs) in connection with or related to this Agreement, including, without limitation, damage claims based on causes of action for breach of contract, tort (including negligence), or any other theory of recovery, whether or not (i) such damages were reasonably foreseeable or (ii) the Parties were advised or aware that such damages might be incurred.
- 11.6 Subject to the obligations set forth in Sections 11.1 through 11.3, neither Party shall be liable to the other Party for claims or damages in connection with or related to this Agreement for lost profits, delays, loss of use, business interruption, or claims of customers, whether such claims are categorized as direct or consequential damages, or whatever the theory of recovery, and whether or not (i) such damages were reasonably foreseeable or (ii) the Parties were advised or aware that such damages might be incurred.
- 11.7 Anything in this Agreement to the contrary notwithstanding, neither Party shall be responsible for any failure or inability to perform hereunder to the extent such failure or inability is caused by the acts or omissions of the other Party (including any contractor of such Party or any person or entity for whom such Party is legally responsible) or of any third party (other than a subcontractor of the Party that is unable or failing to perform hereunder).

For the avoidance of doubt: Company shall have no responsibility or liability under this Agreement for any delay in performance or nonperformance to the extent such delay in performance or nonperformance is caused by or as a result of (a) the inability or failure of Customer or its contractors to cooperate or to perform any tasks or responsibilities contemplated to be performed or undertaken by Customer under this Agreement (including, without limitation, the Customer Work), (b) any unforeseen conditions or occurrences beyond the reasonable control of Company (including, without limitation, conditions of or at the site(s) where Work is or will be performed, delays in shipments of materials and equipment and the unavailability of materials), (c) the inability or failure of Customer and Company to reach agreement on any matter requiring their mutual agreement under the terms of this Agreement, (d) any valid order or ruling by any governmental agency or authority having jurisdiction over the subject matter of this Agreement, or (e) suspension of Work during peak demand periods or such other times as may be reasonably required to minimize or avoid risks to utility system reliability in accordance with Good Utility Practice.

- 11.8 Anything in this Agreement to the contrary notwithstanding, if any Party's liability in connection with this Agreement is limited or capped pursuant to any applicable law, statute, rule or regulation, then the other Party hereto shall be entitled to elect an identical liability limitation and/or cap as if such law, statute, rule or regulation were applicable to such Party. The obligations under this Article shall not be limited in any way by any limitation on Customer's insurance.
- 11.9 Notwithstanding any other provision of this Agreement, this Article shall survive the termination, cancellation, completion or expiration of this Agreement.

# 12.0 Insurance; Employee and Contractor Claims

- 12.1 The Company elects to self-insure to maintain the insurance coverage in the amounts set forth in Exhibit C of this Agreement.
- 12.2 Prior to the commencement of any Company Work and during the term of the Agreement, the Company, at its own cost and expense, shall procure and maintain insurance in form and amounts set forth in <a href="Exhibit C">Exhibit C</a> of this Agreement, or the Company may elect to self-insure one or more of the insurance coverage amounts set forth in <a href="Exhibit C">Exhibit C</a> of this Agreement.

- 12.3 Prior to the commencement of any Work on the Project and during the term of the Agreement, the Customer, at its own cost and expense, shall procure and maintain insurance in form and amounts set forth in <a href="Exhibit C">Exhibit C</a> of this Agreement, or Customer may elect to self-insure one or more of such coverage amounts to the extent authorized or licensed to do so under the applicable laws of the State of New York, provided, that, the Customer provides written notice of any such election to the Company prior to the commencement of any Work under this Agreement.
- 12.4 Unless the Customer elects to self-insure in accordance with <u>Section 12.3</u> hereof, the Customer shall have its insurer furnish to the Company certificates of insurance, on forms approved by the Insurance Commissioner of the State of New York, evidencing the insurance coverage required by this Article, such certificates to be provided prior to the commencement of any Work under this Agreement.
- 12.5 Each Party shall be separately responsible for insuring its own property and operations.
- 12.6 Anything in this Agreement to the contrary notwithstanding, each Party shall be solely responsible for the claims of its respective employees and contractors against such Party and shall release, defend, and indemnify the other Party, its Affiliates, and their respective officers, directors, employees, and representatives, from and against such claims. Notwithstanding any other provision of this Agreement, this Section shall survive the termination, cancellation, completion or expiration of this Agreement.

# 13.0 Assignment and Subcontracting

13.1 The Company may assign this Agreement, or any part thereof, to any of its Affiliates provided such assignee Affiliate agrees in writing to be bound by the terms and conditions of this Agreement. Each Party has the right to subcontract some or all of the work to be performed by such Party under the terms of this Agreement. Each Party may also use the services of its Affiliates in connection with its performance under this Agreement. Customer agrees that the costs and expenses of such Affiliates or contractors charged to or incurred by Company shall be paid by Customer as part of the Company Reimbursable Costs.

#### 14.0 Independent Contractor; No Partnership; No Agency; No Utility Services

14.1 Company and Customer shall be independent contractors. This Agreement shall not be interpreted or construed to create an association, joint venture, agency relationship, or partnership between the Parties or to impose any partnership obligation or partnership liability upon any Party. No Party shall have any right, power or authority to enter into any agreement or undertaking for, or act on behalf of, or to act as or be an agent or representative of, or to otherwise bind, the other Party. This Agreement is not an agreement to provide or take utility services of any kind, including, without limitation, interconnection or other electric transmission services.

# 15.0 **Required Outages**

15.1 Customer acknowledges that, as part of the Project, the Company may be required to disconnect the some or all of the facilities serving the Premise during construction, which may result in one or more required outages in the electric service provided to the Premise ("<u>Required Outages</u>"). The Company makes no representations, warranties, or guarantees as to the timing or length of the Required Outages. The Parties agree that the Company shall have no liability for any Customer claims resulting from or related to the Required Outages.

### 16.0 **Safety**

16.1 Each Party shall be solely responsible for the safety and supervision of its own employees, representatives and contractors involved with its Work or any other activities contemplated by this Agreement. In connection with the performance contemplated by this Agreement, each Party shall, and shall require its representatives, contractors, and employees to, comply with all applicable Federal, state and local health and safety requirements, rules, regulations, laws and ordinances, including without limitation, the safety regulations adopted under the Occupational Safety and Health Act of 1970 ("OSHA"), as amended from time to time. While performing the Company Work, Company shall at all times abide by Company's safety standards and policies and Company's switching and tagging rules. During the term of this Agreement, the Party owning or controlling the applicable property or facilities shall have the authority to suspend the other Party's access, work or operations in and around such property or facilities in connection with any performance under this Agreement if, in its sole judgment, at any time hazardous conditions arise or any unsafe practices are being followed by the other Party's employees, agents, representatives or contractors in connection with any such performance.

# 17.0 **Required Approvals**

- Subject to Section 21.3 of this Agreement, the obligations of each Party to 17.1 perform its respective Work under this Agreement are expressly contingent upon (i) each Party receiving all licenses, permits, permissions, certificates, approvals, authorizations, consents, franchises and releases (including, without limitation and as applicable, Land Use Approvals) from any local, state, or federal regulatory agency or other governmental agency or authority (which may include, without limitation the NYPSC) and from any other third party that may be required for such Party in connection with the performance of such Party's obligations under or in connection with this Agreement (the "Required Approvals"), (ii) each Required Approval being granted without the imposition of any modification or condition of the terms of this Agreement or the subject transactions, unless such modification(s) or condition(s) are agreed to by both Parties in their respective sole discretion, and (iii) all applicable appeal periods with respect to the Required Approvals having expired without any appeal having been made or, if such an appeal has been made, a full, final and non-appealable determination having been made regarding same by a court or other administrative body of competent jurisdiction, which determination disposes of or otherwise resolves such appeal (or appeals) to the satisfaction of both Parties in their respective sole discretion.
- 17.2 Subject to Section 21.3 of this Agreement, if any application or request is made in connection with seeking any Required Approval and is denied, or is granted in a form, or subject to conditions, that either Party rejects, in its sole discretion, as unacceptable, this Agreement shall terminate as of the date that a Party notifies the other Party of such denial or rejection, in which event the obligations of the Parties under this Agreement shall cease as of such date and this Agreement shall terminate, subject to Customer's obligation to pay Company in accordance with the terms of this Agreement (including, without limitation, Sections 19.3 and 19.4 hereof) for all Company Reimbursable Costs. For the avoidance of doubt: all of the Company's actual costs in connection with seeking any Required Approvals shall also be included within the meaning of the term Company Reimbursable Costs and shall be paid for by Customer.

# 18.0 Environmental Protection; Hazardous Substances or Conditions

18.1 The Company shall in no event be liable to Customer, its Affiliates or contractors, their respective officers, directors, employees, agents, servants, or representatives, or any third party with respect to, or in connection with, the presence of any Hazardous Substances which may be present at or on the Site or any Customer or third party owned, occupied, used, or operated property or facility (including, without limitation, easements, rights-of-way, or other third-party property) or which the Company, its Affiliates or contractors, their respective officers,

directors, employees, agents, servants, or representatives may discover, release, or generate at or on such properties or facilities through no negligent or unlawful act of the Company, and Company hereby disclaims any and all such liability to the fullest extent allowed by applicable law.

Customer agrees to hold harmless, defend, and indemnify the Company, its Affiliates and contractors, and their respective directors, members, managers, partners, officers, agents, servants, employees and representatives from and against any and all claims and/or liability in connection with, relating to, or arising out of (i) the presence, discovery, release, threat of release or generation of Hazardous Substances at or on the Site or any Customer- or third party- owned, occupied, used, or operated property or facility (including, without limitation, easements, rights-of-way, or other third-party property), or (ii) the breach of any Federal, state, or local laws, rules, regulations, codes, or ordinances relating to the environment (including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act, as amended, 42 U.S.C. §§ 9601 et seq., the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §§ 6901 et seq.) in connection with this Agreement or the Project, except to the extent such presence, discovery, release, threat of release, generation or breach is or are directly and solely caused by the negligent or unlawful act of the Company or of any person or entity for whom the Company is legally responsible. The obligations under this Section shall not be limited in any way by any limitation on Customer's insurance or by any limitation of liability or disclaimer provisions contained in this Agreement. The provisions of this Section shall survive the expiration, completion, cancellation, or earlier termination of this Agreement.

18.2 Customer shall promptly inform the Company, in writing, of any Hazardous Substances, or unsafe, dangerous, or potentially dangerous, conditions or structures, whether above-ground or underground, that are present on, under, over, or in the Site or any Customer-owned, occupied, used, controlled, managed or operated facilities or property (including, without limitation, easements, rightsof-way, or other third-party property) to be used or accessed in connection with the Company Work or this Agreement. Prior to Company's commencement of the Company Work, Customer shall be obligated to use its best efforts (including, without limitation, the use of DIGSAFE or other similar services) to adequately investigate the presence and nature of any such Hazardous Substances, or unsafe, dangerous, or potentially dangerous, conditions or structures, and to promptly, fully, and in writing, communicate the results thereof to the Company. Customer's provision to the Company of the information contemplated in this Section shall in no event give rise to any liability or obligation on the part of the Company, nor shall Customer's obligations under this Agreement, or under law, be decreased or diminished thereby.

18.3 For the avoidance of doubt, as used in this <u>Article 18</u>, the term "Site" or any Customer or third-party owned, occupied, used, or operated property or facility (including, without limitation, easements, rights-of-way, or other third-party property) exclude all Company-owned or occupied property or facilities.

# 19.0 Right to Terminate Agreement

- If either Party (the "Breaching Party") (a) fails to pay any amount when due under the terms of this Agreement or fails to comply with or perform, in any material respect, any of the other terms or conditions of this Agreement; (b) sells or transfers all or substantially all of its assets; (c) enters into any voluntary or involuntary bankruptcy proceeding or receivership; or (d) makes a general assignment for the benefit of its creditors, then the other Party (the "Non-Breaching Party") shall have the right, without prejudice to any other right or remedy and after giving five (5) Days' written prior notice to the Breaching Party and a reasonable opportunity for cure (not to exceed thirty (30) Days in the case of a failure to pay amounts when due), to terminate this Agreement, subject to Sections 21.3 of this Agreement. Subject to compliance with Section 22.1 of this Agreement, if applicable, the Non-Breaching Party shall also have the right to pursue any and all rights it may have against the Breaching Party under applicable law, subject to other applicable terms and conditions of this Agreement (including, without limitation, any applicable limitations on liability contained herein).
- 19.2 Subject to Sections 19.3 and 19.4 of this Agreement, this Agreement may also be terminated upon prior written notice (i) by Company in the event that Company Work under this Agreement is suspended or delayed for a period exceeding sixty (60) consecutive days as the result of any continuing dispute between the Parties, or (ii) under the circumstances contemplated by, and in accordance with, Section 17.2 of this Agreement.
- 19.3 In the event of any early termination or cancellation of the Company Work or this Agreement as contemplated by any provision of this Agreement, each Party shall discontinue its performance hereunder to the extent feasible and make every reasonable effort to procure cancellation of existing commitments, orders and contracts relating to its Work upon terms that are reasonably expected to minimize all associated costs, provided, however, that nothing herein will restrict Company's ability to complete aspects of the Company Work that Company must reasonably complete in order to return its facilities and its property to a configuration in compliance with Good Utility Practice and all Applicable Requirements and to enable such facilities to continue, commence or recommence commercial operations.
- 19.4 In the event of any early termination or cancellation of the Company Work or this

Agreement as contemplated by any provision of this Agreement, Customer shall also pay Company for:

- (i) all Company Reimbursable Costs for Company Work performed on or before the effective date of termination or cancellation;
- (ii) all other Company Reimbursable Costs incurred by Company and/or its Affiliates in connection with the Company Work prior to the effective date of termination or cancellation, including, without limitation, for materials, equipment, tools, construction equipment and machinery, engineering and other items, materials, assets or services which cannot reasonably be avoided, mitigated or cancelled;
- (iii) all Company Reimbursable Costs incurred to unwind Company Work that was performed prior to the effective date of termination or cancellation to the extent reasonably necessary to return Company's facilities to a configuration in compliance with Good Utility Practice and all Applicable Requirements;
- (iv) all Company Reimbursable Costs arising from cancellation costs relating to orders or contracts entered into in connection with the Company Work prior to the effective date of termination or cancellation; and
- (v) all Company Reimbursable Costs arising from demobilization expenses incurred by Company and/or its Affiliates which cannot be reasonably avoided or mitigated.

# 20.0 **Dispute Resolution**

22.1 Any dispute arising under this Agreement shall be the subject of good-faith negotiations between the Parties. Following the occurrence of a dispute, each Party shall designate one or more representatives with the authority to negotiate the particular matter in dispute for the purpose of participating in such negotiations. Unless a Party identifies exigent circumstances reasonably requiring expedited resolution of the dispute by a court or agency with jurisdiction over the dispute, any dispute that is not resolved through good-faith negotiations after a negotiation period of not less than thirty (30) Days may be submitted by either Party for resolution to a court or to an agency with jurisdiction over the dispute. Notwithstanding the foregoing, any dispute arising under this Agreement may be submitted to non-binding arbitration or any other form of alternative dispute resolution upon the written agreement of both Parties to participate in such an alternative dispute resolution process.

### 21.0 Force Majeure

21.1 A "Force Majeure Event" shall include fire, flood, windstorm, adverse weather conditions, emergencies, explosion, terrorism, riot, war, sabotage, acts of God, pandemic, strikes or labor slow-downs, court injunction or order, federal and/or state law or regulation, delays by governmental authorities in approving regulatory, license and/or permit requests necessary in connection with the Company Work or the Customer Work, order by any federal or state regulatory agency, or other causes, conditions or circumstances beyond the affected Party's reasonable control. Without limiting the foregoing, a "Force Majeure Event" shall also include unavailability of personnel, equipment, supplies, or other resources ("Resources") due to diversion of such Resources for other utility-related duties in connection with an emergency or other similar contingency, including, without limitation, storms or other adverse weather conditions.

If a Force Majeure Event should occur and impair the ability of either or both Parties to perform its, or their, respective, obligations hereunder, then, to the extent affected by such Force Majeure Event, the performance of this Agreement, with the exception of payment obligations, shall be suspended for the duration of such Force Majeure Event. At the conclusion of a Force Majeure Event, the price and time for performance under this Agreement shall be adjusted as reasonably necessary to overcome the effect of the delay occasioned by such Force Majeure Event. The foregoing notwithstanding and with the exception of payment obligations, if, as the direct or indirect result of any Force Majeure Event, the Parties' continued performance hereunder becomes irreparably impaired or prevented, the Parties may mutually agree to terminate this Agreement; provided, however, that, notwithstanding any such termination, Customer shall pay the Company all of the Company Reimbursable Costs in accordance with Sections 19.3 and 19.4 of this Agreement.

- 21.2 Within thirty (30) Days after the cessation of any delay occasioned by a Force Majeure Event, the affected Party shall give written notice to the other Party specifying the estimated impact of the delay.
- 23.3 For the avoidance of doubt: to the extent any Party has a payment obligation pursuant to the terms of this Agreement, such payment obligation shall not be subject to or conditioned upon such Party receiving funding or reimbursement from any third party (and any failure to secure such funding or reimbursement shall not constitute a Force Majeure Event), nor shall any such obligation be conditioned upon the other Party executing any certificates or other instruments not expressly and specifically required by the terms of this Agreement.

#### 22.0 Compliance with Law

22.1 Each Party shall comply, at all times, with all Applicable Requirements in connection with this Agreement and performance of its Work hereunder. Such compliance shall include, among other things, compliance with all applicable wage and hour laws and regulations and all other laws and regulations dealing with or relating to the employment of persons, and the payment of contributions, premiums, and taxes required by such laws and regulations. For the avoidance of doubt: neither Party shall be required to undertake or complete any action or performance under this Agreement that is inconsistent with such Party's standard safety practices, its material and equipment specifications, its design criteria and construction procedures, its labor agreements, Good Utility Practice and/or any Applicable Requirement(s).

# 23.0 **Proprietary and Confidential Information**

- 23.1 Each Party acknowledges that, in the course of the performance of this Agreement, it may have access to Proprietary Information of the other Party.
- 23.2 GENERAL RESTRICTIONS. Upon receiving Proprietary Information, the Receiving Party) and its Representative shall keep in strict confidence and not disclose to any person (with the exception of the Representatives of the Receiving Party, to the extent each such Representative has a need to know in connection herewith) any of the Disclosing Party's Proprietary Information except as otherwise provided by the terms and conditions of this Agreement. The Receiving Party and its Representatives shall not use such Proprietary Information except for the purposes identified herein without the prior written approval of the Disclosing Party. The Receiving Party shall be solely liable for any breach of this Article to the extent caused by its Representatives. Customer agrees that any Proprietary Information will be used solely for the Project and will not be used, either directly or indirectly, for the Customer's financial gain and/or commercial advantage or in violation of any applicable laws, rules, or regulations.
- 23.3 <u>EXCEPTIONS</u>. Subject to <u>Section 23.4</u> hereof, the Receiving Party shall not be precluded from, nor liable for, disclosure or use of Proprietary Information that:
  - 23.3.1 is in or enters the public domain, other than by a breach of this Article; or
  - 23.3.2 is known to the Receiving Party or its Representatives at the time of first disclosure hereunder, or thereafter becomes known to the Receiving Party or its Representatives subsequent to such disclosure without similar restrictions from a source other than the Disclosing Party, as evidenced by written records; or

- 23.3.3 is developed by the Receiving Party or its Representatives independently of any disclosure under this Agreement, as evidenced by written records; or
- 23.3.4 is disclosed more than three (3) years after first receipt of the disclosed Proprietary Information, or three (3) years after the termination or expiration of this Agreement, whichever occurs later (the "Non-Disclosure Term"); or
- 23.3.5 is disclosed following receipt of the Disclosing Party's written consent to the disclosure of such Proprietary Information; or
- 23.3.6 is necessary to be disclosed, in the reasonable belief of the Receiving Party or its Representatives, for public safety reasons, provided, that, Receiving Party has attempted to provide as much advance notice of the disclosure to the Disclosing Party as is practicable under the circumstances.

Anything in this Article or the Agreement to the contrary notwithstanding, the Receiving Party or its Representative(s) may disclose Proprietary Information of the other Party to the extent the Receiving Party or its Representative(s) is required to do so by law, by a court, or by other governmental or regulatory authorities; provided, however, that, if permitted to do so by applicable law, the Receiving Party shall give the Disclosing Party written notice of any such required disclosure prior to such disclosure being made so that the Disclosing Party may seek a protective order with respect to such Proprietary Information. Receiving Party will reasonably cooperate with the Disclosing Party's efforts to obtain such protective order.

23.4 Each Party acknowledges that information and/or data disclosed under this Agreement may include "critical energy infrastructure information" under applicable FERC rules and policies ("CEII") and critical infrastructure protection information as defined under applicable NERC standards and procedures ("CIP"). Receiving Party shall, and shall cause its Representatives to, strictly comply with any and all laws, rules and regulations (including, without limitation, FERC and NERC regulations, rules, orders, standards, procedures and policies) applicable to any such CEII and/or CIP disclosed by or on behalf of Disclosing Party or that relates to any of Disclosing Party's or Disclosing Party's Affiliates' facilities.

Neither the Receiving Party nor its Representatives shall divulge any such CEII or CIP to any person or entity, directly or indirectly, unless permitted to do so by law and unless the Receiving Party has first obtained, in each case, the express specific written consent of the Disclosing Party and any affected Affiliate of the Disclosing Party. In any event, to the extent that the Receiving Party or any of its Representatives seeks or is ordered to submit any such CEII or CIP to FERC, a state regulatory agency, court or other governmental body, the Receiving Party shall, in addition to obtaining the Disclosing Party's and its Affiliate's prior written consent (as applicable), seek a protective order or other procedural protections to ensure that such information is accorded CEII or CIP status, as applicable, and is otherwise treated as confidential.

In the case of any Proprietary Information that is CEII or CIP, Receiving Party's obligations and duties under this Article shall survive until (i) the expiration of the Non-Disclosure Term, (ii) the date on which such CEII or CIP, as applicable, is no longer required to be kept confidential under applicable law, or (iii) the date as of which the Disclosing Party provides written notice to the Receiving Party that such CEII or CIP, as applicable, is no longer required to be kept confidential, whichever is later. With respect to CEII and CIP, in the event of any conflict or inconsistency between this Section and any other term or provision of this Agreement, this Section shall govern in connection with such CEII and CIP, as applicable.

- 23.5 Notwithstanding any provision of this Agreement to the contrary, all assets, equipment and facilities procured or constructed by or on behalf of Company, and all plans, designs, specifications, drawings and other materials and documents created or prepared by or for Company, in connection with the Work, and all title, copyright, intellectual property and other rights therein, shall be and remain the sole property of Company.
- 23.6 This Article shall survive any termination, expiration, completion, or cancellation of this Agreement.

# 24.0 Effect of Applicable Requirements; Governing Law

- 24.1 This Agreement and any actions performed by the Parties in connection with this Agreement are governed by the applicable terms of conditions of the Tariff and the rules and regulations of the NYPSC.
- 24.2 If and to the extent a Party is required to take, or is prevented or limited in taking, any action or performance with respect to this Agreement by any Applicable Requirement(s), such Party shall not be deemed to be in breach of this Agreement as a result of such compliance with the Applicable Requirement(s).

24.3 This Agreement is made and shall be interpreted, construed, governed, and enforced in accordance with the laws of the State of New York, without reference to such State's conflict-of-laws doctrine, and applicable Federal law. The Company and Customer agree to submit to the personal jurisdiction of the courts in the State of New York, or the Federal District courts in such State, as permitted by law, with respect to any matter or dispute arising out of this Agreement.

# 27.0 **Miscellaneous**

27.1 Notices; Form and Address. All notices, invoices and other communications from either Party to the other hereunder shall be in writing and shall be deemed received (i) upon actual receipt when personally delivered (provided, that, if the date of receipt is not a Day, then the date of receipt shall deemed to be the immediately succeeding Day), (ii) upon acknowledgment of receipt if sent by facsimile (provided, that, if the date of acknowledgment is not a Day, then the date of receipt shall deemed to be the immediately succeeding Day), (iii) upon the expiration of the third (3<sup>rd</sup>) Day after being deposited in the United States mails, postage prepaid, certified or registered mail, or (iv) upon the expiration of one (1) Day after being deposited during the regular business hours for next-day delivery and prepaid for overnight delivery with a national overnight courier, addressed to the other Party at the following address:

- Either Party may change its address by giving the other Party notice thereof in conformity with this Section. Any payments made under this Agreement, if made by mail, shall be deemed to have been made on the date of receipt thereof.
- 27.2 <u>EXERCISE OF RIGHT.</u> No failure or delay on the part of either Party in exercising any right, power, or privilege hereunder, and no course of dealing between the Parties, shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, power, or privilege.
- 27.3 <u>HEADINGS</u>; <u>CONSTRUCTION</u>. The descriptive headings of the several Articles, sections, and paragraphs of this Agreement are inserted for convenience only and do not constitute a part of this Agreement. Such headings shall not in any way define or affect the meaning, construction, or scope of any of the provisions hereof. Each Party and its counsel have participated fully in the review and preparation of this Agreement; this Agreement shall be considered to have been drafted by both Parties. Any rule of construction to the effect that ambiguities or inconsistencies are to be resolved against the drafting party shall not apply in interpreting this Agreement. The language in this Agreement shall be interpreted as to its fair meaning and not strictly for or against either Party.
- 27.4 INCORPORATION OF SCHEDULES AND EXHIBITS. The schedules, attachments and exhibits referenced in and attached to this Agreement shall be deemed an integral part hereof to the same extent as if written in whole herein. In the event that any inconsistency or conflict exists between the provisions of this Agreement and any schedules, attachments or exhibits attached hereto, the provisions of this Agreement shall supersede the provisions of any such schedules, attachments or exhibits.
- 27.5 PRIOR AGREEMENTS; MODIFICATIONS. This Agreement and the schedules, attachments and exhibits attached hereto constitute the entire agreement between the Parties with respect to the subject matter hereof, and supersede all previous understandings, commitments, or representations concerning such subject matter. Each Party acknowledges that the other Party has not made any representations other than those that are expressly contained herein, if any. This Agreement may not be amended or modified in any way, and none of its provisions may be waived, except by a writing signed by an authorized representative of the Party against whom the amendment, modification, or waiver is sought to be enforced. The Project Managers shall not be authorized representatives within the meaning of this Section.

- 27.6 <u>SEVERABILITY</u>. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision hereof shall be prohibited by, or determined to be invalid under, applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.
- 27.7 <u>Nouns and Pronouns</u>. Whenever the context may require, any pronouns used in this Agreement shall include the corresponding masculine, feminine, or neuter forms, and the singular forms of nouns and pronouns shall include the plural, and vice versa.
- 27.8 <u>No Third-Party Beneficiaries.</u> Nothing in this Agreement is intended to confer on any person, other than the Parties, any rights or remedies under or by reason of this Agreement.
- 27.9 <u>VALIDITY</u>. Each Party hereby represents that the provisions of this Agreement constitute valid and legally binding obligations of such Party and are enforceable in accordance with their terms.
- 27.10 <u>COUNTERPARTS</u>. This Agreement may be executed in multiple counterparts, each of which shall be considered an original. The exchange of copies of this Agreement and of signature pages by facsimile or other electronic transmission (including, without limitation, by e-mailed PDF) shall constitute effective execution and delivery of this Agreement as to the Parties and may be used in lieu of the original Agreement for all purposes. Signatures of the Parties transmitted by facsimile or other electronic means (including, without limitation, by e-mailed PDF) shall be deemed to be their original signatures for all purposes.

[Signatures are on following page.]

**IN WITNESS WHEREOF,** each Party has executed this Agreement by its duly authorized representative as of the Effective Date.

Real Property Standards Environmental Due Diligence Procedure Exhibit E

Exhibit F

#### **Exhibit A: Scope of Company Work**

The Company will perform the work listed below in connection with the Project. The Company Work is further illustrated in <u>Schedule 1</u> attached hereto.

# Civil Work (WR 30975197 and WR 30975214)

- Remove SWGR 8755 when new service(s) to Building 79 is energized
- Remove SWGR 8751 when new service(s) to Building 79 is energized
- Remove transformer 8760 when new service(s) to Building 79 is energized
- Remove transformer 8761 when new service to(s) Building 79 is energized
- Remove +/- 195' of cable (4 sets)
- Install 15 kV pad mounted PME 9 switchgear (PAD #770137)
- Install 15 kV pad mounted PME 9 switchgear (PAD #750045)
- Install manhole 750035
- Install manhole 750036
- Install +/- 60' of cable (4 sets)
- Install +/- 40' of 5" PVC
- Install +/- 25' of cable (4 sets)
- Install +/- 5' of 5" PVC

## 3 Terminal Rd. Transformer Upgrade (WR 31016374)

- Extend (2) customer owned 4" PVC conduits into manhole 750036
- Install +/- 24' of primary 3-phase cable from switchgear 770139 to transformer
- Set 2500 kva transformer and terminate cables
- Place CTs in transformer

#### 2 Terminal Rd. Transformer Upgrade (WR 30922776)

- Extend (2) customer owned 4" PVC conduits into manhole 750035
- Install +/- 24' of primary 3-phase cable from switchgear 770140 to transformer
- Set 2500 kva transformer and terminate cables
- Place current transformers (CTs) in transformer
  - Company shall install any additional appurtenant facilities or perform any additional work required to complete Company Work.

The Company Work may be performed in any order as determined by the Company. For the avoidance of doubt: the Company shall not have any responsibility for seeking or acquiring any real property rights in connection with the Company Work, the Project, or this Agreement including, without limitation, licenses, consents, permissions, certificates, approvals, or authorizations, or fee, easement or right of way interests. Neither this Agreement nor the Company Work include securing or arranging for Customer or any third party to have access rights in, through, over or under any real property owned or controlled by the Company; any such access rights would be the subject of separate written agreements.

NOTE: Company's specifications for electrical requirements referenced for this Agreement include: ESB-750; ESB-752; ESB-755 and ESB-756, Appendix A as such may be amended, modified and superseded from time to time.

See: https://www.nationalgridus.com/ProNet/Technical-Resources/Electric-Specifications

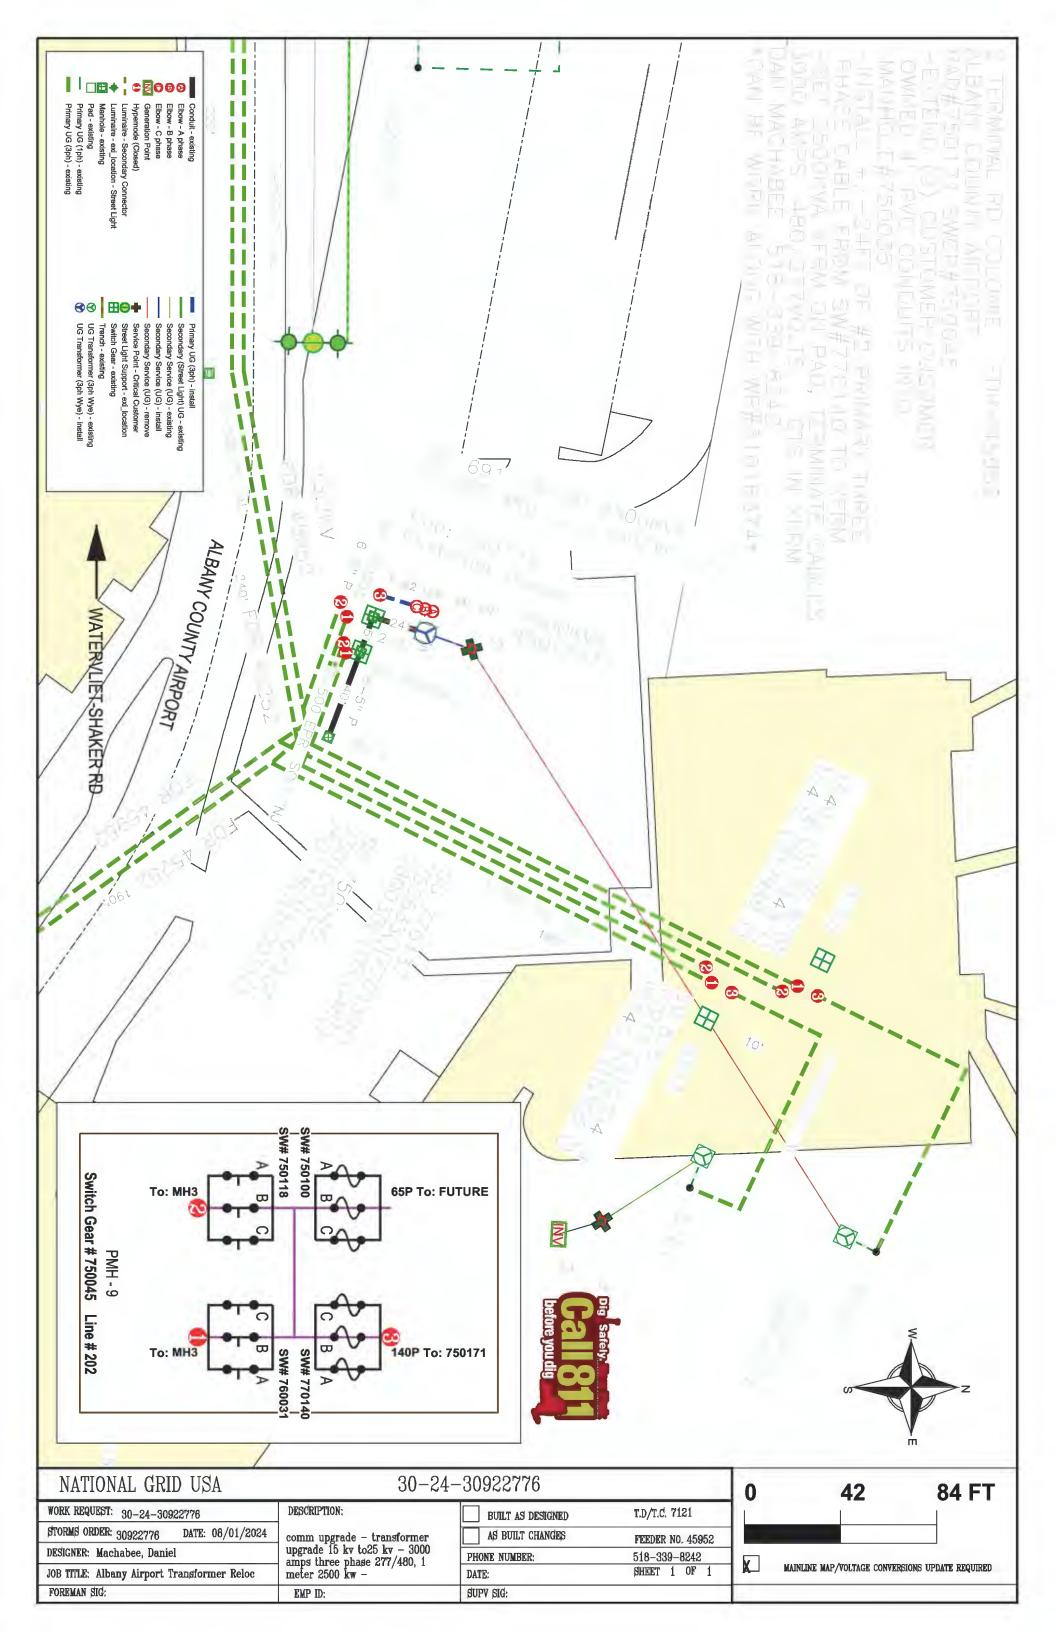

#### **Exhibit B: Customer Work**

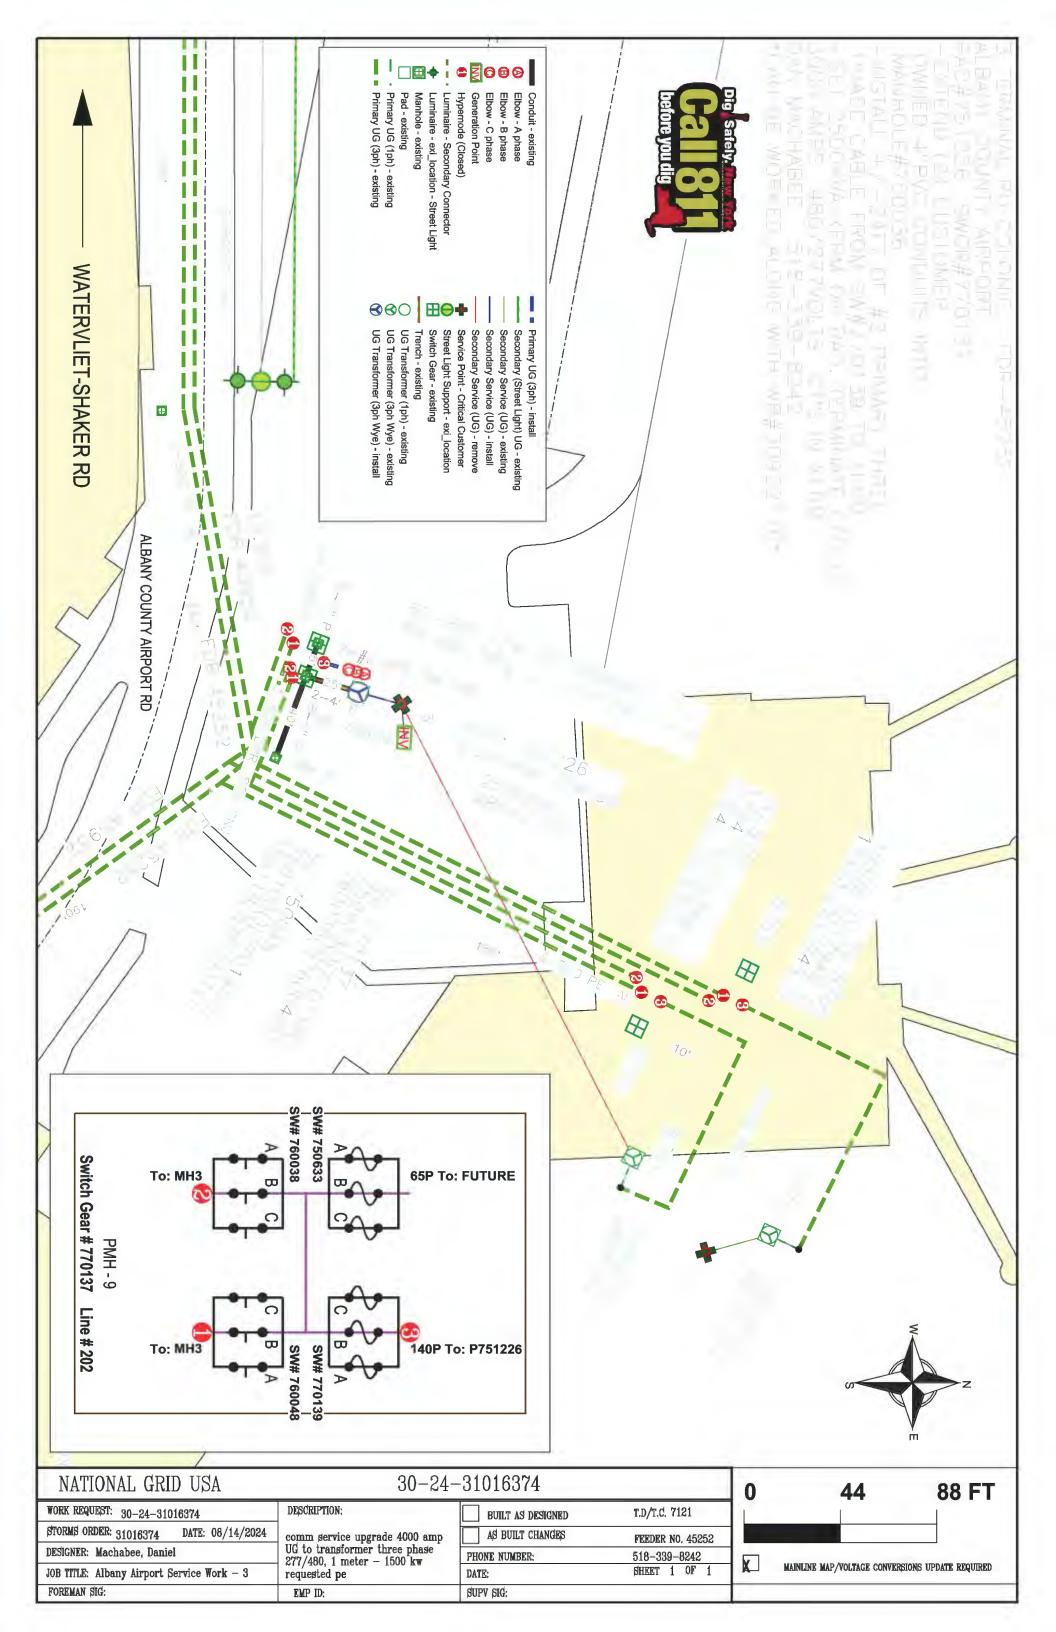

The Customer will perform the work listed below in connection with the Project.

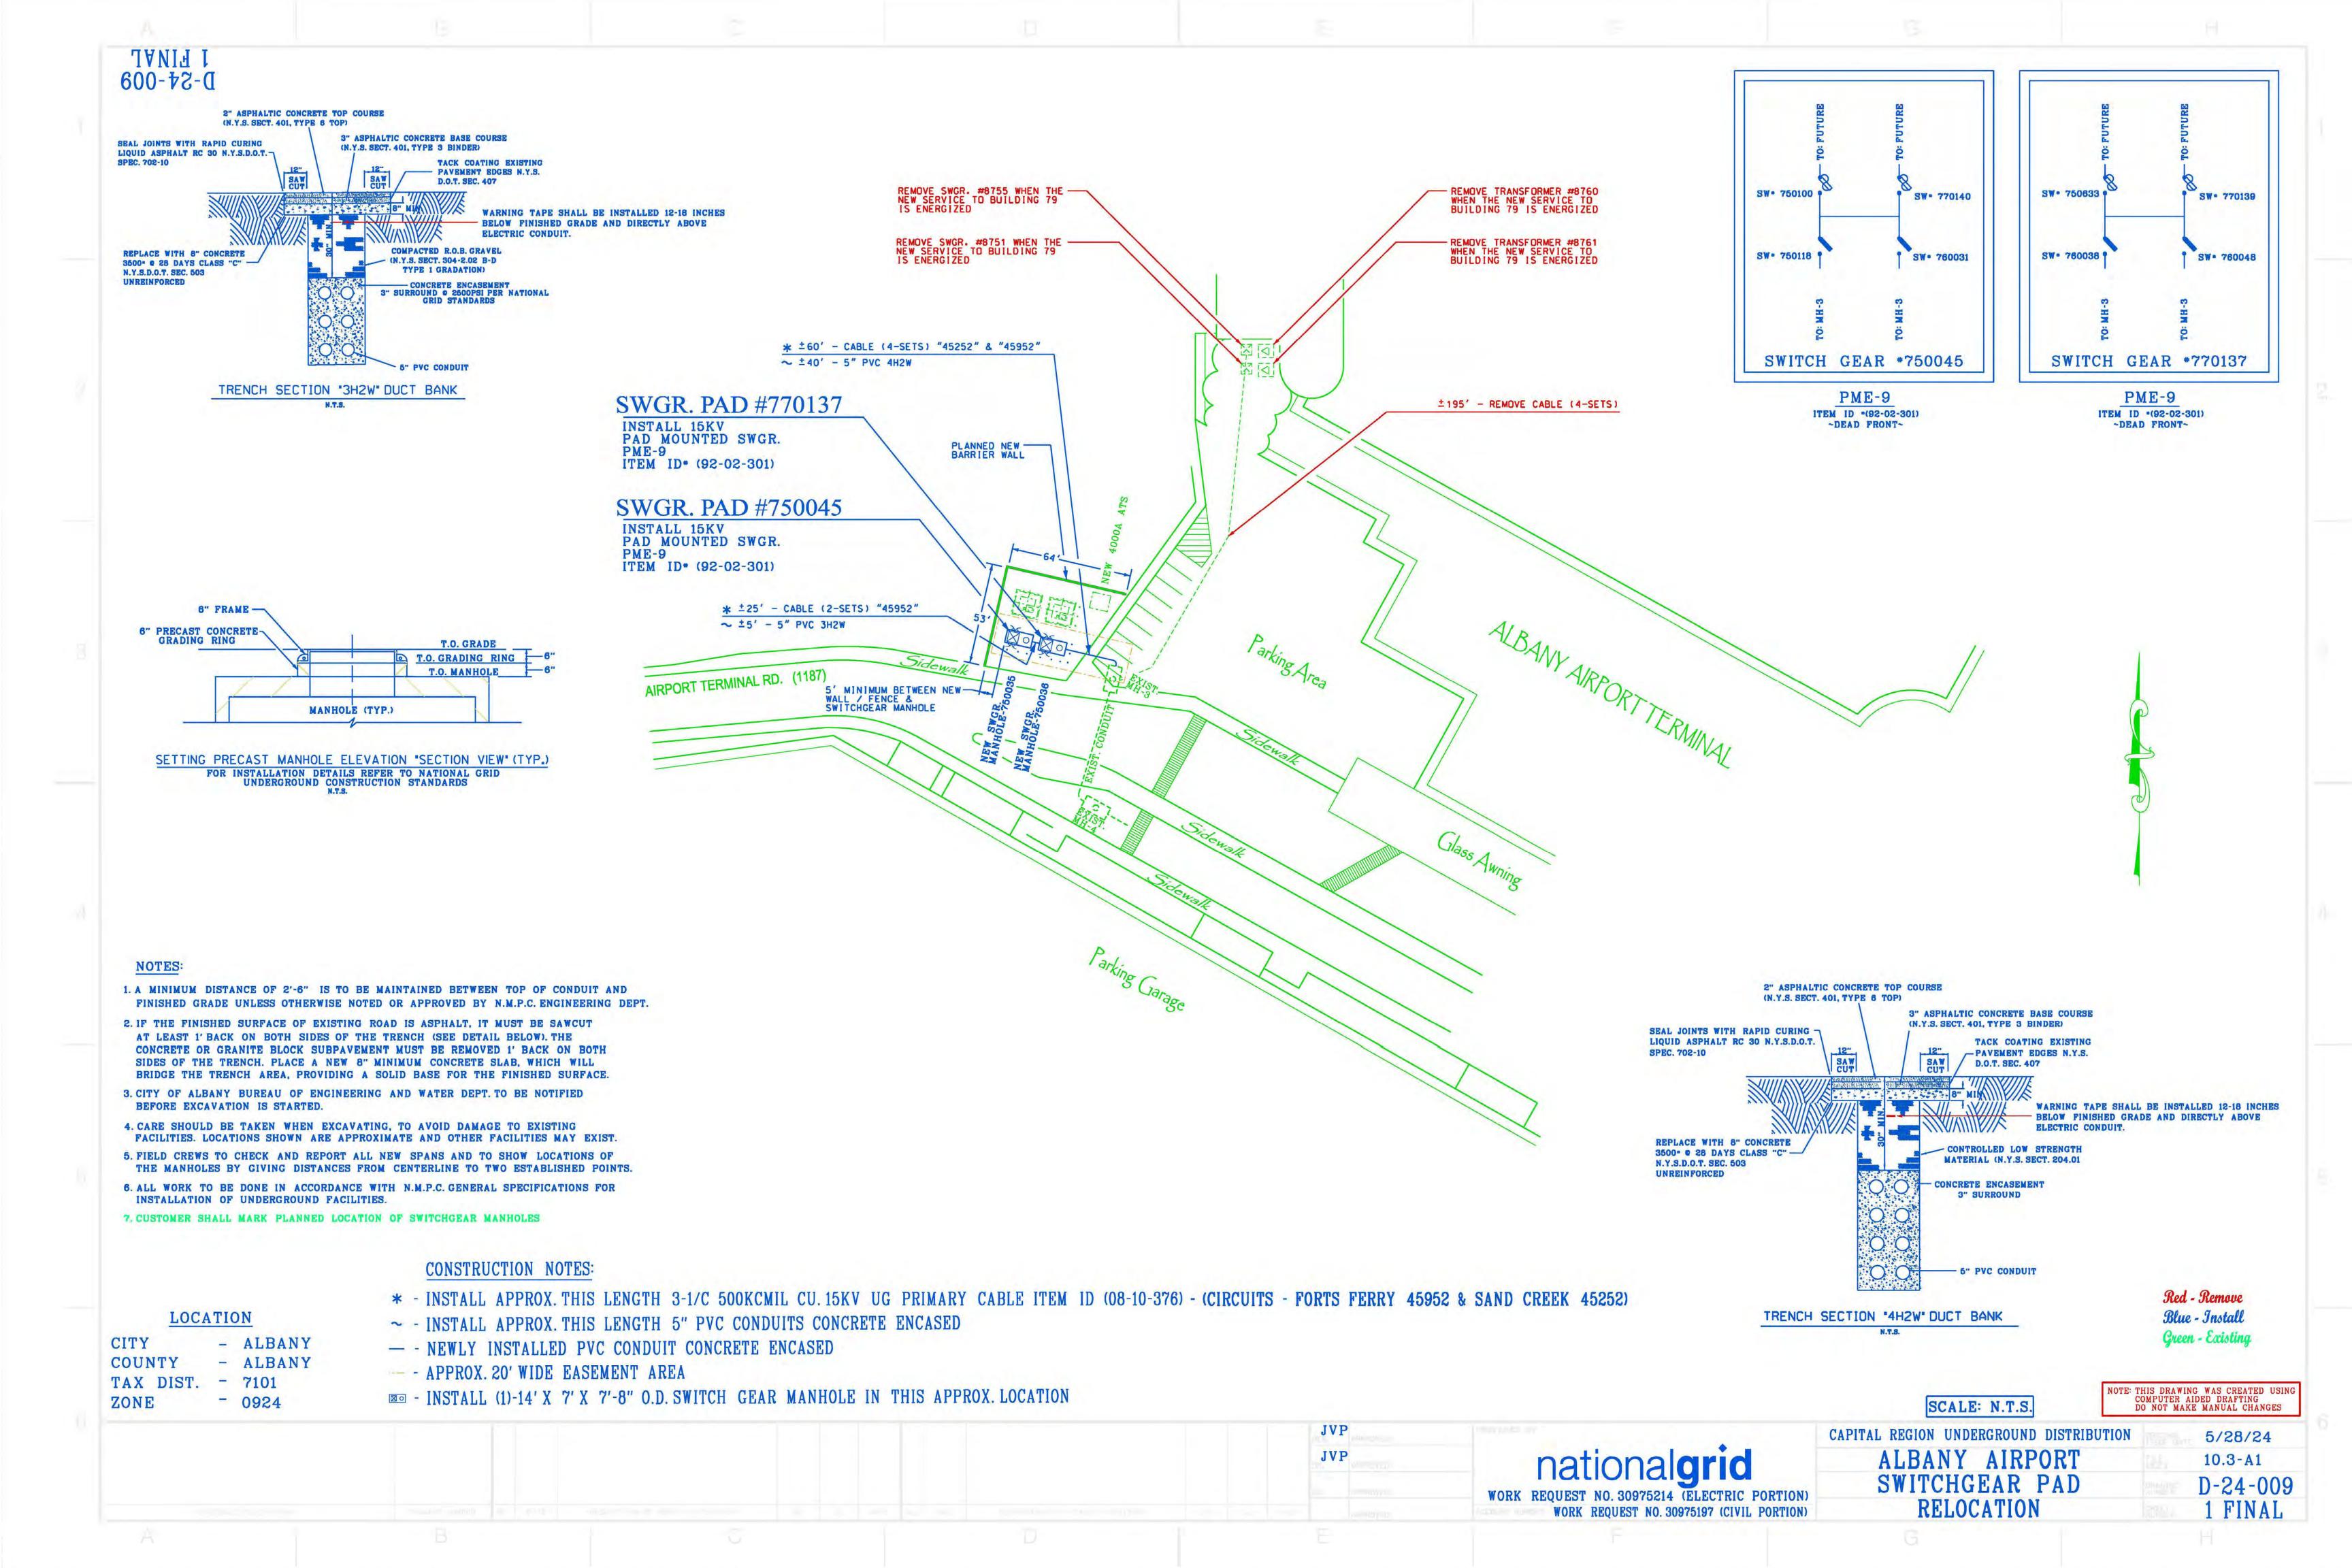

- 1. Removal of the brick wall plus fencing in the area designated for the new electric utility equipment.
- 2. Site preparation such as grading in the area designated for the new electric utility equipment.
- 3. Ensuring that the area designated for the new electric utility equipment is free from preexisting utilities.
- 4. Staking the planned locations of the new electric utility equipment onsite.
- 5. Installation and ownership of the concrete foundations plus oil containment that will accommodate the installation of Company transformers for the new service to Building 79.
- 6. Installation and ownership of the conduits that enter the concrete transformer foundations for both the secondary plus primary voltage cables. Customer conduits for primary cable shall be installed to within 2 to 3 feet of Company switchgear manholes.
- 7. Installation and ownership of the secondary cables that terminate to Company transformers for Building 79.
- 8. Removal of the secondary cables plus terminations to the preexisting transformers that currently serve Building 79.
- 9. Removal of the fencing around the preexisting transformers and switchgear that currently serve Building 79.
- 10. Customer shall grant to Company certain perpetual easements and rights for the construction, installation, testing, ownership, use, operation, and maintenance of the portions of the Project to be located on, over, across, and through Customer's property and Customer shall obtain all easements, access rights, rights-of-way, fee interests, or other rights in property necessary to accommodate Company's construction, installation, testing, ownership, use, operation, and maintenance in connection with the Project, as determined to Company's satisfaction in its sole discretion ("Real Property Rights"). Real Property Rights will be obtained and conveyed by Customer in accordance with the Real Property Standards provided in Exhibit D and in a form and substance satisfactory to Company in its sole discretion.
- 11. In undertaking or performing any work required of it under the terms of this Agreement, including, without limitation, securing the Land Use Approvals, Customer shall comply, at all times, with (i) the Real Property Standards, including, without limitation, performing all obligations of the Requesting Party as contemplated by the Real Property Standards, and (ii) the Environmental Due Diligence Procedure in <a href="Exhibit F">Exhibit F</a>, as each may be updated, amended or revised from time to time. Customer shall coordinate with the Company's Environmental Department; the Company's Project Manager will provide Customer with the name and contact information for an appropriate Company representative in the Company's Environmental Department.

- 12. Customer shall prepare, file for, and use commercially reasonable efforts to obtain all Required Approvals necessary to perform its obligations under this Agreement.
- 13. If and to the extent applicable or under the control of the Customer, provide complete and accurate information regarding the Project and the site(s) where Work is to be performed, including, without limitation, constraints, space requirements, underground or hidden facilities and structures, and all applicable data, drawings and specifications.
- 14. Customer shall provide adequate and continuous access to the site(s) where Company Work is to be performed. Such access is to be provided to Company and its contractors and representatives for the purpose of enabling them to perform the Company Work as and when needed and shall include adequate and secure parking for Company and contractor vehicles, stores and equipment.
- 15. Customer shall adhere to this scope and all other applicable Company ESBs, including, but not limited to: ESBs 751, 752, and 755.
- 16. Other responsibilities and access deemed necessary by Company to facilitate performance of the Company Work.

# **SCHEDULE 1**

## **Exhibit C: Insurance Requirements**

- Workers Compensation and Employers Liability Insurance as required by the State of New York. If required, coverage shall include the U.S. Longshoremen's and Harbor Workers' Compensation Act and the Jones Act.
- Commercial General Liability (Including Contractual Liability), covering all activities and operations to be performed by it under this Agreement, with the following minimum limits:
  - (A) Bodily Injury \$1,000,000/\$1,000,000 Property Damage - \$1,000,000/\$1,000,000 OR
  - (B) Combined Single Limit \$1,000,000 OR
  - (C) Bodily Injury and Property Damage per Occurrence \$1,000,000 General Aggregate & Product Aggregate \$2,000,000 each
- Automobile Liability covering all owned, non-owned and hired vehicles used in connection with all operations, work or services to be performed by or on behalf of either Party under or in connection with this Agreement with minimum limits of:
  - o Combined Single Limit \$1,000,000 per occurrence.
- Umbrella or Excess Liability, coverage with a minimum limit of \$ 4,000,000.
- Any combination of Commercial General Liability, Automobile Liability and Umbrella or Excess Liability can be used to satisfy the limit requirement for these coverages.
- 1. Upon request, either Party shall promptly provide the requesting Party with either evidence of insurance or certificates of insurance evidencing the insurance coverage above. Customer shall provide such certificates or evidence of insurance to Company at the following address:

To: National Grid Attn: Risk & Insurance 300 Erie Blvd. West, A-4 Syracuse, NY 13202

Company shall provide such certificates or evidence of insurance to Customer at the following address:

| To: |   |   |
|-----|---|---|
|     | [ | ٦ |
|     | Γ | - |
|     |   |   |

- 2. Should any of the above-described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions.
- 3. If a party fails to secure or maintain any insurance coverage, or any insurance coverage is canceled before the completion of all services provided under this Agreement, and such party fails immediately to procure such insurance as specified herein, then the non-defaulting party has the right but not the obligation to procure such insurance and, at its option, either bill the cost thereof to the defaulting party or deduct the cost thereof from any sum due the defaulting party under this Agreement.
- 4. To the extent requested, each Party shall furnish to the other Party copies of any accidents report(s) sent to the furnishing Party's insurance carriers covering accidents or incidents occurring in connection with or as a result of the performance of the Work for the Project under this Agreement.
- 5. Each Party shall comply with any governmental and/or site-specific insurance requirements even if not stated herein.
- 6. By the date that such coverage is required, each Party represents to the other Party that it will have full policy limits available and shall notify the other Party in writing when coverages required herein have been reduced as a result of claim payments, expenses, or both.
- 7. Customer shall name National Grid USA, its direct and indirect parents, subsidiaries and affiliates as an additional insured for all coverages except Workers' Compensation and Employers Liability Insurance in order to provide the Company with protection from liability arising out of activities of Customer relating to the Project and associated Work.

# **Schedule D: Form of Easement**

## **Exhibit E: Real Property Standards**

# STANDARDS AND REQUIREMENTS RELATING TO THIRD PARTY ACQUISITION AND TRANSFER OF REAL PROPERTY INTERESTS TO NIAGARA MOHAWK POWER CORPORATION FOR ELECTRIC FACILITIES

The standards set forth herein are intended to apply generally in cases where real property interests are acquired by third parties and transferred to Niagara Mohawk Power Corporation ("NMPC") in connection with the construction of new electric facilities (the "New Facilities"). NMPC advises, however, that it may impose additional or modified requirements in its sole discretion and/or on a case-by-case basis and, therefore, reserves the right to amend, modify or supplement these standards at any time prior to transfer/acceptance. Third parties shall not deviate from these guidelines unless expressly authorized in writing by NMPC.

# 1. General Requirements

Unless otherwise expressly authorized in writing by NMPC, a third party requesting relocation of NMPC electric facilities and/or responsible for siting and constructing the New Facilities (the "Requesting Party") shall acquire all interests in real property that, in the opinion of NMPC, are necessary for the construction, reconstruction, relocation, operation, repair, maintenance, and removal of such Facilities. Further subject to the standards set forth herein, the Requesting Party shall obtain NMPC's approval of the proposed site or sites prior to the Requesting Party's acquisition or obtaining site control thereof. As a general rule, the Requesting Party shall acquire a fee-ownership interest for all parcels upon which a substation, point of interconnection station or other station facility will be located and transferred to NMPC, and either a fee-ownership interest or a fully-assignable/transferable easement for all parcels upon which any other New Facilities will be located and transferred to NMPC. The Requesting Party shall pay and be solely responsible for paying all costs and expenses incurred by the Requesting Party and/or NMPC that relate to the acquisition of all real property interests necessary and proper to construct, reconstruct, relocate, operate, repair, maintain and remove, as applicable, the New Facilities. The Requesting Party shall pay and be solely responsible for paying all costs associated with the transfer of real property interests to NMPC, including, but not limited to, closing costs, subdivision costs, transfer taxes and recording fees. The Requesting Party shall reimburse NMPC for all costs NMPC may incur in connection with transfers of real property interests. Title shall be transferred only after having been determined satisfactory by NMPC. Further, NMPC reserves the right to condition its acceptance of title until such time as the New Facilities have been constructed, operational tests have been completed, and the New Facilities placed in service (or determined by NMPC to be ready to be placed in service), and the Requesting Party is strongly advised to consult with NMPC's project manager as to the anticipated sequencing of events.

(allocation of responsibility for payment of real estate taxes following the transfer to be determined on a case-by-case basis).

Prior to such transfer, the Requesting Party shall furnish to NMPC the original costs of <u>any</u> improvements by type/category of property; i.e., conductors, towers, poles, station equipment, etc. These original costs will show year of construction by location of such improvements. This information may be transmitted by NMPC to Federal, State or local governmental authorities, as required by law.

## 1.1. Title Documentation; Compliance with Appropriate Conveyancing Standards

The real property interests necessary for the construction, reconstruction, relocation, operation, repair, maintenance and removal of the New Facilities shall be conveyed to NMPC in fee simple (by warranty deed) or by fully-assignable/transferable easement approved by NMPC, with good and marketable title free and clear of all liens, encumbrances, and exceptions to title for a sum of \$1.00. With respect to any approved conveyance of easements, the Requesting Party shall subordinate pertinent mortgages to the acquired easement rights. The Requesting Party shall indemnify, defend, and hold harmless NMPC, its agents and employees, officers, directors, parent(s) and affiliates, and successors in interest, from all liens and encumbrances against the property conveyed. The Requesting Party further agrees to provide to NMPC a complete field survey (with iron pin markers delineating the perimeter boundaries of the parcel or the centerline of the entire right-of-way in the case of an electric transmission line), an abstract of title (of at least 40 years or such longer period as may be required by NMPC on a case-by-case basis), and a 10-year tax search for real property interests to be transferred to NMPC. The Requesting Party shall be required to provide NMPC with a title insurance commitment with a complete title report issued by a reputable and independent title insurance company for any real property rights in fee or easement that are to be transferred to NMPC. At the time of the transfer of such interests to NMPC, the Requesting Party shall provide a title insurance policy naming NMPC as the insured covering the real property interests, in fee or easement, that are to be transferred to NMPC.

The Requesting Party shall provide such title documentation and title insurance as shall be required by the NMPC real estate attorney assigned to review and close the transfer of ownership from the Requesting Party to NMPC. The Requesting Party shall request direction from such attorney with respect to preparation of abstracts of title, title insurance commitments and policies, and preparation of boundary surveys that comply with ALTA/ACSM Land Title Survey Standards and which must conform to proposed legal descriptions. The Requesting Party will be provided legal forms which include acceptable language and format for title transfer. Title shall be determined satisfactory by the NMPC real estate attorney in his or her sole discretion.

Title requirements of NMPC shall be of a reasonable nature and consistent with legally sound title practice in the applicable jurisdiction. Without limiting the foregoing, title shall not be encumbered by any liens or encumbrances superior to or on par with any

applicable lien of NMPC's indentures or otherwise deemed objectionable by the NMPC real estate attorney so assigned. All title insurance fees and premiums (including, without limitation, costs of title insurance policy endorsements) shall be paid by the Requesting Party at or prior to the date of transfer.

The Requesting Party shall provide to NMPC conformed copies of all necessary real property interests not prepared by, or directly for, or issued to NMPC.

#### 1.2. Forms

The Requesting Party shall use NMPC-approved forms (including form subordination agreements) for obtaining, recording and transferring fee-owned right-of-way and easements. Proposed changes to such forms shall be discussed with and agreed upon with the assigned NMPC real estate attorney.

# 2. Areas Where Easements/Permits Are Acceptable

#### 2.1. Railroads

Where the New Facilities will cross railroads, the Requesting Party shall obtain railroad crossing permits or other standard railroad crossing rights prior to constructing the crossing.

#### 2.2. Public Land

Where the New Facilities will cross public land, the Requesting Party shall obtain an easement for the crossing and/or any permits necessary to construct, operate and thereafter maintain such Facilities.

#### 2.3. Highways and Other Public Roads

Where the New Facilities will cross highways or other public roads, the Requesting Party shall obtain crossing permits, easements, or other standard highway crossing rights prior to constructing the crossing, from the agency or agencies authorized to issue such rights.

# 2.4. Off Right-of-Way Access

In all cases, the Requesting Party will obtain access/egress rights to the New Facilities acceptable to NMPC. Where construction and maintenance access along the fee-owned or easement strip is not possible or feasible, the Requesting Party shall obtain easements for off right-of-way access and construct, where necessary, permanent access roads for construction and future operation and maintenance of the New Facilities. NMPC will review the line route for maintenance access and advise the Requesting Party of locations requiring permanent off right-of-way access. The Requesting Party shall obtain permanent easements and construct the permanent maintenance access

roads. Typically, a width easement of 25 feet maximum shall be obtained for off right-of-way access, but the dimensions shall be per NMPC requirements on a case-by-case basis.

The Requesting Party shall obtain all necessary rights of access and licenses, including adequate and continuing rights of access to NMPC's property, as necessary for NMPC to construct, operate, maintain, replace, or remove the New Facilities, to read meters, and to exercise any other of its obligations from time to time. The Requesting Party hereby agrees to execute any such further grants, deeds, licenses, assignments, instruments or other documents as NMPC may require to enable it to record such rights-of-way, easements, and licenses.

#### 2.5. Temporary Roads

The Requesting Party shall obtain temporary easements for access roads which are necessary for construction, but not for future operation and maintenance of, the New Facilities. NMPC shall concur with respect to any temporary roads being acquired versus permanent roads. If any disagreements occur with respect to the type of road being needed, NMPC's decision shall be final. In the event NMPC determines that permanent roads will not be required for operation and maintenance (including repair or replacement), easements for temporary roads shall not be assigned or otherwise transferred to NMPC by the Requesting Party.

# 2.6. Danger Trees

If it is determined that the fee-owned or principal easement strip is not wide enough to eliminate danger tree concerns, the Requesting Party shall obtain additional permanent easements for danger tree removal beyond the bounds of the principal strip. The additional danger tree easement rights may be general in their coverage area, however if a width must be specified, NMPC Forestry shall make that determination but in no case shall less than 25' feet be acquired beyond the bounds of the principal strip.

#### 2.7. Guy and Anchor Rights

The Requesting Party shall obtain an additional permanent fee-owned strip or easement for guys and anchors when the fee-owned or principal easement strip is not wide enough to fully contain guys, anchors and, other such appurtenant facilities.

#### 3. Dimensions

Dimensional requirements with respect to electric station/substation facilities will vary on a case-by-case basis. In all cases, however, the Requesting Party shall obtain sufficient area to allow safe construction, operation and maintenance of the New Facilities, in conformity with applicable land use and environmental laws, rules and regulations, including, without limitation, bulk, setback and other intensity requirements of applicable zoning ordinances, subdivision regulations, and wetlands setback requirements. Basic width for the fee-owned

or easement strip for transmission lines shall be determined by and subject to review and approval by NMPC. NMPC will advise the Requesting Party if there will be any additional right-of-way requirements. This requirement may be modified by the agreement of the parties as the scope of the project is further developed or if there are changes to the project. Where extreme side-hill exists, additional width beyond the 25 feet may be required on the uphill side of the strip to allow additional danger tree removal.

Where guyed angle structures are to be installed, additional fee strip widths or permanent easement shall be obtained by the Requesting Party on the outside of the angle to provide for installation of guys and anchors within the fee-owned strip or permanent easement. The width of the additional strip shall be a minimum of 25 feet. The length of the strip shall be sufficient to assure that all guys and anchors will fall within the fee-owned strip.

#### 4. Eminent Domain

If condemnation in NMPC's name is required, the Requesting Party shall contact NMPC's project manager for additional details on any assistance NMPC may provide. Typically, the Requesting Party shall prepare all acquisition maps, property descriptions and appraisals. Contact shall be made with NMPC's surveyor, right-of-way supervisor and legal department, and all requirements shall be closely followed. The Requesting Party shall also prepare an Environmental Assessment and Public Need report (Environmental Impact Statement or equivalent) and any other report or reports which may be required. A certified survey may also be required. NMPC must approve the Requesting Party's attorney for all condemnation hearings and proceedings. NMPC participation in such proceedings will be required at the Requesting Party's sole cost and expense. The Requesting Party shall contact NMPC attorneys prior to undertaking any condemnation proceedings for proper procedures to follow. To the extent legally permissible, NMPC reserves the right to refuse the use of condemnation by the Requesting Party (if the Requesting Party has the legal authority to commence and conduct an eminent domain proceeding), or by itself, in its sole discretion.

#### 5. Use of Existing NMPC Right-of-Way

Existing NMPC right-of-way will not be available for use for the New Facilities unless NMPC Engineering, Planning and Operating departments agree to the contrary. The Requesting Party will pay a mutually acceptable cost to use such lands if NMPC gives internal approval.

#### 6. Public Right-of-Way

If the Requesting Party must use public right-of-way for the New Facilities, the Requesting Party shall arrange for and reimburse NMPC and/or other utilities for any relocation which may be necessary.

#### 7. General Environmental Standards

The Requesting Party agrees that, prior to the transfer by the Requesting Party of any real property interest to NMPC, the Requesting Party shall conduct, or cause to be conducted, and be responsible for all costs of sampling, soil testing, and any other methods of investigation which would disclose the presence of any Hazardous Substance which has been released on the Property or which is present upon the Property by migration from an external source, and which existed on the Property prior to the transfer, and shall notify NMPC in writing as soon as reasonably practicable after learning of the presence of Hazardous Substance upon said Property interest. The Requesting Party agrees to indemnify, defend, and save NMPC, its agents and employees, officers, directors, parents and affiliates, harmless from and against any loss, damage, liability (civil or criminal), cost, suit, charge (including reasonable attorneys' fees), expense, or cause of action, for the removal or management of any Hazardous Substance and relating to any damages to any person or property resulting from presence of such Hazardous Substance. The Requesting Party shall be required, at its sole cost and expense, to have a Phase I Environmental Site Assessment ("Phase I ESA") conducted on any such property which may be legally relied upon by NMPC and which shall be reviewed and approved by NMPC prior and as a condition to transfer. NMPC further reserves the right, in its sole discretion, to require that the Requesting Party have a Phase II Environmental Site Assessment conducted on any such property, also at the Requesting Party's sole cost and expense, if NMPC determines the same to be necessary or advisable, which (if required) shall be reviewed and approved by NMPC prior and as a condition to transfer.

# 8. Indemnity

The Requesting Party shall be responsible for defending and shall indemnify and hold harmless NMPC, its directors, officers, employees, attorneys, agents and affiliates, from and against all liabilities, expense (including litigation costs and attorney's fees) damages, losses, penalties, claims, demands, actions and proceedings of any nature whatsoever for construction delays, construction or operations cessations, claims of trespass, or other events of any nature whatsoever that arise from or are related to an issue as to the sufficiency of the real property interests acquired or utilized by the Requesting Party for the construction, reconstruction, operation, operation, repair, and maintenance of the New Facilities. In no event shall NMPC be held liable to the Requesting Party or third parties for consequential, incidental or punitive damages arising from or any way relating to an issue as to the sufficiency of the real property interests acquired or utilized by the Requesting Party (including, but not limited to, those real property interests from NMPC) for the construction, reconstruction, relocation, operation, repair, and maintenance of the New Facilities.

# **Exhibit F: Environmental Due Diligence Procedure**

This document outlines the appropriate level of environmental due diligence that the Third Party must perform for the transaction of properties with National Grid, if necessary. The work practices are consistent with those contained in ASTM International Standards and "All Appropriate Inquiry" federal legislation.

#### 1.0 DEFINITIONS

*Property:* Third Party owned real property including, but not limited to, electrical, gas, generation, and LNG facilities; stations/substations; office buildings; operations centers; staging areas; and vacant land.

Property Transaction: Property transactions are defined to include:

- The sale or lease of a National Grid-owned property to a Third Party;
- The termination of a lease for a property currently leased by National Grid from a Third Party;
- The purchase or lease by National Grid of a property from a Third Party.

#### 2.0 **DUE DILIGENCE PROCESS**

All environmental due diligence activities in support of a property transaction must be coordinated by the Third Party with their Environmental Consultant. Due diligence should be conducted early in the property management process since the results of the due diligence could impact property management decisions. Due diligence must be conducted by an Environmental Consultant hired by the Third Party.

The level of due diligence should be commensurate with the transaction and its potential risk.

For property transactions involving property purchase or sale, the current ASTM Standard Practice for ESAs must be followed (ASTM E-1527-13) and all readily available information on the subject property's environmental conditions must be obtained using the steps outlined in Sections 3.1 - 3.5, as appropriate. Additional activities may also be warranted based on the findings, including but not limited to, Phase II ESA (ASTM E 1903) activities.

For other types of transactions (e.g. leases), the level of due diligence required may vary. Appropriate components of the Phase I ESA process may be employed to complete the due diligence process for these types of transactions.

Documentation of environmental due diligence activities and associated recommendations by the Environmental Consultant must be prepared to support all due diligence activities, regardless of the type of transaction under consideration.

#### 2.1 Records Review

Records that are readily available regarding current and historical site use and facility operations must be reviewed. Information that should be researched may include but not be limited to:

- Aerial photos
- Information regarding the property's historic use (Assessor's records, street directories, fire insurance maps, building department records, etc.)
- Oil-filled equipment management
- Use and storage of hazardous materials
- Former aboveground or underground storage tank locations
- Presence of dry wells, septic systems, or other underground injection structures
- A determination regarding whether an environmental deed restriction has been placed on the property
- Former pole storage locations
- Spill history/records
- Facility drawings
- Company archives
- Facility documents and reports (e.g., asbestos surveys)
- Deposition of soil and/or material that may have altered or impacted natural resources (e.g., filling in wetlands, altering the natural course of a protected stream)
- Other site-specific information.

# 2.2 Interviews with Knowledgeable Personnel

Personnel knowledgeable regarding current and former facility operations, and other persons knowledgeable of the property (including local officials), must be interviewed.

#### 2.3 Site Reconnaissance

A site inspection must be conducted of the property. Items to be noted may include but not be limited to:

- Current site use
- Aboveground or underground storage tanks
- Stained soils or concrete
- Current location of oil-filled equipment storage and hazardous substances
- Unusual odors
- Groundwater monitoring wells
- Drywells, catch basins, drainage swales, sumps
- Soil/material stockpiles
- Waste storage areas
- Asbestos-containing materials
- Wastewater treatment
- Adjacent property usage
- Presence of hydraulic equipment
- Stressed vegetation.

# 2.4 Regulatory and Local Agency Review

Federal and state environmental regulatory databases and lists must be reviewed to determine if the property is of "listed" status. In addition, local environmental regulatory agencies must be contacted to inquire about environmental conditions at the site.

#### 2.5 Data Collection

The collection of samples for environmental analysis is based on the results of a Phase I ESA. If recommended, a Phase II ESA shall be completed.

If possible, samples may be collected with the written permission of the current property owner.

Important factors to consider in addition to Phase I ESA results:

- Facilities with limited operational histories (e.g., office work) generally will not require the collection of samples.
- Facilities with current and/or former oil-filled equipment storage areas, waste management areas, gas liquid storage areas, or hazardous waste storage areas generally will require sample collection. The Environmental Consultant will determine the suite of parameters for laboratory analysis.
- Facilities with former locations of aboveground or underground storage tanks generally will require sample collection if insufficient documentation exists regarding the previous tank closure.
- Facilities with current and/or former utility equipment storage locations (e.g., pole storage, mercury regulator storage, oil-filled equipment storage) generally will require sample collection.

#### 2.6 **Due Diligence Documentation**

A written report of the results of the environmental due diligence must be developed under the direction of the Environmental Consultant. The report must state a conclusion regarding whether environmental contamination was observed or is potentially present at the facility. The written report must be distributed to National Grid.

#### 3.0 DIVERGENCE FROM THE GUIDANCE CONTAINED IN THIS CHAPTER

National Grid has the authority to approve divergence from the guidance contained in this Environmental Due Diligence Procedure. Such decisions will be made on a case-by-case basis taking into account site-specific conditions.

# 4.0 COORDINATION WITH PROSPECTIVE BUYERS OF NATIONAL GRID PROPERTIES

Third Parties who are prospective buyers of National Grid property have the right to conduct, at their own expense, an environmental assessment. It is in the buyer's best interest to perform a due diligence inquiry in order to obtain exemption from liability under Federal and State Superfund laws. National Grid may share environmental information related to the subject property with the prospective buyer under a signed confidentiality agreement, however the buyer may not rely on this information solely in meeting their due diligence requirement. National Grid must receive a copy of the environmental assessment report, Phase I and Phase II from the prospective buyer. Any sharing or dissemination of information between parties should be coordinated by the National Grid Legal Department.

# 5.0 POST-TRANSACTION REQUIREMENTS

Upon completion of the transaction, the Third Party must notify National Grid. The following information, as appropriate, should be provided:

- Date of real property closing;
- Name of new owner;
- Address of new owner; and,
- Copies of all reports and documents generated by the transaction.

STATE PIN: <u>N/A</u>

#### **JUSTIFICATION:**

Request to approve Change Order No. 4 for Contract # 21-1082-INT STR. This work includes a variety of necessary changes were made to the project involving additional cost items. These included changes directed by the Authority, clarifications to the contract documents, code compliance modifications and unforeseen alterations to the Terminal improvement project. The significant changes are highlighted below:

<sup>\*</sup>Pending Board Approval at this meeting.

AGENDA ITEM NO: 11.1 MEETING DATE: April 16, 2025

- 1. Reference PCO-142 (rev.): This change addresses the additional work that needed to be done by the electrical subcontractor (Add \$109,637.00). The additional work includes relocation of the ATS and associated panel board, along with new higher capacity panels and switches in preparation for the Transformer upgrade (not part of this project), to ensure that the entire Terminal the electrical power to operate all systems concurrently.
- 2. Reference PCO-065b: The existing FDC on the north garage needed to be relocated to maintain ARFF access during construction. (Add \$500.00).

Craig, Attached please find our Revised CO PROPOSAL - 6846-23R1 NOC # 50 ASI-078 Electrical Phasing 241105. While validating feeder routing it was found that the original location of ATS-6 was G136 versus the defined location in Rm G135. This work will require coordinating 2-outages for various areas of B-79. Please let us know if you have any questions.

Sincerely, Everett Jones, PE (518) 391-1398

RE: Albany Airport BP-04 - NOC # 50 ASI-078 Electrical Phasing BP-04

#### Craig,

Martin Electric is pleased to provide this Revised CO Proposal for the above-mentioned project. Please review our clarifications and exclusions for this scope and thank you for this opportunity.

# SCOPE OF WORK

- Relocation of Panel PB-1LC, associated feeder, & branch circuits to accommodate new ATS-6. This work will require an outage of 8 hours to splice the feeder and branch circuitry.
- Installation of new ATS-6 in Room G135 (No charge-in Base Contract-Furnished by BP-03)
- Furnish and install a new 800A Fused Disconnect Switch.
- Furnish and install a new 800A normal power feeder from the new ATS-6 to the new 800A Disc Switch.
- Furnish and install a new 800A normal power feeder from the new 800A Disc Switch to the existing ESB-1 Switchboard.
- Furnish and install a new bus tap to the existing ESB-1 Switchboard versus factory bussed section connection. This work will require a second outage of 8 hours to splice the feeder and branch circuitry.
- Increase ATS Emergency power feeder distance from Genset to ATS (3-parallel feeders x 50'). Original ATS location Mech Rm G136 now G135.
- Increase ATS Load power distance from 3<sup>rd</sup> Floor to new location of ATS. (3-parallel feeders x 50') Original ATS location Mech Rm G136 now G135.

#### CLARIFICATIONS

- EMT Conduit and Copper Conductors are the basis of this proposal.
- Coordinate work with MLB.
- All Labor, Material, Management, Equipment, Tools, and Service Vehicles included.
- Please reference updated PROPOSAL TERMS, regarding the Commodities Market.

#### **APPROACH**

Martin Electric plans to approach this project in the following manner:

- Review all the requirements of the systems/equipment to be installed with the appointed representative.
- Review and determine with the site representative the proposed routing, for approval, prior to installation of conduit, and wire.
- Review and make every effort to expedite delivery of long lead materials.
- Complete the installation of the required services within schedule, unless delayed by others.
- Evaluate project activity periods and maintain scheduled activity completions.

#### **EXCLUSIONS**

- Dumpster Cost of any type.
- Cost for seismic restraints of any type.
- All field modifications of equipment furnished by others.
- Third party or certification testing of the electrical systems.
- Any concrete, cutting, patching, or painting.
- Any excavation and backfill.
- · Fireproofing not included.
- Factory Bus Section Connection for ESB-1 (36-Week Lead time ARO-No Room)-Excluded.
- BIM modeling as this is temporary power phasing-Final As-Builts to be provided.
- Temporary power and or genset power for the shutdown of ESB-1 and PP-1LC.
- Sunday or Holiday work for 2-outages.

#### PROPOSAL COST

Based on the Services to provide the Proposed Scope of Work, the Approach, and the Clarifications, Inclusions and Exclusions listed above; Martin Electric is proposing the amount of:

| MATERIAL | \$<br>35,352  |
|----------|---------------|
| LABOR    | \$<br>69,529  |
| TOTAL    | \$<br>104,881 |

DEDUCT ALT # 1 - Furnish 800A Fused Disconnect Switch if furnished by BP-03

(\$6,927)

#### PROPOSAL TERMS:

Terms for payment shall be net 30 days based on a schedule of values from the contract. This quote is valid for 15 days due to the current market for commodities and Material pricing will be updated, as necessary, upon the date of Approval, and is made contingent upon both parties reaching mutually agreeable terms and conditions.

#### NOTICE:

THIS PROPOSAL IS CONTINGENT ON A LACK OF IMPACT BY THE CORONAVIRUS NATIONAL EMERGENCY. Given the existence of the coronavirus pandemic, Martin Electric Inc. will use its best efforts to staff and supply this project to be able to hit the scheduled completion date but reserves its right to seek an excusable extension of time if Martin Electric Inc., or its subcontractors and suppliers are unable to maintain planned crew sizes due to the illness, supply shortages or governmental restraints on business, travel and/or assembly. To the extent that the project is suspended pursuant to the terms of the proposed Martin Electric Inc. Subcontract, we intend to seek additional costs associated with the suspension.

## **SIEMENS**

## **Proposal**

#### **Global Notes:**

#### **Important Update:**

Siemens reserves the right to make partial deliveries or modify its labor or services. While Siemens shall make every commercially reasonable effort to meet the delivery or service or completion date mentioned above, such date is subject to change and buyer shall not be entitled to any damages resulting from such delays.

#### **Cancellation Schedule:**

In the event that Buyer cancels the purchase order, or portions of the purchase order in writing, the following charges, as a percentage of the total purchase order price for the order, or application portions thereof, will apply:

| After receipt of order or before approval drawings are completed       | 15%  |
|--|------|
| After approval drawing completion, but before release to manufacturing | 30%  |
| Before start of fabrication, but after major component purchase        | 60%  |
| After start of fabrication, but before start of assembly               | 80%  |
| After assembly has started   | 100% |

| Price Policy: Standa | ard duote is vai | d for 30 davs | i from price | approval date. |
|----------------------|------------------|---------------|--------------|----------------|
|----------------------|------------------|---------------|--------------|----------------|

## Costs:

Acceleration Siemens published manufacturing lead times remain subject to change. Customer lead time reduction requests and corresponding acceleration costs will be evaluated on a case by case basis by Siemens. Where Customer has paid Siemens increased costs to reduce lead times and Siemens fails to timely ship relevant product, Siemens may in its discretion and as Customer's sole and exclusive remedy for delay, elect to refund customers a portion of the acceleration costs. proportionate to the actual reduction in lead time. This policy reflects Siemens' commitment to both efficient delivery and customer satisfaction.

### Hold for Release **Pricing:**

Unless Siemens has agreed with the customer in writing, in advance to fixed pricing for an extended release date, any orders entered into COMPAS that have not been released by the customer within 90 days shall be subject to a price increase reflecting the current pricing at time of release. If Buyer refuses to accept price increase Siemens shall reserve the right to cancel the order.

### Shipping:

Shipment of goods will be made after receipt of all the following at Company's production facility: (a) Purchase Order / Electronic PO, (b) Technical Information, and if required (c) Drawing Approval.

#### Freight:

Freight allowed on all orders over \$1,000 and shipped within the contiguous United States, provided Seller selects the Route Option: BESTRT -Best Route.

#### **Delivery:**

FOB Shipping Point, unless stated otherwise.

#### **Small Order** Handling:

Purchase orders below \$400 will incur a \$25 Small Order Handling (SOH) Fee.

## Warranty:

Warranty shall be in effect for a period of (1) year from initial operation of the goods but not more than eighteen (18) months from Siemens, shipment of the goods, unless stated otherwise.

## Payment:

Payment shall adhere to the following schedule unless stated elsewhere in the proposal:

#### Subset of Products with Always-Progress Payments:

Siemens Power System Studies:

Initial Payment: 50% upon completion of power study modeling submittal Final Payment: 50% upon completion of final power study deliverable

### Siemens Startup Lines:

Initial Payment: 20% upon receipt of purchase order

## **SIEMENS**

### **Proposal**

Intermediate Payment: 20% upon service mobilization
Final Payment: 60% upon completion of startup and commissioning

#### Additional Progress Payments for Orders Over \$3 Million:

Initial Payment: 20% upon receipt of purchase order Final Payment:80% upon shipment from the factory Notes:The payment schedule for orders under \$3 million follows the always-progress payments.

Any changes to the milestone payment schedule listed above must be approved in writing by Siemens and the customer.

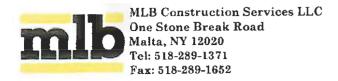

#### Other:

This proposal is subject to credit approval and US government regulation. It is also based on the Company's interpretation of the plans and specifications and is subject to correction for errors in such plans or specifications. This document and any other documents specifically referred to as being a part hereof constitute the entire agreement on the subject matter and it shall not be modified except in writing signed by both parties.

THIS PROPOSAL IS BASED UPON SIEMENS STANDARD TERMS AND CONDITIONS OF SALE ATTACHED HERETO AND INCLUDED HEREIN. Company hereby objects to any additional or different terms set forth in Purchaser's request for proposal, specifications, purchase order, or any other document of Purchaser. Acceptance of additional or different terms must be specifically assented to in writing by Company.

Federal Projects (This applies to Federal and Federally Funded Projects only): Siemens represents that it is providing "commercial items" and services for sale within the definition of FAR 2.101. In keeping with its commercial market participation. Siemens is categorically exempt from any Cost & Pricing Data requirements. Siemens utilizes a commercial accounting system under International Financial Reporting Standards (IFRS); and is technically unable to comply with Federal Cost Accounting Standards & Certification and any FAR 31 requirements. Siemens Industry, Inc. is a Foreign Owned, Controlled, or Influenced ("FOCI") firm, under the definition contained in the National Industrial Security Program Operational Manual ("NISPOM") and cannot obtain a security clearance, or perform work requiring its compliance with the FAR 52.204-2 "Security Requirements." Siemens does not anticipate receiving or having any access to any USG Controlled Unclassified Information (CUI) or Covered Defense Information (CDI) in the performance of this contract. However, in the event that any CUI/CDI will be required by Siemens in the performance of this contract, contractor/customer agrees to formally notify Siemens of its intent to transmit or provide CUI/CDI prior to the transmittal of any such information. In that event, Siemens will provide a plan in order to compliantly address the requirements of FAR 52.204-21, DFARS 252.204-7008, 252.204-009 and/or 252.204-7012. Siemens shall not be held responsible for determining, or providing, its compliance with any federal requirements including, but not limited to any Buy America/Buy American requirements, unless the contractor/customer has provided the SPECIFIC federal flow-down provisions to Siemens, and received Siemens affirmation of compliance with the same prior to issuance of any Purchase Order or Contract.

To the extent a contract arising from this Request for Quotation (RFQ) flows down the vaccination requirements of Executive Order 14042 or includes any FARs (Federal Acquisition Regulations), including, but not limited to FAR 52.223-99, Ensuring Adequate COVID-19 Safety Protocols for Federal Contractors, or includes a Defense Priority Ratings (DPR), these flow downs must be specifically identified in the RFQ and in the body of the purchase order issued to Siemens. The identification of these requirements is critical so Siemens may appropriately align its resources for compliant performance. Failure to clearly identify these flow downs prior to quotation submittal and/or purchase order execution may affect the price, delay the schedule, lead to additional reviews, and/or require cancellation of the order.

### **PURPOSE OF REQUEST:**

**Change Order Corrections Contract No. 21-1082-GC:** 

EXPLANATION – The 4 items below were included in this change order correction are to renumber and add clarity previously approved actions.

1. Delete former ACAA Board approved Change Order #8a in the amount of \$144,083.41. This Change Order was to replace fiber optic lines and conduits in conflict with the construction of the Terminal Expansion Project. The work was intended to be advanced by MLB Construction Services, LLC through the execution of the subject change order. The work was deemed a necessary upgrade to the Airport infrastructure and was not intended to be included in the scope of the Terminal Expansion Project. Subsequently, the subject Change Order #8a was paid for through a Claim Form as part of the 2024 Airport's Capital Plan for \$144.083.41.

This is a **NO COST** Change to MLB's Contract.

2. Delete former ACAA Board approved Change Order #9 in the amount of \$96,800.00. This Change Order was to provide the excavation for the fiber optic lines and conduits impacted by the construction of the Terminal Expansion Project. The work was intended to be advanced by MLB Construction, LLC through the execution of the subject change order. The work was deemed a necessary upgrade to the Airport Infrastructure and was not intended to be included in the scope of the Terminal Expansion Project. Subsequently, the subject Change Order #9 was paid for a Claim Form as part of the 2024 Airport's Capital Plan for \$96,396.90.

AGENDA ITEM NO: 11.2 MEETING DATE: April 16, 2025

This is a **NO COST** Change to MLB's Contract.

3. Delete former Change Order #10 in the amount of \$35,927.00. This Change Order consisted of work ADDED to the contract which included such items as steel fire-proofing, utility relocations, and shoring for \$273,508.00. The Change Order also included a DEDUCT in the amount of \$237,581.00 to reimburse ACAA for expenses related to the sanitary line, resulting in a net ADD of \$35,927.00. The justification to delete this change order is that the costs related to the sanitary line strike will be handled through an insurance claim that will result in direct reimbursement to ACAA.

This is a **NO COST** Change to MLB's Contract.

4. Request ACAA Board approval for a new Change Order #9. The work included in this request was previously discussed and reviewed under former change order #10 as stated in item 3 above and represents just the ADD portion of work for \$273,508.00.

### **CONTRACT AMOUNT:**

| Base:            | \$32,796,900.00                                     |
|------------------|---|
| Change Order #1  | 49,999.00 - ACAA Approved 01/23/2024                |
| Change Order #2  | 49,999.00 - ACAA Approved 01/23/2024                |
| Change Order #3  | 49,999.00 - ACAA Approved 01/23/2024                |

#### **PAYROLL**

(For Contractor's Optional Use; See Instructions at www.dol.gov/whd/forms/wh347instr.htm)

Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. Rev. Dec. 2008 NAME OF CONTRACTOR OR SUBCONTRACTOR 7 131 Tivoli Street OMB No.:1235-0008 Expires: 04/30/2021 Albany, NY 12207 M. Sullivan Construction PROJECT OR CONTRACT NO. FOR WEEK ENDING PROJECT AND LOCATION PAYROLL NO. Albany International Airport 02/10/2024 (1) (2) (3) (4) DAY AND DATE (5) (5) (7) (9) (8) DEDUCTIONS S W F NET NAME AND INDIVIDUAL IDENTIFYING NUMBER GROSS WITH-WAGES (e.g., LAST FOUR DIGITS OF SOCIAL SECURITY WORK TOTAL RATE AMOUNT HOLDING TOTAL PAID NUMBER) OF WORKER CLASSIFICATION HOURS WORKED EACH DAY HOURS OF PAY EARNED FICA TAX OTHER DEDUCTIONS FOR WEEK \$182.70 Rvan Tymchyn 1793 White Male Laborer 11 Fullers Lane \$162.60 \$80,72 \$179.35 \$422.67 \$1,184.67 Clarksville, NY 12041 5.00 36.54 5,00 \$1,607.34

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act
(40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "turnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

#### Public Burden Statement

We estimate that is will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room \$3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) and publishions at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and laborer or mechanic has been paid not less than the proper Davis-Bacon provailing wage rate for the work performed, DOL and federal contracting agencies receiving this information revew the information to determine that employees have received legally required wages and fining benefits.

#### Public Burden Statement

We estimate that is will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room \$3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contractors performing work on Federally financed or assisted construction contracts to "turnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5.(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and that each taborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting egencies receiving this information review the information to determine that employees have received legally required wages and finding ependits.

#### Public Burden Statement

We estimate that is will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete acent that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information to determine that employees have received legally required wages and fringe benefits.

#### Public Burden Statement

We estimate that is will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor. Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contractors performing work on Federally financed or assisted construction contracts to "turnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C,F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and contracting for or financing this information review the information to determine that employees have received legally required wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and finance.

#### Public Burden Statement

We estimate that is will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing time for reviewing time for reviewing instructions, including suggestions for reducing this burden, send them to the Administrator. #### FISCAL IMPACT - FUNDING (Dollars or Percentages)

Federal 40% State 60% Airport N/A

Term of Funding: 2023-2025

Grant No.: N/A STATE PIN: N/A

AGENDA ITEM NO: 11.1 MEETING DATE: October 15, 2024

#### JUSTIFICATION:

Request to approve Change Order No. 10 for Contract No. 21-1082-GC for the Pre-TSA Terminal Expansion to qualified low bidder MLB Construction Services, LLC Malta, NY. This Change Order is due to the discovery of additional staging needs discovered as demolition and construction progresses. Items such as two additional egress plans, additional fireproofing, a slab modification and additional column shoring to allow for foundation work valued at \$273,508. Additionally there are several credits included in this Change Order valued at \$237,581, all of which are associated with expenses the Contractor is reimbursing ACAA for. The credits are due to a micropile being driven through the Terminal septic line.

#### **CHIEF EXECUTIVE OFFICER'S RECOMMENDATION:**

Recommend approval.

FINAL AGREEMENT SUBJECT TO APPROVAL BY COUNSEL: YES ✓ NA\_\_\_\_\_

#### PROCUREMENT DEPARTMENT APPROVAL:

Procurement complies with Authority Procurement Guidelines and Chief Financial Officer has approved. YES\_\_\_\_\_\_ NA\_\_\_\_

#### **BACK-UP MATERIAL:**

Please refer to the attached Change Order #10 backup information compiled by Turner Construction Company.

Change Order 10: Authorization to Award Contract Change Order #10 to Construction Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB Construction Services, LLC.

AGENDA ITEM NO: 11.3 MEETING DATE: April 16, 2025

## ALBANY COUNTY AIRPORT AUTHORITY REQUEST FOR AUTHORIZATION

**ACAA Approved** 

**DEPARTMENT:** Planning and Engineering

04/16/2025

Contact Person: John LaClair, P.E., Chief Engineer

#### **PURPOSE OF REQUEST:**

Change Order 10: Authorization to Award Contract Change Order #10 to Construction

Contract 21-1082-GC for the Pre-TSA Terminal Expansion to MLB

Construction Services, LLC.

#### **CONTRACT AMOUNT:**

\$32,796,900.00 Base: Change Order #1 49,999.00 - ACAA Approved 01/23/2024 Change Order #2 49,999.00 - ACAA Approved 01/23/2024 Change Order #3 49,999.00 - ACAA Approved 01/23/2024 **Change Order #4** 113,499.81 - ACAA Approved 01/23/2024 188,732.19 - ACAA Approved 01/23/2024 **Change Order #5** Change Order #6 344,659.00 - ACAA Approved 02/12/2024 No Cost - ACAA Approved 03/18/2024 Change Order #7 115,765.00 - ACAA Approved 05/09/2024 Change Order #8 273,508.00 - ACAA Approved 10/15/2024 Change Order #9 260,909.00\* Change Order #10 \$34,243,970.00 Total:

#### **BUDGET INFORMATION:**

Anticipated in Current ALB Capital Plan: Yes / No\_NA

Funding Account No.: CPN 50-2021

#### **AWARD CONDITIONS MET:**

Apprenticeship  $\sqrt{\phantom{a}}$  DBE  $\sqrt{\phantom{a}}$  MWBE  $\sqrt{\phantom{a}}$ 

Service Disable Veteran Owned Business (SDVOB) N/A

#### **FISCAL IMPACT - FUNDING (Dollars or Percentages)**

Federal 40% State 60% Airport N/A

**Term of Funding:** 2023-2025

Grant No.: N/A STATE PIN: N/A

<sup>\*</sup>Pending approval at this meeting.

AGENDA ITEM NO: 11.3 MEETING DATE: April 16, 2025

#### **JUSTIFICATION:**

Request to approve Change Order #10 for Contract # 21-1082-GC for the Pre-TSA Terminal Expansion to qualified low bidder MLB Construction Services, LLC Malta, NY. This Change Order is requested due to changes to the contract work due to the existing conditions not conforming to the as-built documents. There was additional work required at column line B, the connectors to the garage and the elevator shafts roof. Also there are two items in this C.O. for approved overtime work for the steel erector to help maintain the project schedule and the demolition subcontractor. There is the addition of a steel sleeve to protect the terminal sanitary line during the demolition and construction of new footings. Included in a change to elevators #4 & 5 cab openings that required the removal of additional material discovered after the main demolition was completed. Lastly, there are also some smaller items that are included in this C.O.

#### **CHIEF EXECUTIVE OFFICER'S RECOMMENDATION:**

Recommend approval.

FINAL AGREEMENT SUBJECT TO APPROVAL BY COUNSEL: YES ✓ NA\_

#### PROCUREMENT DEPARTMENT APPROVAL:

Procurement complies with Authority Procurement Guidelines and Chief Financial Officer has approved. YES\_\_J\_\_\_\_NA\_\_\_

#### **BACK-UP MATERIAL:**

Please refer to the attached Change Order #10 backup information compiled by Turner Construction Company.

## **PROPOSAL**

| SUBMITTED TO: Rob Wagner Turner Construction Company 1 Computer Drive South Albany, NY 12205 | PROJECT NAME Albany Airport Terminal Expans |                                 |  |  |  |  |
|--|---|---------------------------------|--|--|--|--|
|  | PROJECT NO<br>23-110                        | DATE 10/4/23                    |  |  |  |  |
|  | PROPOSAL NO.                                | PROPOSAL AMOUNT<br>\$ 18,500.88 |  |  |  |  |

Per NOC 4 dated 10/4/2023, MLB Construction Services LLC is pleased to present our proposal for the following:

ASI 001 assoicated with changes to Elevators 2/3 at levels 1 through 5 between Grid Lines G-18.4 and G-18.8. These changes will have additional concrete forming materials and labor, drilling and doweling steel reinforcing and materials, placement of concrete at these locations (labor and material) and striping of forming material and clean up of completed task.

The Concrete Placement will require a Concrete Pump to convey the concrete into the Formwork.

| Description                         | Labor      | Material          | Equipment | Subcontract | Other     | Price       |

| Albany, NY 12205                                   | PROPOSAL NO.<br>70R1                 | PROPOSALAMOUNT<br>\$ 50,373.00 |  |  |

Per NOC 70R1 dated 7/10/2024, MLB Construction Services LLC is pleased to present our proposal for the following:

As discussed at the 7/9/24 weekly project meeting, Turner Construction asked MLB to proceed with an as-built survey of all the unknown conditions at the terminal facade. In an effort to assist with keeping the project moving forward, MLB brought in a hydrovac truck that will be included in the final cost as the majority of these items are not shown on the plans.

Additionally, Turner Construction directed MLB to proceed on T&M with the removal off all the existing concrete not shown on the plans.

| Description  | Labor | Material     | Equipment   | Subcontract | Other     | Price       |
|--|-------|--------------|-------------|-------------|-----------|-------------|

### **CHANGE ORDER**

Bid Item No.: BASE Job No.: 34110288 Job Description:

Terminal Expansion - Site Work

Original C/O Date:

08/14/24

Revised C/O Date:

Sell To: M11159

AAA Reinforcing LLC

eml inv's to: aaareinforcingllc@yahoo.com

Change Order Description:

Field Changes

TCR-TXS-20 / CO-0012

| Description   | Туре | Quantity | Unit Price | Line Amount |
|---------------|------|----------|------------|-------------|
|               |      |          |            |             |
| Field Changes | Add  | 1 LS     | \$3,200.00 | \$3,200.00  |

The purpose of this change order is to capture the rebar change and re-detailing time caused by design changes at the foundation level. This design change is shown in NOC #71 BP-02 ASI 62 drawing set sheets FO-101T & FO-500 dated 07/09/24. The design changes include revision to the mat footing reinforcement to accommodate an added sewer pipe line, and revision to the column encasement at grid A/X-9; thereby affecting drawings R07 & R08. Approx 4500 LBS and Revision time.

Total:

\$3,200.00

Addition To Contract

Customer: Harris - Massachusetts

Job Type: Lump Sum

#### **Cover Page Comments:**

\*\*Please note that estimated quantities shown within this estimate have no "Waste" Factors added. The Sales person shall add in this at their own will.

The purpose of this change order is to capture the rebar change and re-detailing time caused by design changes at the foundation level. This design change is shown in NOC #71 BP-02 ASI 62 drawing set sheets FO-101T & FO-500 dated 07/09/24. The design changes include revision to the mat footing reinforcement to accommodate an added sewer pipe line, and revision to the column encasement at grid A/X-9; thereby affecting drawings R07 & R08.

TCR captured all of the changes into 2 categories of either "ADD" or "DED" (deduct). The "ADD" and "DED" were then combined to arrive at a "NET" change for this change order.

Attn: Mr. Brian Carmer

Airport Terminal Expansion

Albany, NY

BP-02 - X-023 / CCA-025

Dear Mr. Carmer,

We are pleased to submit our quotation for scope changes per the documents issued under X-023 for the above referenced project.

Pricing Impact:

\$3,364

Schedule Impact:

Adds (1) day to the schedule of Seq. 8

This quotation is based on the following:

- 1. Based on the Lera response to RFI-193.
- 2. Includes only the roof frame at B.2/9 (Seq. 8), and excludes the referenced potential roof frame at B.2/10-11 (Seq. 10).
- 3. Fire watch has been included for the hot work.
- 4. This quote is based on all the conditions of the base contract work.

We thank you for the opportunity to submit our quotation and we look forward to a contract change order for this work.

Sincerely,

Carly Mansfield Project Manager

Rec'd TCCo PCO-116 08.06.24

### Request For Information

To: Jeffrey Lino

MLB Construction Services One Stonebreak Road Malta, NY 12020 CC: Patrick Pratico
MLB Construction Services

Subject: Terminal Roof Drain Interference with Structural Framing

Sent Via: Email

#### Requested Information:

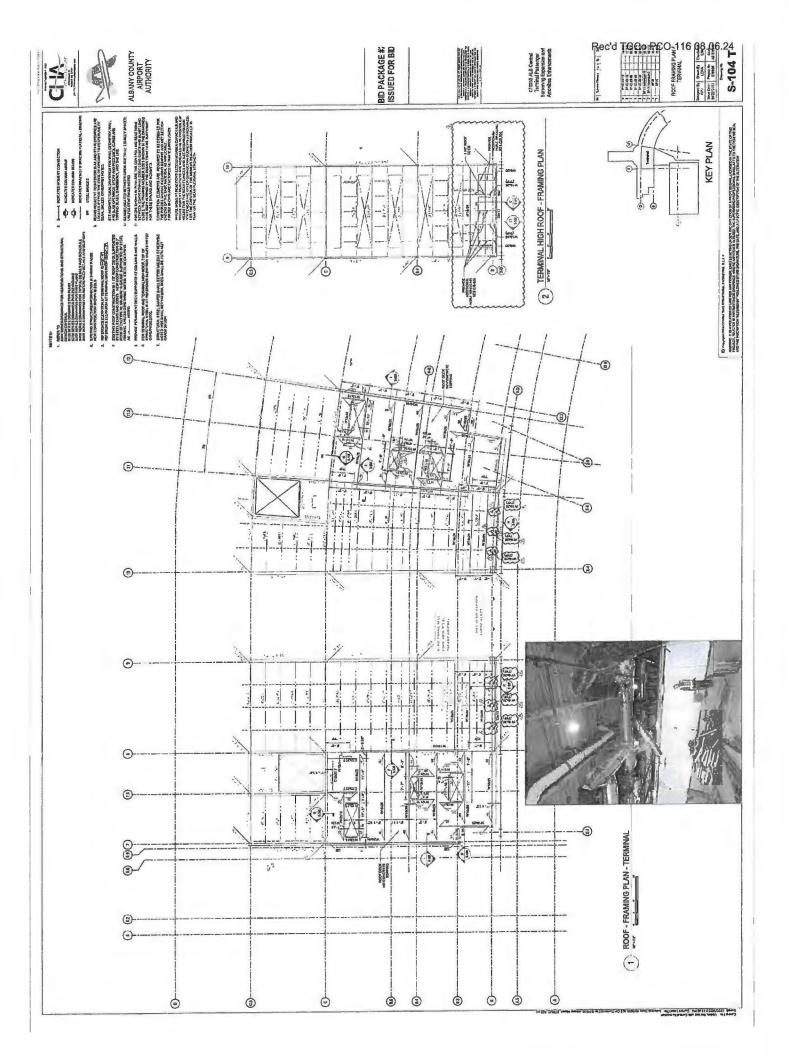

After field verifying the existing conditions at the terminal roof, an existing roof drain was identified that will interfere with the structural framing on S-104T.

Please advise on how to proceed.

The information requested above is crucial to the completion of the project. Please respond by 6/25/2024. If the requested response time is not met, the project may be delayed.

LERA Response (06-18-2024)

Shore as required, and cut the secondary framing at the existing roof drain to allow the added W16x26 beam to be installed. Attach the cut secondary framing to the web of the added W16x26.

RE: Albany Airport

Just so I can remember the conversion we just had next week. Keep the same unit price of \$3625.00/ EA

Any warranties on the parts and accessories sold hereby are made by the manufacturer. You understand and agree that we make no warranties of any kind unless expressed in writing. You hereby authorize us to perform the repair work herein set forth and to purchase the necessary material and parts to perform such repair work. You agree that we are not responsible for loss or damage to your vehicle or articles left in your vehicle in case of fire, theft, or any other cause beyond our control or for any delays caused by unavailability of parts or delays in part shipments by the supplier or transporter. In addition, you agree that we are not responsible for damages to your vehicle from freezing due to lack of antifreeze. You hereby grant our employees permission to operate your vehicle on streets, highways, or elsewhere for the purpose of testing and/or inspection. You acknowledge and agree that an express mechanic's lien on your vehicle is granted to secure payment of this invoice for the repair work detailed in this invoice. Lug nuts on wheels must be re-torqued after 50 miles, please return for free service.

### Activity

#### Question

Question from Patrick Pratico MLB Construction Services, LLC on Monday, Jun 10, 2024 at 05:48 PM EDT

The mat pile cap reinforcing shop drawings were approved and fabricated before the change in the mat cap dimensions was received.

In addition, the existing pile caps are shaped differently than indicated on the plans.

The result of the above is that the approved reinforcing which is on site will need to be modified to fit the reconfigured mat cap and obstructions. The reinforcing steel will need to be cut and a splice coupler or splice will have to be placed for the reinforcing steel to be the right length per the approved shop drawings.

Please review and advise how we should proceed. We cannot install the mat cap reinforcing until this is resolved and direction is given.

Bar Splice - Zap Screwlok.pdf, Dayton Superior Splice Couplers.pdf, FO-101 A FOUNDATION PLAN -ADDITION ASI-048.pdf, Garage Mat RFI Horizontal Bars discrepancy at top and bottom.pdf

### Official Response

Response from Rahul Joag LERA Consulting Structural Engineers on Wednesday, Jun 19, 2024 at 07:29 PM EDT LERA Response (06-19-2024):

We understand that mat pile cap reinforcing bars were detailed and the rebar lengths were fabricated by GC even before the existing field dimensions were verified in the field.

Therefore, in order to reuse the reinforcing bars at the site, Contractors proposal to cut/ modify lengths and splice the rebars using the attached splice couplers is acceptable to LERA. The final lengths of the reinforcing bars+splice couplers will be based on the actual field dimensions required for the mat footing.

Submit final rebar shop drawings for record and information of EOR.

Per NOC 79A dated 12/16/2024, MLB Construction Services LLC is pleased to present our proposal for the following:

With the structural steel portion of this change still being discussed, MLB is submitting the demolition (work complete) and rebar material (may be needed) separately from the steel.

\*\*PLEASE NOTE: FOLLOWING RFI-253 THE "BUMP OUT" EXTENTS REMAIN UNDEFINED. MLB HAS CARRIED THE COST OF THE REBAR MATERIAL SO THAT IT CAN BE ON SITE AND AVAILABLE BUT HAS EXCLUDED THE COSTS OF FORMING AND PLACING THE ADDED CONCRETE. THIS WILL BE HANDLED ON T&M/AS NEEDED AT A LATER DATE .\*\*

### **Nucor Rebar Fabrication Northeast LLC**

Change Order No.:

CO-0014

### **CHANGE ORDER**

**Approved By Customer** 

Bid Item No.; BASE

Job No.: 34110288 Job Description:

Terminal Expansion - Site Work

Original C/O Date: 09/03/24

Revised C/O Date:

Sell To: M11159

AAA Reinforcing LLC

eml inv's to: aaareinforcingllc@yahoo.com

Change Order Description:

TCR-TXS-22 / CO-0014

| Description          | Туре | Quantity | Unit Price | Line Amount |
|----------------------|------|----------|------------|-------------|
| TCR-TXS-22 / CO-0014 | Add  | 1 LS     | \$736.00   | \$736.00    |

The purpose of this change order is to capture the rebar change and re-detailing time caused by design changes to the foundation level, level 2, garage level 3, level 3 & garage level 4 of the superstructure. The design changes are shown in NOC #79 BP-02 ASI#77 drawing set dated 08/23/24 on marked up contract drawing sheets S-102 A, S-103 A, S-502, S-504, S-408 & A-317. The design changes include the addition of (2) #5 continuous bars & #5 hairpin bars @ 12"OC, and revision to the columns & slab on metal deck also causing reinforcement changes to rebar involved by the redesign; thereby affecting drawings R13, R19, R21 & R22. Approx. 200 Lbs and revision time.

Total:

\$736.00

**Addition To Contract** 

**Project Name: TERMINAL EXPANSION SITE WORK** 

, ME USA

**County: ALBANY** 

CITY REBARDETAILING, INC.

Engineer:

Customer: Harris - Massachusetts

Job Type: Lump Sum

#### **Cover Page Comments:**

\*\* Please note that quantities shown within this change order have no waste factor included. The sales person shall add a waste factor at their own will. \*\*

The purpose of this change order is to capture the rebar change and re-detailing time caused by design changes to the foundation level, level 2, garage level 3, level 3 & garage level 4 of the superstructure. The design changes are shown in BP-02 ASI#77 drawing set dated 08/23/24 on marked up contract drawing sheets S-102 A, S-103 A, S-502, S-504, S-408 & A-317. The design changes include the addition of (2) #5 continuous bars & #5 hairpin bars @ 12"0C, and revision to the columns & slab on metal deck also causing reinforcement changes to rebar involved by the redesign; thereby affecting drawings R13, R19, R21 & R22.

TCR captured all the purpose related reinforcement changes into two categories of either "ADD" (added material) or "DED" (deducted material). These categories were then combined to arrive at a net change of reinforcement for this change order.

#### Craig-

I don't believe we received a revised proposal but if my math is correct with the 8 hours the revised proposal is \$1,856. In reviewing Brians list it appears the majority of the work is administrative and covered in their OH+P and not related to detailing therefore we will offer \$1,500 for the change.

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Craig, here is what we have gone thru on this change:

Receive and review RFI 164

Receive and review RFI 186

Recall anchor bolt drawings from the field (MLB)

Recall anchor bolt drawings from the field (Midwest)

Revise steel model and update BIM files

Create revised AB placement drawings for 3 columns

Revise section details for 3 columns

Send revised details to checking team to assure accuracy

Send anchor bolt drawings for approval

Receive drawings back from approval and review comments

Create PO for epoxy anchors

Modify anchor bolt shop drawings to reduce original quantities of cast in anchors

Create drawing for epoxy rods for shop (receiving dept and shipping dept)

Issue revised drawings to GC in field -- both hard copies and electronic files

Issue revised drawings to erector in field – both hard copies and electronic files

Issue revised drawings to surveyor in field – both hard copies and electronic files

Create and issue change order to MLB

Receive and process change order once approved

I am not sure where Turner comes up with 2 hours, but the above all takes more than 8 man hours. We also sent a truck to pick up and deliver the epoxy anchors which we did not charge for which included a driver for 3 hours. This continuing reduction on each change order we propose is growing old.

We stand by our requested change.

Regards,

Additional Info:

All anchor bolts have been fabricated at this point. Changing the anchor bolts had the following ripple effect in detailing. Original column and anchor drawings had to be canceled. Model and drawings were updated with new information. Anchor bolt plans and column drawings were reissued. Those drawings were then resubmitted.

Question

Question from Craig Ditti MLB Construction Services, LLC on Thursday, Apr 25, 2024 at 12:08 PM EDT

Per the 4/24/24 LERA meeting, please have design provide revised details for the anchor bolts at columns G-E(2'-7 1/2") x G-17(3 1/2") as well as X-7 x G-17(3 1/2"). Currently, they are calling for all new anchor bolts but these columns will land fully (or partially) on existing concrete.

Official Response

Response from Rahul Joag LERA Consulting Structural Engineers on Monday, Apr 29, 2024 at 11:42 AM EDT

LERA Response (04-29-2024):

For the two indicated columns (near G-E/G-17 and G-E/X-7), the base plate will bear on the existing pile cap. Provide drill-in anchor bolts, located as shown in Detail B.1 in Drawing S-406. The drill-in anchor bolts shall be as shown in Detail B.5 in Drawing S-406.

Question

Question from Craig Dittl MLB Construction Services, LLC on Wednesday, May 29, 2024 at 04:27 PM EDT

Please confirm that a similar methodology provided in RFI-164 can be used for the column at X-6/X-2...this will fall on the existing pile cap at the South end of the garage.

existing bile cap at the South end of the garage

#### Official Response

Response from John Pugh LERA Consulting Structural Engineers on Monday, Jun 3, 2024 at 09:38 AM EDT

For the indicated column (at X-6 / X-2), the base plate will bear on the existing pile cap. Similar to the response to RFI 184, provide drill-in anchor bolts, located as shown in Detail B.1 in Drawing S-406. The drill-in anchor bolts shall be as shown in Detail B.5 in Drawing S-406.

Removal)

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

#### Craig-

We know MLB had equipment on site for other contract work being performed and a lift was not brought in to perform this work or the work associated with PCO-184 [NOC-95]. MLB is being charge \$3817 for the month or \$190.25/day for a 28 day bill cycle. A charge of \$250/day more than covers MLB's daily cost and still making a profit on the equipment.

Based on the above we will recommend PCO-153 [NOC-96] to be approved at \$3,060 vs \$3,464 and PCO-184 [NOC-095] to be approved at \$3,469 vs 4,727.

#### **EXTERNAL EMAIL - Please Handle Cautiously**

Joe,

As a follow up from a phone call I had with Derek and another follow up with LERA, the use of #4 bars in lieu of #5 bars from the email below.

Thanks, Jordan

Joe,

With respect to item #2 below, see below from LERA.

Add #5 U-bars at the corner to extend the horizontal reinforcing at the corner. Lap with the #8 U-bars, 1.7 LD for the #5.

Thanks,

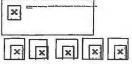

Jordan

Subject: [--EXTERNAL--]: Outstanding Questions

#### Jordan,

- 1. Have you pinged LERA regarding the pull testing of the Anchor Bolts? Yes, John Pugh is going to provide a response later today.
  - left a voicemail last week, but I didn't receive a return call. With the change in dimension for the elevator shaft, the #8 8H01 bars in the approved shop drawings, sheet R11 will be off by 4-3/4". We placed them per plan, leaving them off the corners slightly. Let us know if this is fine or we can even alternate each bar to provide additional support at the corner? FYI. The bar has been installed already having approximately 5-1/4" clearance from the face of the wall. Additional reinforcement will be required. LERA will provide a recommendation on what reinforcement needs to be added to the corners of the elevator shaft wall.
- 3. With the first concrete placement being 22' (-5ft to +17ft), the entire first lift will be placed with the waterproofing admixture. Can the water stop be eliminated as Per details (C on S-501 and A2 on A-406)? No, a water stop is still required. However, since the joint between the pit slab and walls will be vertical, a clay bar type waterstop should be used on the exterior of the highwall where it meets the slab before backfilling begins per the markup below.

a. Part 2. Is the entire high wall supposed to have waterproofing or just the pit? Note A on S-501 shows just the pit walls and slab. However, detail A2 kind of indicates the entire wall. Only the concrete in the pit needs to use the integral waterproofing admixture. The above grade walls don't require waterproofing additive.

These are high priority as they want to pour this week.

Thanks. Joe

Jeff-

You are correct the additional #4 bar will be an added cost to the project. Please track your time on a time and material basis, we appreciate you jumping on this. I will be having a discussion with the team to alleviate an issue like this in the future.

I have attached correspondence from CHA / Lera for your records.

Thanks.

Derek Petruzzo

#### **EXTERNAL EMAIL - Please Handle Cautiously**

Rob,

We are sending a truck for rebar tomorrow morning, running it to AAA Reinforcing so they can bend the extra hoop bars that will need to be placed into the first wall pour.

All we have is a verbal direction from Joe Johnson, nothing else. This is not the customary method for notice of change established.

As Joe Johnson is not our point of contact, we need confirmation from Turner that this is required.

MLB is willing to make this happen however, with the understanding that this is extra work that we will be compensated for.

Please confirm and provide info from CHA/Lera on this change so we have it for our records.

Subject: Elevator High Wall

I just heard from Marty that the design team wants to add rebar to the elevator high wall due to the additional 4" that was added to the depth of the shaft?

Is this correct?

Reinforcing for the first lift is installed and we are installing the forms on the outer face. We have concrete scheduled for Wednesday at 1PM.

It is a little late to be adding reinforcing.

RE: Airport Terminal Expansion

Albany, NY

PCO-164A & 164B

BP-02 - CCA-035.1 - Add T&M OT - Nov. 6, 2024 thru Nov. 16, 2024 - Rev 1

Dear Mr. Carmer,

We are pleased to submit our T&M pricing for overtime worked the weeks of Nov. 6, 2024 through Nov. 16, 2024. Please note that this is the first portion of T&M tickets for the overtime work. As additional overtime is worked it will be priced accordingly.

This pricing has been revised so that the labor rates are only inclusive of Base Rate, Fringes, and Taxes. No overhead or profit is included.

#### Pricing:

| MWS Crew (PCO-164A)             | \$6,047 |
|---------------------------------|---------|
| City Steel Deck Crew (PCO-164B) | \$ 780  |
| CCA-035.1 Total:                | \$6,828 |

Schedule Impact:

The overtime has been added to the six week lookahead provided weekly by Midwest Steel.

#### Clarifications:

- a. The base contract includes 40hr week field labor.
- b. Midwest Steel was directed by MLB and Turner to begin working overtime (9hrs Monday-Friday, Saturdays as needed).
- c. This pricing is based on the attached T&M tickets.
- d. Per diem is paid by the day to certain traveling workers. One traveler worked one Saturday, so his added day of per diem has been included.

We thank you for the opportunity to submit our quotation.

Sincerely,

Carly Mansfield Project Manager

RE: Airport Terminal Expansion

Albany, NY

PCO-164A & 164B

BP-02 - CCA-035.2 - Add T&M OT - Nov. 17, 2024 thru Nov. 30, 2024 - Rev 1

Dear Mr. Carmer,

We are pleased to submit our T&M pricing for overtime worked the weeks of Nov. 17, 2024 through Nov. 30, 2024. Please note that this is the second portion of T&M tickets for the overtime work. The first portion of T&M tickets was submitted under CCA-035.1. As additional overtime is worked it will be priced accordingly.

This pricing has been revised so that the labor rates are only inclusive of Base Rate, Fringes, and Taxes. No overhead or profit is included.

#### Pricing:

| MWS Crew (PCO-164A)             | \$2,426 |
|---------------------------------|---------|
| City Steel Deck Crew (PCO-164B) | \$ 0    |
| CCA-035.2 Total:                | \$2,426 |

#### **Schedule Impact:**

The overtime has been incorporated into the six week lookahead provided by Midwest Steel.

#### Clarifications:

- a. The base contract includes 40hr week field labor.
- b. Midwest Steel was directed by MLB and Turner to begin working overtime (9hrs Monday-Friday, Saturdays as needed).
- c. This pricing is based on the attached T&M tickets.
- d. Per diem is paid by the day to certain traveling workers. One traveler worked one Saturday, so his added day of per diem has been included.

We thank you for the opportunity to submit our quotation.

Sincerely,

Carly Mansfield Project Manager

Attn: Mr. Brian Carmer

RE: Airport Terminal Expansion

Albany, NY

PCO-164A & 164B

BP-02 - CCA-035.3 - Add T&M OT - Dec. 1, 2024 thru Dec. 15, 2024

Dear Mr. Carmer,

We are pleased to submit our T&M pricing for overtime worked the weeks of December 1, 2024 through December 15, 2024. Please note that this is the third portion of T&M tickets for the overtime work. The first two portions of T&M tickets was submitted under CCA-035.1 and CCA-035.2. As additional overtime is worked it will be priced accordingly. The labor rates are only inclusive of Base Rate, Fringes, and Taxes. No overhead or profit is included.

#### Pricing:

| MWS Crew (PCO-164A)             | \$5,009 |
|---------------------------------|---------|
| City Steel Deck Crew (PCO-164B) | \$ 368  |
| CCA-035.2 Total:                | \$5,377 |

**Schedule Impact:** 

The overtime has been incorporated into the six week lookahead provided by Midwest Steel.

#### Clarifications:

- a. The base contract includes 40hr week field labor.
- b. Midwest Steel was directed by MLB and Turner to begin working overtime (9hrs Monday-Friday, Saturdays as needed).
- c. This pricing is based on the attached T&M tickets.

We thank you for the opportunity to submit our quotation.

Sincerely,

Carly Mansfield Project Manager

RE: Airport Terminal Expansion

Albany, NY

PCO-164A & 164B

BP-02 - CCA-035.4 - Add T&M OT - Dec. 16, 2024 thru Dec. 31, 2024

Dear Mr. Carmer,

We are pleased to submit our T&M pricing for overtime worked the weeks of December 16, 2024 through December 31, 2024. Please note that this is the fourth portion of T&M tickets for the overtime work. The first portions of T&M tickets was submitted under CCA-035.1 through CCA-035.3. As additional overtime is worked it will be priced accordingly. The labor rates are only inclusive of Base Rate, Fringes, and Taxes. No overhead or profit is included.

Midwest Steel was authorized by MLB and Turner to work (4) hours per person at the double time rate on Sunday, December 22, 2024 to minimize the impacts to the Airport of the crane swinging across the road and being relocated from the terminal side to the garage side in the days leading up to Christmas. While we actually worked a (6) hour shift that day, I have only included the authorized (4) hours per person in this pricing.

### **Pricing:**

| CCA-035.4 Total:                | \$8,553 |
|---------------------------------|---------|
| City Steel Deck Crew (PCO-164B) | \$ 0    |
| MWS Crew (PCO-164A)             | \$8,553 |

**Schedule Impact:** 

The overtime has been incorporated into the six week lookahead provided by Midwest Steel.

#### Clarifications:

- a. The base contract includes 40hr week field labor.
- b. Midwest Steel was directed by MLB and Turner to begin working overtime (9hrs Monday-Friday, Saturdays as needed).

- c. Midwest Steel was directed by MLB and Turner to work double time on Sunday December 22, 2024 to minimize impacts to the Christmas travel period.
- d. This pricing is based on the attached T&M tickets.

We thank you for the opportunity to submit our quotation.

Sincerely,

Carly Mansfield Project Manager From:

RE: Airport Terminal Expansion

Albany, NY

PCO-164A & 164B

BP-02 - CCA-035.5 - Add T&M OT - Jan. 1, 2025 thru Jan. 11, 2025

Dear Mr. Carmer,

We are pleased to submit our T&M pricing for overtime worked the days of January 1, 2025 through January 11, 2025. Please note that this is the fifth portion of T&M tickets for the overtime work. The first portions of T&M tickets was submitted under CCA-035.1 through CCA-035.4. If additional overtime is authorized it will be priced accordingly. The labor rates are only inclusive of Base Rate, Fringes, and Taxes. No overhead or profit is included.

### Pricing:

| MWS Crew (PCO-164A)             | \$3,068 |
|---------------------------------|---------|
| City Steel Deck Crew (PCO-164B) | \$ 607  |
| CCA-035.5 Total:                | \$3,675 |

Schedule Impact:

The overtime has been incorporated into the six week lookahead provided by Midwest Steel.

#### Clarifications:

- a. The base contract includes 40hr week field labor.
- b. Midwest Steel was directed by MLB and Turner to begin working overtime (9hrs Monday-Friday, Saturdays as needed).
- c. MLB and Turner notified Midwest Steel that payment of the overtime premium would not be extended beyond January 11, 2025.
- d. This pricing is based on the attached T&M tickets.

We thank you for the opportunity to submit our quotation.

Sincerely, Carly Mansfield Project Manager

Re: Midwest OT

Authorized overtime ended Saturday 1/11/25.

#### Correction

Turner/ACAA has approved Midwest OT for Saturday 1/11.

On Jan 9, 2025, at 1:28 PM, Jeffrey Lino <Jlino@mlbind.com> wrote:

We had a conversation with Turner this afternoon. They said that after Friday (tomorrow) ACAA is not willing to pay for overtime premiums. Again, tomorrow is the last day that the OT premium will be paid by ACAA.

If you want to continue with OT work it will be at your cost.

Attn: Mr. Brian Carmer

RE: Airport Terminal Expansion

Albany, NY

BP-02 - RFI-284 / CCA-038

Dear Mr. Carmer,

We are pleased to submit our quotation for scope changes per the documents issued under RFI-284 for the above referenced project.

Pricing Impact:

\$933

Schedule Impact:

Adds (2) hours in Seq. 7.

This quotation is based on the following:

- 1. Field welding per the LERA sketch provided in RFI-284.
- 2. Fire watch is included for the hot work.
- 3. This quote is based on all the conditions of the base contract work.

We thank you for the opportunity to submit our quotation and we look forward to a contract change order for this work.

Sincerely,

Carly Mansfield Project Manager

### Activity

### Question

### Question from Gaby Rosario Turner Construction Company on Wednesday, Nov 27, 2024 at 09:10 AM EST

Existing W18x35 called out on S-102T between column lines 8+9 along gridline B is deflected and damaged. Please see the attached photos. The deflection in the beam is roughly 1 3/4" and there is a gouge on the beam closer to column line 9 as shown in the photos. Please advise.

Awaiting an Official Response

### **LERA Response** (12-02-2024)

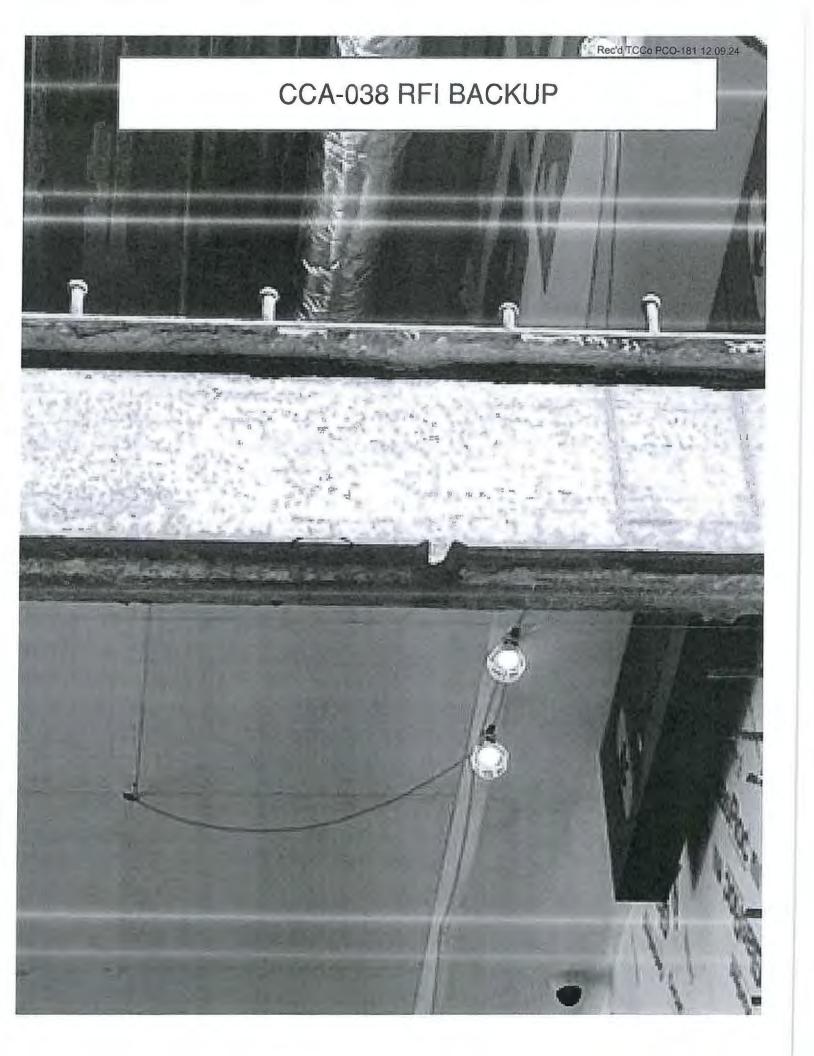

See attached for bottom flange repair plate for the damaged (E) W18x35. The Structural drawings show this W18 will later be encased in a concrete beam. The existing beam deflection does not need to be repaired.

Subject: RE: beam core damage

The last conversation we had regarding this beam was that you would be providing a correction for this damage and bowing of the beam.

Is this repair being designed?

Subject: FW: beam core damage

### Rob,

Following up on our conversation at yesterday's meeting regarding the cut in the existing beam flange, please see below pictures.

As I stated yesterday, the cut in the beam flange was existing prior to MLB performing any removals as documented in the pictures below. Apparently, in the past, someone core drilled through the masonry wall for new conduit runs. One of the cores drilled through the steel flange.

You can see in the pictures the conduits through the wall before removal and a close up of the damaged beam shows that it was a core not a clip.

If you need to see this close up we can take you up in a manlift.

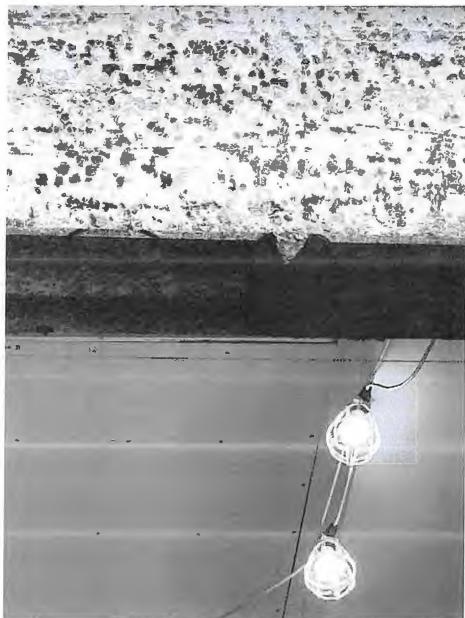

If this needs to be corrected, please have a repair detail prepared by the design team and we will have Stone Bridge provide a cost for this repair.

Let us know if you have any questions.

#### Craig-

We know MLB had equipment on site for other contract work being performed and a lift was not brought in to perform this work or the work associated with PCO-184 [NOC-95]. MLB is being charge \$3817 for the month or \$190.25/day for a 28 day bill cycle. A charge of \$250/day more than covers MLB's daily cost and still making a profit on the equipment.

Based on the above we will recommend PCO-153 [NOC-96] to be approved at \$3,060 vs \$3,464 and PCO-184 [NOC-095] to be approved at \$3,469 vs 4,727.

Question

Question from Patrick Pratico MLB Construction Services, LLC on Thursday, Oct 3, 2024 at 09:45 AM EDT

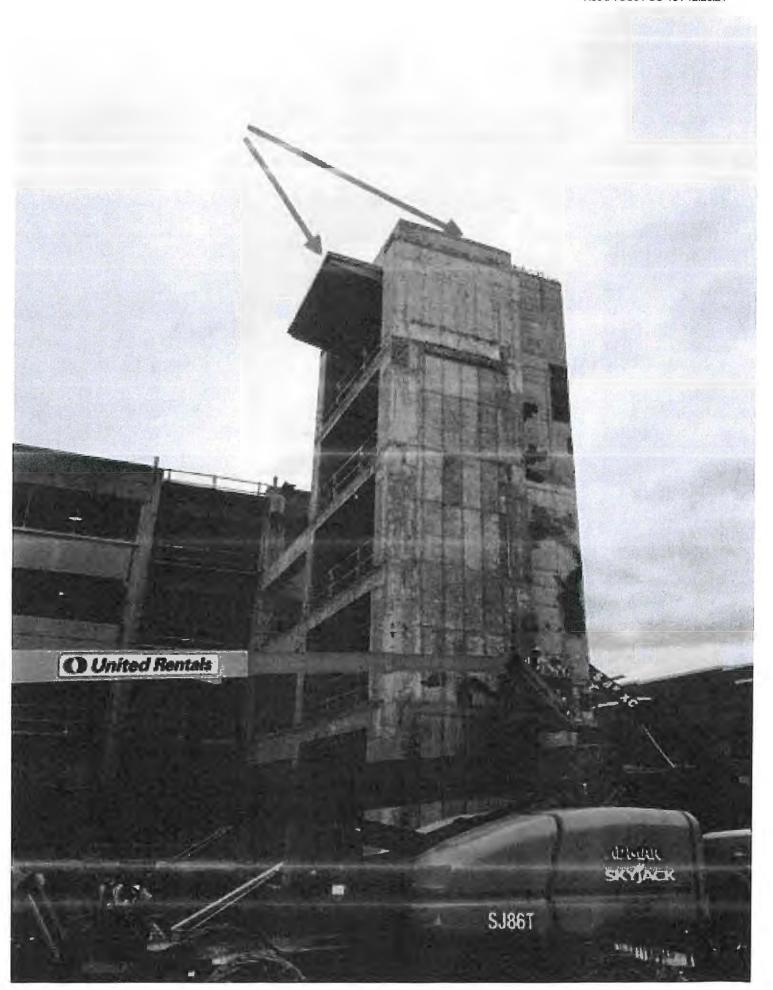

Please see attached picture. The demolition drawings do not indicate what is to be done with the existing aluminum panels. Please clarify extent/scope of what is to be done.

**Attachments** RFI.jpg

Awaiting an Official Response

Remove existing aluminum panels and associated fasteners and dispose of them.

T. Cirillo, CHA 10-8-24

#### **EXTERNAL EMAIL -- Please Handle Cautiously**

Rob/Eddie - where are we at with those last couple items below? Could you give Josh and I an update please?

Thank you

Craig Dittl, Senior Project Manager MLB Construction Services, LLC Cc: Jeffrey Lino < <u>Jlino@mlbind.com</u>>
Subject: Albany Airport Expansion, BP-2: Outstanding Jackson T&M Clean-up

#### **EXTERNAL EMAIL -- Please Handle Cautiously**

All – here is a summary of what we discussed on Thursday. I've added Eddie here as well. Rob/Eddie – if you could provide feedback next week I'd like to allow Josh to be able to report to his CFO for year-end as we discussed.

- T&M #1 (2/26, 2/27): We agreed for MLB and TCCo to both review the photos and daily logs. In my research, I have found Jackson's tickets appear to be accurate. On our daily reports, on 2/26 DLC was installing conduit for ASI-016 and Sullivan was backfilling related to that relocation. On 2/27, Sullivan was continuing excavation for ASI-016. Both of which would have in fact made some areas inaccessible for Jackson. Now, I will add that Rob's comment is correct that the MLB reports do say Jackson was working on Rotunda demolition. However, I did find photos that show that demo was limited to clean-up on the South side. The North side of the elevator shaft was inaccessible (attached). What Jackson is billing for are the UHD and the boom...what they were using while doing the clean-up would have just been the excavator in the photo. OH&P would need to be reduced to 10% per the special provisions. Agreed for equipment remove labor from cost proposal
- T&M #2 (3/8 through 3/13 were fine, dates in question were 3/18 through 3/21): Rob mentioned that there was a clean report for the oil by I believe 3/13 so he wasn't sure about the later tickets. What I pointed out is that MLB still needed to grout the cylinders and remove the existing piston casings. Based on my research, MLB did not grout those casings until later in the month but the removals of the cylinders at the current grade level certainly could have been happening. However, what I did find was an email from Gaby on 3/22 where we were given the direction to proceed with that work. So in saying that, I don't think it's too far-fetched to think Jackson would have still been holding off in that area. I will also add that the MLB daily reports for 3/18 through 3/21 all indicate that Jackson was only doing handwork at the garage elevator and terminal as well as some clean-up...so they were not using the equipment that is being charged and there would need to be a reason. OH&P would need to be adjusted to 10%. Agreed
- T&M #3 (3/14, 3/15): There was no issue here...OH&P just needed to be adjusted to 10%. Agreed
- T&M #4 (3/23, 4/22 through 4/26, 4/27, 4/29, 4/30): There was no issue here...OH&P just needed to be adjusted to 10%. Agreed
- T&M #5 (3/26): There was no issue here...OH&P just needed to be adjusted to 10%. Agreed
- T&M #6 (4/9 PLUS Mullins Invoice): I mentioned this was related to the fact that the project was going to lose Sperry. We had collectively decided Jackson would demo what they needed to in order to get Sperry in on the terminal side and would have to proceed with terminal demo at a later date. That statement is incorrect as it related to the 4/9 ticket. Sperry was set up and drilling at the garage elevator pit based on the daily reports. Being honest, I cannot find any reasoning for any delay at the terminal façade in my emails or daily reports as it related specifically to 4/9. Our daily report actually lists Jackson as working on mechanical demo at the façade that day. Josh, I'm not sure if you have more information on that one. As for the Mullins invoice, my statement is valid and that was the reason. The Mullins invoice, however, would be valid. Sperry was pushed out for a number of reasons from my recollection...we had ASI-016, the 2' bust in the design grid, we had the oil issue (noted above), etc. We believe this cost is an internal cost as the demo of the front facade was a delay caused by MLB stemming form the longer duration to install the temporary wall, hand removals and removals of the interior L2 slabs on deck etc.

T&M #7 (5/19): This is an MLB item and was not sent to Turner.

**Term of Funding:** 2023-2025

Grant No.: N/A STATE PIN: N/A

AGENDA ITEM NO: 11.4 MEETING DATE: April 16, 2025

#### **JUSTIFICATION:**

Request to approve Change Order #11 for Contract # 21-1082-GC for the Pre-TSA Terminal Expansion to qualified low bidder MLB Construction Services, LLC Malta, NY. This Change Order is requested due to changes to the contract work due to the existing conditions being different than as-built plans showed. There were utilities that were not where the plans located them and had to be worked around. There were some structural steel modifications including additional welding, connection reinforcing, bracing for the third floor west mechanical room and replacement of a connection beam to the existing garage to maintain clearances. Also included are repairs and rerouting of existing hydronic (heating) lines across the front of the Terminal to insure that there was heat for the winter. A backup generator is included to keep the north garage powered up. The extension of the temporary generator rental time is included in this Change Order. The sprinklers were relocated on the west side service area to accommodate access for the Uncommon Grounds concession area.

#### CHIEF EXECUTIVE OFFICER'S RECOMMENDATION:

Recommend approval.

FINAL AGREEMENT SUBJECT TO APPROVAL BY COUNSEL: YES / NA

#### PROCUREMENT DEPARTMENT APPROVAL:

Procurement complies with Authority Procurement Guidelines and Chief Financial Officer has approved. YES\_\_J\_\_\_\_ NA\_\_\_

#### **BACK-UP MATERIAL:**

Please refer to the attached Change Order #11 backup information compiled by Turner Construction Company.

Change Order Description:

TCR-TXS-21 / CO-0013

| Description          | Туре | Quantity | Unit Price  | Line Amount |
|----------------------|------|----------|-------------|-------------|
|                      |      |          |             |             |
| TCR-TXS-21 / CO-0013 | Add  | 1 LS     | \$12,112,00 | \$12,112,00 |

The purpose of this change order is to capture the rebar change and re-detailing time caused by design changes to the foundation level. The design changes are shown in NOC #77 BP-02 ASI#71 drawing set dated 08/12/24 on marked up contract drawing sheets FO-101 A, FO-101 T, FO-500, FO-502 & S-101 A. The design changes include the addition of (3) #6 drill & anchor dowels top & bottom into the existing pile caps, the addition of (4) #11 top & bottom bars between columns X-D-8 & X-D-9, and the addition of mat slabs, grade beams & walls also causing reinforcement changes to rebar involved by the redesign; thereby affecting drawings R04, R07, R08 & R09.

Approx. 17,000 Lbs and Revision time.

Total:

\$12,112.00

#### **Cover Page Comments:**

\*\* Please note that quantities shown within this change order have no waste factor included. The sales person shall add a waste factor at their own will. \*\*

The purpose of this change order is to capture the rebar change and re-detailing time caused by design changes to the foundation level. The design changes are shown in BP-02 ASI#71 drawing set dated 08/12/24 on marked up contract drawing sheets FO-101 A, FO-101 T, FO-500, FO-502 & S-101 A. The design changes include the addition of (3) #6 drill & anchor dowels top & bottom into the existing pile caps, the addition of (4) #11 top & bottom bars between columns X-D-8 & X-D-9, and the addition of mat slabs, grade beams & walls also causing reinforcement changes to rebar involved by the redesign; thereby affecting drawings R04, R07, R08 & R09.

TCR captured all the purpose related reinforcement changes into two categories of either "ADD" (added material) or "DED" (deducted material). These categories were then combined to arrive at a net change of reinforcement for this change order.

0.00% \$0.00 Total \$33,799.79 Add

Additional Info:

Stiffener plates & DBA Couplers to be shop installed. Angle brace to be wire tied to the rebar cage. Yard crew will have to find columns 3C5 & 3C7, return them to the shop individually for work, and then return them to the yard for shipping. Two pipe sleeves are also required per this ASI. At this time (2) 12" pipe sleeve for 25' have been considered. The minimum length of pipe we can order is 42'.

RE: Airport Terminal Expansion

Albany, NY

BP-02 - NOC-077 / ASI-071 / CCA-027 - Rev 1

Dear Mr. Carmer,

We are pleased to submit our quotation for scope changes per the documents issued under NOC-077 / ASI-071 for the above referenced project.

Pricing Impact: \$901

Schedule Impact: Adds (1/2) day to the detailing of Seq. 7

This quotation is based on the following:

- 1. ASI-071 design drawings.
- 2. Field work scope includes:
  - a. Section A/S-202: Cut 2L5x5x3/8 angle per detail and weld to an assumed double angle support through the existing rebar.
- 3. The following details will be completed in the shop:
  - a. Details G & H/FO-500: Field weld full depth stiffener, both sides of column web. Weld total of (18) DBAs to column flange.
- 4. Fire watch has been included for the hot work.
- 5. This quote is based on all the conditions of the base contract work.

We thank you for the opportunity to submit our quotation and we look forward to a contract change order for this work.

Sincerely,

Carly Mansfield Project Manager
